WELCOME FROM THE DEAN

Dear Students

Welcome to The Faculty of Culture, Creative and Performing Arts, the intellectual heart of cultural and creative studies at The University of West Indies—Cave Hill.

The Departments and programmes that comprise the Faculty of Culture, Creative and Performing Arts offer a rich array of courses leading to the degrees of Bachelor of Arts (BA), Bachelor of Fine Arts (BFA), Master of Arts (MA), Master of Philosophy (MPhil), and Doctor of Philosophy (PhD).

The Faculty of Culture, Creative and Performing Arts empowers students with a broad knowledge of essential fields of inquiry and with flexible skills that nurture cultural intelligence.

The Faculty promotes activities that contribute to the development of a Caribbean civic-mindedness and creative spirit through research and scholarship, the practice of creative arts, classes, lectures, workshops, seminars, master classes, symposia and outreach opportunities to schools and communities in the Caribbean and beyond. In a complex and interconnected world, students must learn how to critically navigate their way through cultural knowledge, data, and disparate forms of informational technology that together contribute to the full realization of human potentials. For this reason, this interdisciplinarity of the degrees in the Faculty of Culture, Creative and Performing Arts is suited to address new problems creatively. The interdisciplinary approach is essential in a rapidly-evolving world where careers are constantly changing in function and scope. The Faculty of Culture, Creative and Performing Arts is focused on extending the frontiers of knowledge through research. Please feel free to explore the degrees and courses within the Faculty.

Once again, I welcome you to the intellectual heart of cultural and creative arts at The University of West Indies, Cave Hill Campus.

ABOUT THE FACULTY

HISTORY

The Faculty of Culture, Creative and Performing Arts was established in October 2019 and officially opened on August 1, 2020. The Faculty comprises the Department of Cultural Studies, responsible for the delivery of all courses in cultural studies and the Department of Creative and Performing Arts, which offers the courses in the creative and performing arts.

WHY STUDY IN THE FACULTY

At the Faculty of Culture, Creative and Performing Arts, students critically examine how cultural practices and meanings are produced, circulated and changed over time including its application to the study and appreciation of the Creative Economy. Many influential thinkers the world over believe that culture and the creative economies are the defining characteristic of the twenty-first century. Societies which focus on community development by prioritizing the creative imagination are likely to improve productivity, innovation and achieve sustainable economic growth.

The Arts are a critical component in the study of culture and the creative economy. Students use theory and history to understand art and cultural expression as they explore their individual and collective identities and representations. In the areas of Film, Digital Media, Dance, Theatre or Music, students use this knowledge to critique and create exciting new ways of seeing, experiencing and sustaining the world in which we live.

The central aim of Cultural Studies and the Creative and Performing Arts is to promote the study of culture and cultural expression at The UWI as an important area of scholastic and creative inquiry and research and, by so doing, stimulate academic discourse, encourage creative practice, engage in community outreach and promote the understanding of Caribbean culture and identity regionally and within a broader global context.

In the Faculty of Culture, Creative and Performance Arts we situate our investigations of culture in a comparative framework that centers the Caribbean, and the broader African diaspora within an expansive global network. Through our theoretical and creative outputs, we recognize the social imperatives of our times while acknowledging the historical and socio-political structures that provide further contextual meaning to our critical and expressive exploration of our world.

DEFINITIONS OF KEY TERMS

The following are terms you are likely to encounter over the course of your programme.

Academic Year: The academic year normally runs from August 1 until July 31.

Academic Advising: All students are assigned an Academic Advisor on entry to the Faculty who is there to provide guidance in relation to their academic career. The name of your Academic Advisor appears on your Cave Hill Online Line (CHOL) account.

Academic Warning: A student whose GPA falls below 2.0 in any one semester will be placed on “academic warning”.

Award of Honours: Awards assessed on the student’s performance in all credits gained from Level II and Level III courses, inclusive of Capstone Thesis/Project and exclusive of Foundation Courses.

Co-Curricular Courses/Credits: Courses offered through the Office of Student Services, designed to complement your programme. Students are eligible for **no more than three (3)** co-curricular credits towards their degree.

Core Courses: Courses that are compulsory in the degree programme concerned.

Course Code: An alphanumeric code used to identify a course e.g. MUSC2400. The alpha part of the code identifies the subject area (e.g. MUSC is Music), while the first digit of the numeric part of the code identifies the level of the course (e.g. 2004 is level 2).

Credit/Credit Hours: This is the University’s way of measuring work towards a degree. To graduate, a student must complete a minimum number of credits/credit hours, normally 90.

Discipline: a field of study, inquiry, research or branch of knowledge, taught and researched at the university level.

Electives: Courses that are optional in the degree programme concerned and normally used to make up credits.

Exemptions and Credits: A student may be granted credits for courses completed and passed in other UWI programmes or at other recognised institutions.

Exemptions without Credit: Exemptions granted as above but not for credit. In this case, students will be required to replace the exempted course with another course to obtain the relevant credits.

Full-Time Registration: A student who is fully matriculated and therefore registered for not more than 15 and not less than 12 credits per semester. Full-time students should not be in full-time employment.

Grade Point Average (GPA): GPA is the average obtained by dividing the total grade points earned by the total

quality of hours for which the student is registered for any stated period of time, excluding hours on the foundation courses, audited courses and courses taken for preliminary credits.

Oral/Written Supplemental: Students in their final year who have failed **two** final courses needed to graduate with at least 45% may be eligible for an oral examination in the course(s).

Overrides: During the registration add/drop period, the override feature allows students to apply online to register for a course for which they have not met the course entry criterion and therefore have received an error prompt. Students can request overrides for full classes, missing prerequisite, etc. The requests are routed to the relevant department which has the discretion to grant overrides.

Part-Time Registration: A student who is admitted based on CSEC qualifications only must be registered as a Part Time student. Part-time students shall register for no more than 15 credits (2+3 courses or 6+9 credits) per academic year in the first level of the programme. Such students in possession of one A level, may register for no more than 9 credits per semester.

Plagiarism: A form of cheating and is a serious offence. See section of this Handbook on [University Regulations on Plagiarism](#).

Pre-requisite: A course that must be passed before enrolment in a desired class.

Programme: A sequence of courses (designed to achieve pedagogical goals), the taking of which is governed by certain regulations and the satisfactory completion of a minimum of which (determined by such regulations) makes a candidate eligible for the award of a degree/diploma/certificate.

Major: An area of study that requires a specific number of credits including prescribed courses from Levels I, II and III from a single discipline.

Matriculation: The process of enrolment into the University.

Minor: A specific number of credits including prescribed courses from Levels II and III from a single discipline.

Required to Withdraw: Students will be required to withdraw from the Faculty if, after receiving an academic warning, do not improve and have a GPA of less than 2.00 in the following semester.

Semester: Half-year term in the academic year, normally a 13-week period of instruction.

Special: A prescribed combination of courses offered which leads to a degree.

Summer School: Optional period of study governed by Summer School Regulations. This period of study is normally held from May to July each year. The courses offered in the Summer Session are not always the same each year.

Academic Advisors

Academic counselling is available for all students within the Faculty. Whether you need to discuss your academic progress, are experiencing difficulty in your academic programme, need help with your degree requirements, course selection etc., an academic advisor is available to assist you.

Each student is assigned an academic advisor for the duration of his/her undergraduate career and is advised to meet with this advisor at least once per semester. Students should contact their Department or check their CHOL account to learn who their academic advisor is and to arrange a meeting as early as possible.

Availability of Courses and Timetabling

The Faculty reserves the right to withdraw or to add courses as may be necessary or desirable. Except in cases of extreme emergency or difficulty, no course will be added or withdrawn during an academic year. The Faculty does not guarantee that all courses listed will be available this academic year. Additionally, timetabling constraints may impose restrictions on the combinations of courses permissible. Students are not permitted to register for courses that clash on the timetable.

Categories of Courses and Prerequisites

Each course is classified either as a **Foundation course** (FOUN) or as a **Faculty course**. All UWI students must take a minimum number of Foundation courses as part of their degree programme. Faculty courses are courses in various disciplines administered by Departments.

Each course is designated as appropriate to Level I, II or III, or as appropriate to more than one level.

Foreign Languages—Beginners' courses are offered in foreign languages.

Credit Weighting—Semester-long courses have a weighting of three (3) credits. Year-long courses, including the Level III course HUMN3901 Capstone Project, have a weighting of six (6) credits.

Prerequisites—Some Level II and Level III courses have prerequisites. For details on these, please consult the section in this handbook on Course Descriptions.

Co-Curricular Courses—A maximum of one (1) co-curricular course (3 credits) at either level II or III can count towards the overall number of courses for the degree. However, co-curricular courses, are awarded on a pass/fail basis and are not assigned quality points, therefore it is not used in calculating the class of degree.

Beginners' Foreign Language Courses

(6 credits maximum towards degree)

Beginners' courses may be offered in French, Spanish, Chinese, Portuguese and any other foreign language that may be added from time to time. Not more than two beginners' courses (total 6 credits) would be considered towards the credits required for the degree.

These courses are open to the following students:

- those who have no previous knowledge of the language concerned;
- those who have a limited knowledge of the language concerned, but no academic qualification;
- those with academic qualifications, but whose knowledge of the language is deemed by the Department concerned to be inadequate for admission to normal Level I courses.

Course Registration

APPROVAL OF COURSES FOR REGISTRATION

Prior to registering online (via the [CHOL](#) website) each semester, **students must consult with their Academic Advisors and/or the**

Faculty Office in selecting their courses. This is extremely important especially for students at Level III who have to satisfy the requirements for graduation.

CHANGES IN COURSE REGISTRATION

Students may make changes to their courses registration in each semester up to the add/drop deadline published by Student Affairs, Admissions. Changes in registration will not be permitted after the deadline date without the approval of the Dean. After the official deadline, students with good reason may request a **Late Withdrawal** from one or more courses through the Dean's office. A **Late Withdrawal** does not nullify the student's financial obligations to The UWI, neither does it impact the student's GPA.

NB: Students are responsible for checking their online registration to ensure that they are registered for the correct course(s), and/or have successfully de-registered from the course(s) they wish to drop. Registration for a course constitutes registration for the examination in that course and includes payment of relevant fees.

CREDITS AND EXEMPTIONS

Students transferring into Level I from another Faculty, or who have undertaken relevant studies at another tertiary institution, may request credits for, and/or exemptions from, Level I courses which are similar in content to those which they have successfully completed elsewhere. Such students should complete the appropriate credits/exemptions form available on the Faculty website or from the Faculty Office, giving specific information on the course followed, including the name of the course, the period of study, and the level and grade obtained. The granting of all credits and exemptions must be approved by Academic Board through Faculty Board. Students may be provisionally registered pending approval of their request.

NB: Students who receive an **exemption without credit** are required to do another course to make up for the number of credits.

Exemption with Credit

Exemption with credit may be granted from FOUN1101 Caribbean Civilization for students passing the CAPE Caribbean Studies at Grade I or II only.

Exemption without Credit

Exemption **without credit** may be granted from FOUN1006 Exposition for Academic Purposes for students possessing CAPE Communication Studies at Grade I or II only. However, the student must take another **level I course** for the three credits.

Faculty Prizes and Recognitions

The following undergraduate prizes or recognitions are awarded to students who have obtained a level of excellence in their academic studies.

DEAN'S LIST

The Dean's List is recognition of the outstanding performance of students in the Faculty of Culture, Creative and Performing Arts each academic year. The Dean's List does not carry any other recognition or prize.

To be eligible for the Dean's List (i) **full time students** should have completed 30 or more credit hours within the academic year with a cumulative grade point average (GPA) of at least 3.60. and (ii) **part-time students** should have completed 15 or more credit hours within the academic year with a cumulative grade point average (GPA) of at least 3.60.

FACULTY PRIZES

The Faculty prize is a level prize awarded to the undergraduate student in the Faculty with the best overall results within the academic year at each level. Prizes are awarded for Level I, II, and III of the degree programme.

HELEN CARNEGIE PRIZE FOR THE CREATIVE ARTS

This prize is awarded annually to the most deserving student in the Creative Arts.

Mr. Andrew Millington presents the 2019/2020 Helen Carnegie Prize for the Creative Arts to BFA Student Ms. Danielle Lloyd

STUDENT DISABILITY POLICY

“A reasonable accommodation is a modification to the delivery of instruction and method of assessment for a course, program, facility or service that seeks to eliminate or minimize disability-related barriers. It aims to facilitate the student’s learning experience and for the instructor to fairly evaluate the student's progress without interference from the disability.”

The UWI Cave Hill Student Disability Policy promotes “an inclusive campus that enables the productive participation of all students regardless of disability” and calls for the provision of accommodations for students with disabilities. Therefore, students with disabilities may receive reasonable accommodations to enable them to participate in all aspects of campus life. [Click here](#) to download the Disability Policy.

All students are required to meet approved standards of competency in all aspects of their work, and students with disabilities are no exception. The provision of an accommodation does not mean compromising the content, quality or level of instruction.

Preliminary Steps

Before coming to Cave Hill Campus find out about Services to Support persons with disabilities:

- Peruse the UWI website to find out about the services being offered, to support students' success.
- Prepare a list of questions and speak to the Disability Services Coordinator (DSC) in the Office of Student Services, if necessary.

UNIVERSITY REGULATIONS ON PLAGIARISM

In this Section:

Application of Regulations
Definition of Plagiarism
Evidence of Plagiarism
Student Statement on Plagiarism
Electronic Vetting for Plagiarism
Level 1 Plagiarism
Level 2 Plagiarism
Clearance of Charge of Level 2 Plagiarism
Level 2 Plagiarism—Appeal to Senate
Delegation by Dean or Head of Department
Conflict of Interest Disqualification

Application of these Regulations

1. These Regulations apply to the presentation of work by a student for evaluation, whether or not for credit, but do not apply to invigilated written examinations.

Definition of Plagiarism

2. In these Regulations, “plagiarism” means the unacknowledged and unjustified use of the words, ideas or creations of another, including unjustified unacknowledged quotation and unjustified unattributed borrowing

“Level 1 plagiarism” means plagiarism which does not meet the definition of Level 2 plagiarism;

“Level 2 plagiarism” means plagiarism undertaken with the intention of passing off as original work by the plagiariser work done by another person or persons.

3. What may otherwise meet the definition of plagiarism may be justified for the purposes of Regulation 2 where the particular unacknowledged use of the words, ideas and creations of another is by the standards of the relevant academic discipline a function of part or all of the object of the work for evaluation whether or not for credit, for example:

(a) The unacknowledged use is required for conformity with presentation standards;

(b) The task set or undertaken is one of translation of the work of another into a different language or format;

(c.) The task set or undertaken requires producing a result by teamwork for joint credit regardless of the level of individual contribution;

(d) The task set or undertaken requires extensive adaptation of models within a time period of such brevity as to exclude extensive attribution;

(e) The task set or undertaken requires the use of an artificial language, such as is the case with computer programming, where the use of unoriginal verbal formulae is essential.

4. It is not a justification under Regulations 2 and 3 for the unacknowledged use of the words, ideas and creations of another that the user enjoys the right of use of those words ideas and creations as a matter of intellectual property.

Other Definitions

5. In these Regulations,

“Chairman” means the Chairman of the relevant Campus Committee on Examinations;

“Examination Regulations” means the Examination and other forms of Assessment Regulations for First Degrees, Associate Degrees, Diplomas and Certificates of the University;

“set of facts” means a fact or combination of facts.

Evidence of plagiarism

6. In order to constitute evidence of plagiarism under these Regulations, there shall be identified as a minimum the passage or passages in the student’s work which are considered to have been plagiarised and the passage or passages from which the passages in the student’s work are considered to have been taken.

Student Statement on Plagiarism

7. When a student submits for examination work under Regulation 1, the student shall sign a statement, in such form as the Campus Registrar may prescribe, that as far as possible the work submitted is free of plagiarism including unattributed quotation or paraphrase of the work of another except where justified under Regulation 3.

8. Quotation or paraphrase is attributed for the purpose of Regulation 7 if the writer has indicated using conventions appropriate to the discipline that the work is not the writer’s own.

9. The University is not prohibited from proceeding with a charge of plagiarism where there is no statement as prescribed under Regulation 7.

Electronic vetting for Plagiarism

10. The results of any electronic vetting although capable, where the requirements of Regulation 7 are satisfied, of constituting evidence under these Regulations, are not thereby conclusive of any question as to whether or not plagiarism exists.

Level 1 Plagiarism

11. In work submitted for examination where the Examiner is satisfied that Level 1 plagiarism has been committed, he/she shall penalise the student by reducing the mark which would have otherwise been awarded, taking into account any relevant Faculty regulations.

Level 2 Plagiarism

12. Where an examiner has evidence of Level 2 plagiarism in the material being examined, that examiner shall report it to the Head of Department or the Dean and may at any time provide the Registrar with a copy of that report. In cases where the examiner and the Dean are one and the same, the report shall be referred to the Head of the Department and also to the Campus Registrar.

13. Where any other person who in the course of duty sees material being examined which he or she believes is evidence of Level 2 plagiarism that other person may report it to the Head of Department or the Dean and may at any time report it to the Campus Registrar who shall take such action as may be appropriate.

14. Where a Dean or Head of Department receives a report either under Regulation 12 or 13, the Dean or Head of Department, as the case may be, shall where in concurrence with the report's identification of evidence of Level 2 plagiarism, report the matter to the Campus Registrar; or where not concurring in the identification of evidence of plagiarism, reply to the examiner declining to proceed further on the report; or where concluding that there is evidence of Level 1 plagiarism, reply to the examiner indicating that conclusion and the Examiner shall proceed as under Regulation 11.

15. Where a report is made to the Campus Registrar under Regulation 14a or 16, the Campus Registrar shall lay a charge and refer the matter to the Campus Committee on Examinations.

16. Where the Campus Registrar receives a report alleging Level 2 plagiarism from the Examiner or any other person except the Dean or Head of Department, the Campus Registrar shall refer the matter to a senior academic to determine whether there is sufficient evidence to ground a charge of plagiarism and where such evidence is found, the Campus Registrar shall proceed as under Regulation 15.

17. Where the matter has been referred to the Campus Committee on Examinations pursuant to Regulation 15, proceedings under these Regulations prevail over any other disciplinary proceedings within the University initiated against the student based on the same facts and, without prejudice to Regulation 21, any other such disciplinary proceedings shall be stayed, subject to being reopened.

18. If the Campus Committee on Examinations is satisfied, after holding a hearing, that the student has committed Level 2 plagiarism, it shall in making a determination on the severity of the penalty take into consideration:

- a) the circumstances of the particular case;
- b) the seniority of the student; and
- c) whether this is the first or a repeated incidence of Level 2 plagiarism.

19. Where the Campus Committee is of the view that the appropriate penalty for an offence of Level 2 plagiarism is for the student to be:

- a) awarded a fail mark;
- b) excluded from some or all further examinations of the University for such period as it may determine;
- c) be dismissed from the University, it shall make such recommendation to the Academic Board.

Clearance on a Charge of Level 2 Plagiarism

20. A determination of the Campus Committee on Examinations that Level 2 plagiarism has not been found will be reported to the Campus Registrar who shall refer it to the Examiner and notify the student. Where the Committee has not identified Level 2 but has identified Level 1, it shall be reported to the Campus Registrar who shall refer it to the Examiner.

Level 2 plagiarism: Appeal to the Senate

21. A student may appeal to the Senate from any decision against him or her on a charge of plagiarism made by Academic Board.

Delegation by Dean or Head of Department

22. The Dean or Head of Department, as the case may be, may generally or in a particular instance delegate that officer's functions under these Regulations.

Conflict of Interest Disqualification

23. Any person who has at any time been an Examiner of work or been involved in procedures for laying charges in relation to which an issue of plagiarism is being considered under these Regulations shall withdraw from performing any functions under these Regulations other than those of Supervisor and Examiner.

A student who voluntarily withdraws from the University and who applies for re-admission within five (5) years shall be granted exemption and credit for courses previously passed, subject to the time limit for the maintenance of credits stipulated in the relevant Faculty Regulations and subject to the stipulation that the courses previously passed are not determined by the Board of the relevant Faculty to be obsolete.

(iii) Where exemption and credit are granted in accordance with (i), the grades obtained at previous attempts at such courses shall be used in the determination of the student's GPA.

16. A student who was required to withdraw for reasons of failure to progress, as prescribed in Faculty Regulations, may be readmitted on the following conditions:

(i) A minimum of one (1) year must have passed since the date of withdrawal;

(ii) All grades previously obtained shall continue to apply for the purpose of determining the student's GPA;

(iii) Work done during the period between the student being required to withdraw and being granted readmission may be eligible for credit under Regulation 11.

17. Where there is a conflict between Faculty Regulations and these regulations, these Regulations shall apply.

How to calculate your Weighted GPA

STEP ONE: A 'grade point' is assigned for every course in which you receive a final grade. For example, if you receive an A as a final grade, you will be assigned a grade point of 4.0.

STEP TWO: The grade point assigned for each course completed is multiplied by the 'credit hours' of the course to determine your 'quality points'. For example, if you receive a grade point of 3.7 [equivalent of letter grade A-] for a 3-credit course the quality points would be calculated as follows: $3.7 \times 3 = 11.1$ quality points.

STEP THREE: Your 'Weighted GPA' is the average obtained by dividing the total quality points earned in your programme to date by the total credit hours taken, excluding courses taken on a pass/fail basis, audited courses, courses taken for preliminary credit, incomplete courses and any other courses which do not count towards the class of degree according to Faculty regulations.

For example: 54 quality points earned divided by 15 credit hours [equivalent to five 3-credit courses] = a Weighted GPA of 3.6.

Give Back Barbados Programme

In 2018, the Barbados Government reintroduced the payment of tuition fees for Barbadian students. In return, it mandated that all Barbadian students 'give back' in the form of volunteer hours at various approved participating entities across the island. Students have the opportunity to OPT OUT of this programme by contacting the Ministry of Education, Technological and Vocational Training and arranging for the payment of their fees.

Requirements

Full-time students are required to complete 150 volunteer hours and part-time students 100 hours for each academic year (August 1—July 31).

Volunteer Opportunities at The UWI Cave Hill Campus

The Cave Hill Campus is also an approved entity. The Office of Student Services will publish available opportunities on the various social media platforms from time to time. You are also advised to check your Cave Hill email and the Campus App regularly.

Students should also note that volunteer hours can be gained by participating in the Vision and Fortitude program; Peer Mentorship program; FYE program and approved Clubs and Societies programs.

These regulations govern all undergraduate degrees offered in the Faculty of Culture, Creative and Performing Arts. Students should acquaint themselves with these regulations.

PROGRAMME REQUIREMENTS

MAJORS

1. A major is a student's principal subject of study. This means that students must do at least 12 core courses in the subject chosen for a total of 36 credits. Courses must be chosen according to the requirements specified by each discipline (see the various Requirements for Majors, in the Majors and Specials section).

SPECIALS

3. Students may seek to do a "Special" in a subject. This consists of 54 credits (18 courses) in the discipline and requires the permission of the Head of the Department. This evidently

reduces the number of courses outside the discipline which a student may opt to do.

N.B.: Normally, students will not be allowed to pursue a Minor along with a "Special".

MINORS

4. Although it is not compulsory for students to pursue a Minor with their Major, for those students who want to do so, there are structured Minors available in a variety of disciplines. Those students wishing to pursue a Minor must get approval from the Dean. Students should note that they cannot normally take up a Minor before completing at least six (6) courses at level I. At the end of their degree, students who have a declared Minor will be certified as attaining a Minor where they have fulfilled the requirement of the Minor in the discipline they have chosen. (A Minor will normally consist of at least 18 credits which must include at least fifteen credits at Level II/III, and including at least 3 credits at Level III). Students should note that

5. Students must note that approval to pursue out-of-Faculty or cross-Faculty Minors is not automatic. This requires the permission of the two Deans involved, and in some cases, the approval of one or both Faculty Boards. Minors taken from other Faculties will follow those Faculties' requirements, unless there are arrangements between the respective Faculties to vary the structure of the Minor.

Students should also note that taking Minors might require them to do additional credits, notwithstanding the stipulation that a degree in the Faculty of Culture, Creative and Performing Arts consists of at least 90 credits spread over the various levels.

FACULTY REQUIREMENTS

6. In addition to the requirements for the Major, the following information explains the Faculty requirements for the degree programme.

FOUNDATION COURSES

7. All students entering the Faculty are required to do four (4) Foundation courses for a total of twelve (12) credits by the time they graduate. Students are strongly advised to register for the Foundation Language courses, where eligible, in their first year.

NOTE: 'FOUN0100 Fundamentals of Written English' must be taken by students who have not passed, taken, or been exempted from the Proficiency Test in English before registering for any of the Foundation Language course. This course has no credits.

8. The Foundation course FOUN1006 Exposition for Academic Purposes is compulsory for all students entering the Faculty, unless otherwise specified.

(a) Students must also do either FOUN1003 Introduction to Creative Non-Fiction or FOUN1004 An Introduction to Argument as their second Foundation Course in English Language.

(b) In addition, students must do FOUN1201 Science, Medicine and Technology in Society and FOUN1301 Law, Governance, Society and Economy in the Caribbean, both of which are out-of-Faculty courses. Please refer all enquiries for these courses to the relevant Faculty.

(c) The Foundation Courses are:

Foundation Courses in English Language

FOUN1006 Exposition for Academic Purposes

FOUN1004 An Introduction to Argument

FOUN1003 Introduction to Creative Non-Fiction

The Foundation Language courses are administered by the Faculty of Humanities and Education

Out-of-Faculty Foundation Courses

FOUN1101 Caribbean Civilisation is administered by the Faculty of Humanities and Education.

FOUN1201 Science, Medicine and Technology in Society is administered by the Faculty of Science and Technology and the Faculty of Medical Sciences.

FOUN1301 Law, Governance, Economy and Society in the Caribbean is administered by the Faculty of Social Sciences and the Faculty of Law.

THE FOREIGN LANGUAGE REQUIREMENT

9. All students registered in the Department of Creative and Performing Arts who do not have at least CSEC General Grade II before 1998, or Grade III after 1998, or its equivalent in a foreign language are required to complete three (3) credits in one of the following beginners' foreign language courses at Level I of their programme:

CHIN1001 Chinese Language IA

FREN0101 Beginners' French

SPAN0101 Beginners' Spanish

PORT1001 Portuguese Language IA

ELECTIVES AND FACULTY ELECTIVES

10. An elective is a course (in any Faculty) which a student **chooses** (elects) to do, as opposed to a course which a student is **required** to do. In virtually all cases, electives are necessary in order to make up the required 90 credits for the degree.

11. As used in these regulations, the term "Faculty Elective" is an elective within the Faculty of Culture, Creative and Performing Arts, that is outside the students major area of study.

12. Students may acquire other credits outside their major requirements, needed to attain the total of 90 credits by doing:

Extra courses in the subject of their Major

Faculty electives: courses in other subjects within the Faculty

Out-of-Faculty courses: up to ten courses in other Faculties

Co-curricular Courses: Credit for a maximum of **one (1)** Co-curricular Course (level II or III) can be counted toward the overall number of credits for the degree (i.e. at least 90 credits). However, Co-curricular courses are assessed on a pass or fail (P/F) basis. They do not have a GPA rating and, therefore, not awarded quality points for use in calculating the **class** of degree.

Any permissible combination of the above.

CO-CURRICULAR COURSES

Enhance your Curriculum Vitae!

A maximum of three (3) credits of Co-curricular courses can count towards your degree.

Courses offered are:

- Sports Courses: Athletics, Basketball, Cricket Football, Netball, Volleyball
- Debating
- Leadership with Service
- Peer Education in Response to HIV/AIDS
- Using Photography to Document University Life
- Alcohol and Other Drugs of Abuse
- Student Entrepreneurial Empowerment Development (SEED)

REGISTRATION

(1) FULL-TIME PROGRAMME

a) A full-time student shall complete the degree programme in no fewer than six and no more than twelve semesters.

b) A full-time student should normally register for twelve to fifteen credits per semester, except in the case of the final two semesters of the degree programme in which a student may seek permission to register for a maximum of 21 credits each semester (including HUMN3901 Capstone/Thesis Project where required), to complete the degree.

c) A full-time student must:

- i) have full matriculation
- ii) devote his/her full time to study and not hold full-time employment;
- iii) A full-time Level I student must register for a total of ten courses for the academic year.
- iv) A full-time Level I student may seek permission to register for up to two extra courses, and the Dean may grant permission after an assessment of the student's academic potential. An extra course in the Level I programme, if passed, may be counted towards completion of the Level I programme if necessary, and the student not be required to indicate which is the extra course.

(2) PART-TIME PROGRAMME

- a) A part-time student shall complete the degree in no fewer than eight and no more than eighteen semesters. A student with lower level matriculation must register as a part-time student.
- b) Part-time students at Level I (as identified in (a)), must take 15 credits in their first year of registration. These must include the two English Language Foundation courses (unless exempted). However, a student who has at least one A' Level may do 18 credits (6 3-credit courses) in the first year of registration if the Dean is satisfied that he or she has adequate time and academic potential to cope with the extra load.
- c) A part-time student with full matriculation (i.e. having at least two A' Levels or an Associate Degree with a GPA of 2.50 on entry to the University) should normally register for 12 to 18 credits in an academic year.
- d) Normally, a part-time student will be required to spread the Level I programme over four semesters. At least one Foundation course must be done in the first semester.
- e) A part-time student will not normally be permitted to register for Level II courses unless he or she has gained at least eighteen Level I credits.

(3) LEVEL II STUDENTS

- a) No student shall be permitted to register for Level II courses before completing the Level I programme, unless that student is simultaneously registered to complete the relevant Level I courses.
- b) It is the student's duty to ensure that he/she has the necessary prerequisites for the Level II courses for which he/she is registering. Any registration in breach of prerequisite requirements is invalid.

(4) LEVEL III STUDENTS

- a) No student shall be permitted to register for Level III courses before completing the Level I and Level II courses, unless the student is simultaneously registered to complete those courses.
- b) A student who fails a Level III course that is not compulsory, may either repeat it or substitute another Level III course.
- c) Exemption for credit in respect of courses done elsewhere or during a previous UWI studentship will not apply to the final year research paper./project.

- d) Registration for HUMN3901 Capstone/Thesis Project must take into consideration the rule on the maximum permissible load.

The responsibility in respect of prerequisites applies as at (*3b) above.

(5) CHANGING FROM PART-TIME TO FULL-TIME STATUS OR VICE VERSA:

- a) A full-time student who takes full-time employment in any year will be required to change to part-time registration.
- b) A part-time student with lower level matriculation may transfer to full-time status after gaining 24 credits (successfully completing 8 3-credit courses).
- c) A part-time student who becomes eligible for full-time status may change his/her registration by registering for the requisite number of courses up to the deadline for registration in any year.

6) ACADEMIC WARNING—A student whose term GPA falls below 2.0 in any one semester will be placed on “academic warning”. This is an alert to the student that they must improve their performance in the subsequent semester in order to continue in their programme. A student on academic warning is strongly advised to meet with his/her Academic Advisor before registering in the semester following. If the GPA remains below 2.00 in the subsequent semester, the student will be required to withdraw from the programme.

7) REQUEST TO WITHDRAW—Students will be required to withdraw from the Faculty if, after receiving a warning concerning their poor academic performance in one semester, do not improve and have a GPA of less than 2.00 in the following semester.

Students required to withdraw from the University may reapply for admission to the University after at least one academic year has lapse since their withdrawal.

8) EXTRA COURSES taken in the Level I programme will in no circumstances be submitted for credit in the Level II programme, or otherwise be counted towards the number of courses required for the Degree save as provided at 1(e) above. An extra course shall, however, count as satisfying the prerequisite for entry to other courses where it is so required.

Only two Beginners' courses may count towards the Level I programme, and no such course may form part of the Level II or Level III programme.

9) TRANSFERRING TO/FROM ANOTHER FACULTY

- a) Students wishing to transfer from one Faculty to another should note the details for application dates listed in the [Academic Calendar](#).
- a) [Applications](#) can be accessed through The UWI website. Students are to return the completed forms to the Faculty Office for approval by the Dean. Students should note that the transfer, once approved, will be processed in time for the new academic year, and that they will receive notification of approval from the Student Affairs office.
- b) Students transferring into Level 1 from another Faculty must satisfy the relevant matriculation requirements.
- c) Students transferring into the Faculty may apply for exemption from or credit for courses completed in another Faculty or institution. (Request for Exemptions Forms are available on the [Faculty website](#)).
- d) Exemptions with credit are not normally granted in respect of Level II or III courses. N.B.: Students who receive an exemption without credit are required to do another course to make up the credits.
- e) A transfer student with passes obtained in the Preliminary year in the Faculty of Science and Technology may use such passes for purposes of

matriculation, but may not obtain credit for any such passes.

- f) Permission will not be granted to vary the Faculty's requirements for registration in order to facilitate students who wish to transfer to another Faculty, but students who wish to do so, may apply to read extra courses in accordance with (8) above.

10) REGULATIONS FOR LEAVE OF ABSENCE

a) Application - A student who for good reason wishes to absent herself/himself from the degree programme must apply to the Faculty Board of the candidate's Campus through the Dean, for formal leave of absence stating the reasons for the application. The length of such leave of absence, if granted, will be subject to approval by the Academic Board of the Campus concerned, but will not normally exceed one academic year in the first instance, terminating at the end of the academic year for which the application is approved.

b) Time Limits - During a student's undergraduate career, leave of absence may be granted for one semester or for an academic year, up to a maximum of two academic years. Leave of absence, however, will not be granted for more than two consecutive years. A student requiring more leave after the maximum has been reached should request a withdrawal from the University and reapply at a later date.

c) Deadlines - Applications for leave of absence for a semester shall normally be submitted by the end of the third week of the relevant semester. Applications for leave of absence for the academic year shall normally be submitted by the end of the third week of Semester I (see the [ACADEMIC CALENDAR](#) for deadline dates).

EXAMINATIONS

Students should familiarise themselves with the current Examination Regulations as stated in the UWI EXAMINATION REGULATIONS FOR FIRST DEGREES, ASSOCIATE DEGREES, DIPLOMAS AND CERTIFICATES booklet (accessible through the [Examinations Section](#)).

1. A course may be examined by one or more of the following: written examination, oral tests, coursework, or any other method or combination of methods approved by Senate.

2. In some cases, an examination consisting of one written paper is held at the end of the semester. In others, there is a coursework component. It is the student's responsibility to ensure that coursework is submitted by the required date. Students who fail to meet this requirement will receive no marks.

3. A student failing a course that is not compulsory may substitute another course in a subsequent semester or may repeat the failed course. Note that all attempts will be calculated in your cumulative GPA.

4. In order for a student's registration to be deemed completed, his/her financial obligations to the University must have been fulfilled.

5. Registration for a course constitutes registration for the examinations in that course.

6. A student who has registered for a course but who wishes to withdraw from that course must de-register online (via [CHOL](#)) not later than the official date published by the Assistant Registrar, Admissions (see the ACADEMIC CALENDAR for deadline dates).

7. A student who does not sit the examination in a course

for which he or she is registered is deemed to have failed that examination, unless permission to withdraw has been granted by the Dean. This regulation shall not apply in cases of properly attested illness duly reported to the Campus Registrar in accordance with the University Examination Regulations.

8. Students may seek permission to register to write examinations without attending classes in not more than four courses in which examinations had been taken and failed. This permission must be granted by Academic Board on the recommendation of Faculty Board which shall require consultation with the Department concerned.

9. Examinations Regulations state that:

"Any candidate who has been absent from the University for a prolonged period during the teaching of a particular course for any reason other than illness, or whose attendance at prescribed lectures, classes, practical classes, tutorials or clinical instructions has been unsatisfactory, or who has failed to submit essays or other exercises set by his teachers may be debarred by the relevant Academic Board, on the recommendation of the relevant Faculty Board, from taking any University examinations."

Note: Debarment from the examination in a course will be recommended by the Faculty based on information supplied by the relevant Head of Department on unsatisfactory attendance. Students should note that attendance at tutorials is compulsory.

ORAL/WRITTEN SUPPLEMENTAL EXAMINATIONS:

10. The Board of Examiners may recommend to the Department concerned that a student who has failed the last

and only course required to complete the degree be offered an oral or written supplemental examination in that course, provided that he/she has obtained a mark of **45-49%** in the course. This also applies where the course failed was taken in Semester I and not repeated in Semester II.

11. If a supplemental is granted, the student may choose to decline the offer.

12. The supplemental, which will be a minimum length of one hour, will be held as soon as possible after the previous examination. The student must contact the Department concerned immediately on being notified by Examinations Section, so that arrangements may be made for the supplemental.

13. The supplemental examination will concern the course as a whole, and will not be restricted to the questions set in the examination which the student failed.

14. If the supplemental is passed, the student cannot be awarded a grade higher than C, and this grade will replace that previously gained for the entire evaluation in that course.

15. If he/she fails the supplemental, the student will not have the right of appeal or review.

16. A student will be allowed only one Supplemental Examination for any one course.

REVIEW OF EXAMINATION RESULTS

17. A student who is not satisfied with the result of an examination may request a review through the Examinations Section. Requests for review of Examination results must be made within the stipulated times outlined in the [Assessment Regulations](#) (Regulation 142 - 151). Late requests might be considered outside of this time frame where there are extenuating circumstances (such as the late submission of results by the examiner - in which case, the timeframe would be counted from the date of publication, i.e. the date the results are posted).

EXEMPTIONS GRANTED IN CASES OF ILLNESS

18. A candidate who has been absent through illness for one or more examinations held in respect of Level II or Level III courses may apply for exemption from these examinations provided that:

(i) no exemption shall be granted in respect of any course unless the candidate has successfully completed all the required work for the course and has achieved, in the opinion of his tutor(s) and of the Department, a satisfactory level of performance in the course;

(ii) no exemption shall be granted unless the candidate has obtained the minimum 30 Level I credits and at least twelve Level II credits;

(iii) no exemption shall be granted in respect of any dissertation or project;

(iv) the total number of credits for which exemption may be granted shall not exceed eighteen, except that where a student has satisfactorily completed both the Level I and Level II programmes, exemption may be granted from a total of twenty-four credits. Such exemption shall permit the student, on completion of all the other requirements for the degree of BA, to apply for an Aegrotat degree.

MEDICAL CERTIFICATES

19. Students who submit certificates as an excuse for absence from examinations are asked to note that although the student is free to visit his/her private physician, he/she is required, for the purpose of securing exemption from examinations, to comply with the following:

(i) to be examined by a practitioner from the University's panel of doctors; or

(ii) in the event of illness being so acute that the student cannot subscribe to (i), he/she should obtain a certificate from his/her private physician and in addition the physician should be required to supply the University with the reasons for the student's absence from the examinations, and;

(iii) to ensure that the report is submitted to the University Medical Officer at the [Student Health Clinic](#).

(iv) Where the factors referred to in (i) relate to illness, the report to the Campus Registrar MUST BE accompanied by a medical report, signed by the Campus Medical Officer (at the Student Health Clinic or by any other medical practitioner approved for this purpose by the University), as proof of illness. The medical report shall be submitted within seven days from the date of that part of the assessment in which the performance of the candidate is affected. A report received after this period will be considered only in exceptional circumstances.

NB: All Medical certificates should be submitted to the [Student Health Centre](#), and students should indicate the course(s) covered by the certificate. Certificates should not be submitted to the administrative office nor to Lecturers.

CALCULATION OF HONOURS/CLASS OF DEGREE

(20) The class of degree depends on the Cumulative Grade Point Average a student has accumulated in the 54-60 credits required for Honours obtained in **Level II** and **Level III courses**.

Students should note that ALL Levels II and III courses completed, whether or not a requirement for their degree, will be included in their **degree GPA** calculation. Foundation (FOUN) courses done at Level II are not included in this calculation.

AEGROTAT DEGREE

21. A student who has obtained at least three-quarters of the credits required for a Bachelor's Degree, but has been unable through illness to complete the programme may apply under the University Regulations for the award of an Aegrotat Degree.

22. An Aegrotat Degree will not be awarded unless the Board of Examiners considers that, in the courses which he/she has completed, the student has reached a standard which, if also reached in the remainder of the programme, would have qualified him/her for the award of a Degree.

23. An Aegrotat Degree will be awarded without class.

24. Holders of an Aegrotat Degree are not permitted to re-enter for the same Degree programme but may proceed to a second or higher degree, on complying with the Regulations for such Degree.

HUMN3901

FINAL YEAR

CAPSTONE THESIS/PROJECT

The student will work under the close supervision of the lecturer and be expected to make class presentations and provide a journal of his/her activities.

This course offers students the opportunity to work as community of creative learners. Students discuss their own ideas and are provided with weekly critiques from their peers as well as guest practitioners, Faculty and professional mentors from the Creative Industry. The course is an independent research in which students take the lead role in producing a film, dance or play. Those who do not wish to present a work for an audience can write a full length film or play. Students may also present a written research paper of interest to the Creative Industry.

GENERAL REGULATIONS

Students must ensure that their Research Paper/Project complies with the Faculty guidelines before submitting it. A copy of guidelines will be available to all students registered for the course.

Failures

Students who do not submit their paper/project by the deadline date for submission shall be deemed to have failed and must register as normal in the next academic year.

Students who, having duly submitted, did not pass at the first attempt and who gained a minimum of 45% and wish to graduate without losing time may re-submit by the stipulated date, provided that all regulations governing Final Year Supplemental Examinations (see UWI Examinations Regulations) are observed.

Students who fail the Research Paper/Project on the first attempt are allowed a total of four additional submissions within a period of two years. Any change in topic must be approved by and registered with the Moderator.

Deferral

Full-time students who are allowed to take more than 36 credits (12 courses) but not more than 42 credits (14 courses) in their final year to complete the degree may register their Research Paper/Project as deferred. Such students will be permitted to submit their study not later than the last Friday in July. The same applies to final year students who, as a result of having failed a course in Semester I, need to gain 21 credits in Semester II to complete the degree. Students in these categories are still required to register in semester I and meet with their supervisor and coordinator.

Corrections

All studies shall be marked as received. However, after marking, a study may be returned for correction of minor editorial/stylistic errors, for purposes of lodgement in the Library, but not for remarking.

Online Registration of Capstone Thesis/Project

Students are reminded that the research paper/project is a year-long course carrying six (6) credits, and students are therefore required to register online for the paper in each semester.

NOTE: Students who, at the beginning of an academic year, need only the Capstone project to complete the degree, are reminded that they are still required to register online for this research paper and to submit the study at the normal time.

SUPERVISION

Each student will be assigned a Faculty Advisor at the beginning of Semester 1 who will supervise the student's work throughout the academic year. Students are required to meet bi-weekly with their advisors, who will sign and date progress notes.

Although the main advice concerning the academic worth and the feasibility of a topic will be received from your Capstone Advisor, students are encouraged to discuss their technical and design needs with the Senior Technical Officer and Technical Team, particularly as it pertains to the staging of the Creative Project.

FREQUENTLY ASKED QUESTIONS

The following are some of the common questions related to your degree programme. If your questions are not answered here, please contact us at the Faculty Office.

ACADEMIC GUIDANCE

Q. Who is my Academic Advisor?

The Academic Advisor is there to offer guidance in relation to your academic career at UWI. Each student is assigned an Academic Advisor from a faculty member within their discipline at the start of their degree. It is expected that you meet at least once per semester. The name of your Academic Advisor is posted on your CHOL account or you may check with the Faculty Office.

Q. How best can I track my courses?

Log into your CHOL account and select degree evaluation. To manually track your courses, the Registration Aide is available in the Document Library on our Faculty website.

REGISTRATION

Q. What do the English Language Proficiency Test (ELPT) results mean?

A pass in (or exemption from) the ELPT means that you may register for the required English Language Foundation courses i.e. FOUN1003, FOUN1004, FOUN1006. If you have failed the ELPT, you must register for and pass the course FOUN0100 Fundamentals of Written English BEFORE registering for any of the English Language Foundation courses. There is a fee attached to taking FOUN0100.

Q. How do I know what courses to register for?

You should refer to the Faculty Handbook which outlines the requirements for your programme.

Q. How do I register for my courses?

To add your semester courses, you log on to your Cave Hill Online Student Information System (CHOL) account at www.cavehill.uwi.edu/chol

Q. How many courses should I register for in each semester?

FULL-TIME students may register for ten (10) courses per academic year (Aug-May) i.e. 5 courses in semester I and 5 courses in semester II. Please note that students who are in full-time employment are not permitted to register full-time.

PART-TIME students register for five (5) courses per academic year (Aug-May) i.e. 3 courses in semester I and 2 courses in semester II OR vice versa. Note that part-time students who possess one 'A' level or CAPE pass may register for 6 courses in the academic year, i.e. 3 in semester I and 3 in semester II. Level I of your Programme will extend over a period of four semesters or two academic years.

Please note that registration is done on a semester by semester basis. Therefore, you can only register for semester I courses in August/September and semester II courses in January/February.

Q. Do I register Full-Time or Part-Time?

At UWI, full-time and part-time refer to the number of courses you are registered for and not the time of day the courses are offered. In other words, full-time students can expect to attend classes anywhere between 8.00 a.m. and 9.00 p.m.

Full-time status: To enter the full-time Programme, your letter of offer to UWI should indicate acceptance into the 3-year programme (full matriculation). Note that students eligible to study full-time, have the option to register part-time and can change to a full-time registration in a subsequent semester if they so desire.

Part-time status: To enter the part-time Programme, your letter of offer should indicate acceptance into the 4-year programme (lower level matriculation). Students with lower level matriculation are not permitted to register full time until they have successfully completed 24 credits.

Q. I was accepted into a four-year programme. Can I switch to full-time studies?

A four-year programme indicates that you are accepted for part-time studies. You may switch to full-time studies only after successfully completing 24 credits of courses at level I.

Q. I was accepted into a three-year (full-time) programme. Can I switch to part-time studies?

Yes, full-time students may opt to register part time i.e. 5-6 courses in the academic year.

Q. How is my Programme structured?

To be awarded the Bachelor's degree, you need to complete at least 90 credits (each course is weighted at either 3 or 6 credits) over the length of your programme (3-4 years). Each degree programme is divided into three Levels - Level I, Level II and Level III.

At each Level, you are required to complete at least 10 courses (30 credits), each worth 3 credits unless otherwise stated. Courses worth 6 credits are the equivalent of 2 courses.

The Programme is broken down into three parts: i.e. Major Requirements, Faculty Requirements, Electives

Q. How do I interpret the course code?

Each course is assigned an alphanumeric code. The first four letters of the code indicate the subject area e.g. DANC is a dance course. This is followed by four digits. The first number indicates the level: 1 for level one, 2 for level two and 3 for level three. For example: CLTR1100 - Level one Cultural Studies course; FILM2801 - Level two Film course; THEA3001 - Level three Theatre course.

Q. Do I need to take a Foreign Language?

A “warning” status reflects poor academic performance (i.e. the receipt of a term GPA of 1.99 or less). This should be taken seriously and the student should seek counsel from his/her academic advisor. If such poor performance is maintained by a student for the following semester, the student will be asked to withdraw from the UWI.

Q. I was asked to withdraw as a result of unsatisfactory performance, how soon will I be allowed to resume my studies?

No sooner than one (1) year after the date of withdrawal. A student who has been required to withdraw may request a meeting with the Dean, who may decide to waive the requirement.

A student who for good reason wishes to be absent from an academic programme for a semester or an academic year must apply for formal Leave of Absence through the Dean’s Office. The leave of absence request form may be downloaded from the Faculty website.

Leave of Absence may be granted for one semester or for an academic year. Leave of Absence however, will not be granted for more than two consecutive academic years, or in the first year of the programme. A student who wishes to deregister from all courses in the first year of their programme must request deferral until either the next semester or the next academic year.
