

REGISTRATION DEADLINE

FRIDAY 18 SEPTEMBER 2026

ACTION REQUIRED

Regularise your Semester I registration in [CHOL](#) by this date.

REGISTERED BUT NOT TAKEN = FAILED

You will be deemed to have failed any course or examination for which you are registered but do not take the examination. Confirming that your [CHOL](#) record is accurate before the deadline is therefore critical.

WHICH APPLIES TO YOU?

YOU ARE NOT YET REGISTERED Your status may still show as offered rather than accepted, or an override request may not yet be complete. Student Affairs, Admissions is resolving these matters.	YOU ARE AWAITING GOVERNMENT SPONSORSHIP We are processing sponsorships received, and they are expected to be updated by Wednesday, 16 September 2026. If you are still awaiting confirmation, we strongly encourage you to make a payment arrangement with the Bursary so your access to campus services is not disrupted.	YOUR REGISTRATION LOOKS COMPLETE Review your record in CHOL and ensure it matches our records. A course listed in E-Learning does not mean you are registered for it. It must appear on your student record in CHOL. The courses shown on your record for which you have been billed, <i>if applicable</i>, and for which you will be assessed, you are expected to complete them.
---	---	---

BEFORE FRIDAY 18 SEPTEMBER, CHECK

- Fees.** Finalise all payments of fees or make financial arrangements with the Bursary. Any outstanding balance on your account will result in you being denied access to certain campus services, including the e-learning platforms and examinations.
- Add and drop.** Up to 18 September, you may add and drop your courses independently in the [CHOL](#) portal.
- Overrides.** If you submitted a registration override and have not received a response, check the override status. If the course is not listed on your record, do not assume that you are registered for it. Student Affairs is still working to ensure the overrides are updated on your record.
- Duplicate registrations.** If you submitted an override but registered for another course, check carefully that you were not registered for additional course(s).
