MSc. Building and Construction Management

Aiming to develop a cadre of Construction Managers in Barbados and the Eastern Caribbean

2017-2018
The aim of this programme is to develop a cadre of Construction Managers in Barbados and the Eastern Caribbean. The programme is a strategic response to the demands of the Construction Sector for a pool of qualified Construction Managers.

The programme integrates international perspectives with the specifics of the Caribbean context, engaging participants in intensive and participative class seminars and projects, requiring both conceptual and practical thinking.

Objectives
The specific objectives of this programme are to:

• Extend the breadth and depth of management education in the Caribbean;

• Develop critical thinking and decision making skills, in the context of Construction Management;

• Prepare participants as experts in the area of Construction Management;

• Challenge participants through immersion in demanding, rigorous, rewarding learning experiences, both individual and team based;

• Ensure that participants can communicate well, both orally and in writing.

Entry Requirement
To qualify for entry to this programme, applicants should normally have at least a Second Class Honours degree or its equivalent. Non-degreed candidates, or candidates with Pass degrees who have other relevant qualifications and substantial experience, will be considered for entry on a case by case basis.

Duration
Part-time students have a maximum of 48 months and full-time students have a maximum of 24 months to complete all programme requirements.

Programme Structure/ Course of Study
Students are required to gain 43 credits through successful completion of 9 compulsory courses (3 or 4 credits), 3 not-for credit special skills workshops, a practicum component (6 credits) and a research paper (6 credits). The research paper is undertaken after completion of the Research Methods course.
