## 2024 - 2025

REGIONAL (INCLUDING BARBADOS)

THE UNIVERSITY OF THE WEST INDIES, CAVE HILL CAMPUS

## FOR UNDERGRADUATE REGIONAL (CARIBBEAN) STUDENTS

### REGIONAL STUDENTS

Fees payable by Regional (Caribbean) Students pursuing undergraduate degrees at The University of the West Indies are set periodically by the University Council and are calculated based on your country of citizenship within The UWI system.

There are two main categories of Regional Students in this regard:

- Citizens of countries that contribute financially to the recurrent budget of The University (**Contributing Countries**) and
- Citizens of countries that do not contribute financially to the recurrent budget of The University (**Non-Contributing Countries**).

**Contributing Countries** are further divided into **Campus Countries** (countries where physical campuses of The University are located) and **Non-Campus Countries**.

Students who are not recognised as Regional Students are classified as **International Students**. Fees for International Students are published in the separate schedule of *Fees for International Students* but are essentially the same as fees for students of Non-Contributing Countries.

## FEES BASED ON REGISTRATION

The University's Academic Year is divided into two main semesters. A person is considered to be a student at The UWI only if he/she has registered for courses **and** paid all required fees for a given semester, or has made satisfactory arrangements with the Bursary for the payment of fees.

There are two main categories of fees payable by undergraduate students, **Programme Fees** (made up of **Tuition Fees** and **Economic Cost**), and **University Registration Fees (Miscellaneous Fees)**. Programme Fees are calculated every semester based on your country status, Faculty and course load.

A student may register either full-time or part-time, except for the MBBS Programme in the Faculty of Medical Sciences and the LLB Programme in the Faculty of Law where registration is full-time. The number of courses and associated credits determines whether the student is registered **full-time** (twelve (12) credits or more per semester) or **part-time** (a maximum of nine (9) credits per semester) and therefore determines the amount of Programme Fees to be paid.

**NOTE:** A student in receipt of a three-year offer may choose to register either full-time or part-time in Faculties that permit part-time registration. However, a student in receipt of a four-year offer can only register part-time for Level I of his/her programme. This does not apply to the Faculty of Science and Technology which offers four-year full-time programmes.

Registration for courses is completed online via the student administration system (CHOL). You are required to register for every programme element to be undertaken for the semester, including lectures, tutorials and labs where applicable. Online course selection must be completed before the amount of tuition fees payable for the semester can be generated.

## UNIVERSITY REGISTRATION FEES

University Registration Fees include a number of miscellaneous fees that are payable at Registration. These include a **Guild Fee** and an **Amenities Fee** payable by all students, and a **Science Fee** for students in the Faculty of Science and Technology only. **These fees are mandatory for ALL students, including sponsored students and scholarship holders**, and may be paid in two installments at the start of the first and second semester, or in full at the start of each academic year. Every student must also pay a one-time fee for an ID card, payable on first registration. Replacement of lost ID cards also carries this fee.

**New students** (entering in academic year 2024-25) will also pay a **Pelican Perks Advantage Programme (PPAP) Fee** of BBD\$20.00 (USD\$10.00) per year, for three years. The fee will go towards their lifetime membership in The UWI Alumni Association, and the associated benefits of that membership. **University Registration Fees must be paid BEFORE the start of the registration process and are non-refundable.**

University Registration Fees for 2024-2025 are as follows:

Amenities Fee		Guild Fee		ID Card Fee	Science & Technology Fee*		PPAP Fee**
Per Semester	Per Year	Per Semester	Per Year	One-time Fee (new students)	Per Semester	Per Year	Per Year
\$480.00	\$960.00	\$60.00	\$120.00	\$30.00	\$150.00*	\$300.00*	\$20.00**

*Fees are quoted in Barbados Dollars, (BBD) BBD\$2.00 = USD\$1.00*

\* For students in the Faculty of Science & Technology - Department of Biological & Chemical Sciences (BCS) and Department of Computer Science, Mathematics & Physics (CMP) only.

\*\* For new student (entering 2024/25) only

## PROGRAMME FEES

As noted earlier, **Programme Fees** comprise **Tuition Fees** and **Economic Cost**.

- The Governments of three (3) **Contributing Campus Countries** (Barbados, Jamaica and Trinidad & Tobago) cover the **Economic Cost** for students who are citizens of their respective countries. However, these fees are still included in the table below.
- The Government of **Barbados** also pays **Tuition Fees** on behalf of Barbadian students. **This funding is not automatic for self-financed programmes, such as the BSc in Human Nutrition and Dietetics.**
- Governments of **Contributing Non-Campus Countries** have different arrangements regarding any portion of fees they will pay on behalf of their citizens. It is each student's responsibility to confirm his/her government's commitment and his/her personal obligation **before** taking up a place at the Campus. The Economic Cost for students from Contributing Non-Campus Countries is calculated based on a discount of approximately 66%.
- Students from **Non-Contributing Countries** pay a fixed Programme Fee.

The Fees quoted in the table below are **Annual Fees**. Note that fees per semester = Half of Annual Fees.

## IMPORTANT INFORMATION ABOUT FEES AND PAYMENT OBLIGATIONS

- **It is your responsibility to ensure that your fees are paid on time.**
- Unpaid fees have serious consequences including the implementation of Financial Holds which will prevent you from accessing academic facilities such as the E-learning system, and will result in you being barred from examinations.
- You are expected to complete your registration during the assigned Registration Week at the start of each semester so that your fees can be promptly generated and paid.
- You are not recognized as a student of The UWI until you have completed registration AND paid your fees or made satisfactory arrangements with the Bursary to do so.
- You are permitted to make changes to your course registration until the end of the third week of the semester. Your fees will be adjusted accordingly.
- If your fees are being paid by your government or other sponsor you **MUST** submit a letter from the government or sponsor confirming this. The University submits invoices for payment to governments and sponsors by the end of the third week of each semester. It is therefore crucial that if you experience any difficulty with payment of fees you should contact The Student Accounts Section of the Bursary **before** that deadline so that any problems can be dealt with. You will be required to honour any invoices that are not paid by your sponsor.
- **GOVERNMENTS OF CONTRIBUTING COUNTRIES** have different arrangements regarding sponsorship. It is your responsibility to confirm any level of sponsorship from your government and to present The University with a **letter of confirmation** of this sponsorship. **Before taking up your place you should also ensure that you are able to meet any portion of fees that will not be met by your sponsor.**
- **NATIONALS OF BARBADOS** should note that the Barbados Government pays the Economic Costs and Tuition Fees for its citizens. Sponsored students are granted a maximum of one year of sponsorship beyond the regular period for completion of full-time or part-time enrolment, after which they will be required to meet their own tuition costs. Sponsorship **does not** apply automatically to self-financed programmes like the MBBS and the BSc Human Nutrition and Dietetics in the Faculty of Medical Sciences where Government sponsorship is limited to a set quota of students. There are also restrictions regarding funding for a second undergraduate degree.
- **NATIONALS OF TRINIDAD & TOBAGO** should note that funding for nationals of Trinidad & Tobago is managed by Government Assistance for Tuition Expenses (GATE) and is means tested. Students should visit the [website](#) or call **800-GATE** or email [gate.info@gov.tt](mailto:gate.info@gov.tt) for further information on eligibility for GATE funding. **Note** that the amount paid on behalf of students under GATE **will be based on the fees payable by a Trinidad and Tobago national for the equivalent programme at the St. Augustine Campus.** Your student account will be updated to reflect GATE funding when the **GATE application** shows "CLEARANCE APPROVED."
- **Continuing students who have outstanding balances on their accounts must settle those arrears BEFORE they can register.**
- ALL STUDENTS WHO ARE NOT SPONSORED BY THEIR GOVERNMENT ARE RESPONSIBLE FOR THE FULL PAYMENT OF ALL THEIR FEES.
- **University Registration Fees/Miscellaneous Fees are mandatory for ALL students, including sponsored students and scholarship holders, and are non-refundable.**
- The Cave Hill Campus offers flexible **Payment Plans** to assist students with the payment of Programme Fees only. Information on Payment Plans is available on the Campus website at <http://www.cavehill.uwi.edu/financial/tuition-payment-plans.aspx>.

PLEASE NOTE THAT FEES QUOTED IN THIS DOCUMENT ARE SUBJECT TO VERIFICATION AND REVISION.
