

DEPARTMENT OF GOVERNMENT, SOCIOLOGY AND SOCIAL WORK  
CAVE HILL CAMPUS  
ACADEMIC YEAR 2015/2016

**WELCOME**

It is always with a sense of pride and a feeling of accomplishment that I welcome fresh and continuing students to a new academic year in the Department of Government, Sociology, Social Work and Psychology. This year, these feelings of achievement are magnified by the fact that you are joining the Faculty of the Social Sciences as we mark its 40<sup>th</sup> Year of existence as a distinct and separate faculty at the Cave Hill Campus.

You should feel proud that you are now a full member of a department that has been an integral part of the Faculty of the Social Sciences over its forty year existence, and which has played an important part in the development, not only of the UWI, but our beloved Caribbean region and beyond.

Some of the most accomplished regional academics and leaders have taught and worked in **our** Department, yours and mine. Ralph Gonzalves, Graham Dann, Christine Barrow, Farley Brathwaite, Neville Duncan, George Belle, and Cecilia Karch Brathwaite are prime examples of those whose work continue to resonate, shaping academic research and influencing public decision making. The impact of the past and ongoing work of the thousands of students who have sat at the feet of our leading researchers and lecturers cannot be quantified.

It is with immense pleasure that I invite you to participate in that tradition! As you carve your own spaces in the Department and UWI, I urge you to reflect deeply on the tradition of academic excellence, love of knowledge, and commitment to regional and global development which has been established by your forerunners. I encourage you also to absorb and learn as much as you can during your time with us, and I implore you to commit to giving always of your best so that your future contributions will fulfill, rather than betray, the tradition of excellence, which you have now joined.

Tennyson S.D. Joseph  
Head of Department
