INTRODUCTION

The provision of information pertaining to the Faculty's programmes, regulations, prizes and staff in a single publication is the principal reason for the production of a handbook. It would be a wanton waste of resources if students fail to make maximum use of this document. The handbook is revised annually to include new/upgraded programmes, and amendments to regulations.

Commencing in academic year 2003-2004 arrangements will be implemented to accommodate students who are desirous of applying for credits acquired in co-curricular activities.

The academic performance of new students will be assessed under the 'grade point average' (GPA) model (see page 26). The GPA system is a barometer of a student's academic performance through the relevant portion of his/her programme of studies that is used for determining the class of degree. Because the GPA model provides for continuous assessment, it is in the student's best interest to aim for consistently high quality performance in coursework and unseen examinations. Each student is advised to familiarize himself/herself with the contents of the Faculty's handbook.

APPLICATION PROCEDURE

Applications for entry to all Campuses of the UWI must be received on or before **January 15** of the year in which the applicant wishes to enter and should be accompanied by:

- (i) Certified evidence of all relevant examinations passed,
- (ii) A signed statement where applicable from parent/guardian agreeing that the applicant shall become an undergraduate in the Faculty,
- (iii) A signed statement from parent/guardian or from a responsible individual or authority that funds will be available for the payment of fees;

- (iv) An application fee of BDS \$15.00.

Application forms may be obtained from the Student Affairs Section at Cave Hill, Mona or St. Augustine, Resident Tutors, University Representatives in the non-Campus Countries and from the University websites.

GENERAL REGULATIONS FOR THE DEGREE OF BACHELOR OF SCIENCES IN THE SOCIAL SCIENCES

Definition of Terms

“Faculty Handbook” means, in the case of the St. Augustine Campus, *The Students’ Guide to the Faculty of Social Sciences*, and in the case of the other Campuses means *The Handbook of the Faculty of Social Sciences*;

“free electives” means courses listed in the Faculty Handbook which are optional in the degree programme concerned;

“Level I”, in relation to a Faculty other than a Faculty of Social Sciences, means the stage of a degree programme at the end of which a candidate who has completed all the examinations is eligible, under the scheduling of the programme in that Faculty, to complete that programme within two years without registering for summer school sessions;

“pre-requisite” means a course listed in the Faculty Handbook as a course which must be completed before being permitted to register for another course for which it is so listed as a pre-requisite;

“summer school sessions” refer to the sessions of the summer schools as governed by the Summer School Regulations.

QUALIFICATIONS FOR ADMISSION

- 1.1 Before registration and before beginning courses in the Faculty the candidate must have satisfied the University Matriculation requirements for entry to a degree programme (See University Matriculation requirements - UWI Calendar Vol II Part II).
- 1.2 On entry to the University students may be required by Faculty Board to take an English Proficiency Test. Students failing this test may be required by Faculty Board to do a prescribed course in English as a prerequisite to the compulsory Foundation Course, *FD10A English for Academic Purposes*, or *FD10H Rhetoric II: Writing for Special Purposes*.
- 1.3 Applicants for entry into Economics, Accounting, Management Studies; Psychology and Statistics (Mona) degree options (specialization and ma-

jors) are required to have a minimum of a Grade II pass in CXC (General) Mathematics or a qualification deemed by Faculty Board to be equivalent.

TRANSFERS

Inter and Intra Faculty Transfers

- 2.1 Students in another Faculty who have completed Level One of a degree programme of the University of the West Indies are eligible for transfer to the Level II of a degree programme offered by a Faculty of Social Sciences. Such students must, at the time of transfer, have passed courses which satisfy the Level One requirements of the Faculty of Social Sciences as well as the pre-requisites of the relevant courses of the programme into which the transfer is sought. Transfers are offered to students who have acquired a strong level one record.(B+ average and above)
- 2.2 Transfer may also be offered to any student registered in any other Faculty of the University of the West Indies and who has successfully completed the Level One prerequisites to Levels II & III courses in the area of intended major or special and has also completed the required Foundation Course(s).
- 2.3 For transfer to the Level II of a degree programme offered by the Faculty of Social Sciences (Mona), students registered prior to 1998-99 may include among the courses passed Essentials in English (UC010, UC001) or Use of English (UC120).

COURSE OF STUDY

3. Candidates for any of the degree programmes must pursue a course of study comprising at least 90 credits at least 30 credits at Level One and at least 60 credits at Levels II and III. The Faculty Board may require that the timing of registration in particular courses may be such as to ensure that the course of study extends over either at least five (5) semesters and two (2) summer school sessions or six (6) semesters.

LEVEL ONE REQUIREMENTS

- 4.1 Students must satisfy the requirements for a minimum of 30 credits at Level One comprising:
 - such Foundation courses as are required and offered;
 - other compulsory courses in the chosen degree option as specified in the Faculty Handbook;
 - free electives to bring the total credits to 30.

UNIVERSITY FOUNDATION COURSES

- 4.2 As of 1998-99 **all students registered in the University of the West Indies will be required to complete a minimum of 9 credits of Foundation Courses including MS11A Fundamentals of Computers.** Foundation Courses are University Courses and not Level One Courses. They may be completed at any stage in a student's programme. Students are advised to complete foundation course requirements prior to proceeding to the final semester of their programme.
- (a) Students awarded Advanced Standing, as well as those in the B.Sc. Hospitality and Tourism Management programme, are required to complete 9 credits of Foundation courses including MS11A fundamentals of Computers. The Foundation courses comprise:
- (i) FD10H Rhetoric II; Writing for Special Purposes
 - (ii) FD12A Science, Medicine and Technology in Society
 - (iii) FD11A Caribbean Civilization
 - (iv) FD13A Law, Governance, Economy and Society
 - (v) any other course approved for the purpose by the Board of Undergraduate Studies
- (b) Students registered in the Faculty of Social Sciences will be required to include among such Foundation Courses, FD10H Rhetoric II; Writing for Special Purposes.
- (c) The elective Foundation course, FD13A Law, Governance, Economy and Society, will not count for credit in the programme of the Faculty of Social Sciences except *with the permission of the Dean*.
- (d) Exemption in whole or in part from the requirements under [4.2(a-b)] may be granted from time to time by the Board for Undergraduate Studies.

REQUIREMENTS FOR ENTRY TO LEVELS II AND III

5. Students are required to satisfy pre-requisites for Levels II and III courses. A minimum of twenty-four credits at Level One including eight core courses is required to progress to Level II.

REQUIREMENTS FOR THE AWARD OF THE DEGREE

6.1 In order to qualify for the award of a degree a student must:

have completed a minimum of 90 credits (normally equivalent to 30 semester courses) of which:

at least thirty credits are from Level One semester courses (including the Foundation Course requirement), and at least sixty credits from Levels II and III semester courses

students registering for more than twenty Level II/III courses must indicate which of the additional courses are “not for credit”. Students will not be permitted to register for “not for credit” courses after satisfying the requirements for the award of the degree.

have satisfied the requirements for their specific degree programmes

6.2 Degrees are offered in the following categories:

Special

Major

Three minors (restricted to BSc Social Sciences)

A student must be formally registered in one of these programme options:

A **special** comprises a minimum of forty-five (45) credits in the subject area over Levels II and III

A **major** comprises a minimum of thirty (30) credits in the subject area over Levels II and III

A **double major** comprises a minimum of thirty (30) credits each in two (2) subject areas over Levels II and III

A **minor** comprises a minimum of fifteen (15) credits in the subject area over Levels II and III

A **major/minor** comprises a minimum of thirty (30) Levels II and III credits in the subject area of the major and fifteen (15) Levels II and III credits in the subject area of the minor.

A **Special** degree is available from among the following subject areas only:

6.3.4 The degree majors with which the above minors may be combined will be approved by Faculty Board and Board for Studies (major) BSc. Accounting (major) and the BSc. International Relations (major). Part-time registration is not permitted at Levels II and III at the St. Augustine Campus.

(b) The Faculty Board may require that the timing of registration in particular courses be such as to ensure that the course of study for the Level One programme extends over at least three (3) semesters inclusive of one (1) summer school session.

6.3.5 Students may also request to combine a Social Sciences major with a minor offered by another Faculty. To do this, the permission of the Deans of both Faculties must be sought and obtained. At St. Augustine students may register in the Faculty for a double major comprising a major in the Faculty and a major offered by another Faculty. By special arrangement with the Faculty of Pure & Applied Sciences (Cave Hill), students may register for a double major comprising any of the majors offered in the Faculty of Social Sciences as one of the two required subject areas and Mathematics in the Faculty of Pure and Applied Sciences (Cave Hill) as the other. Students may also apply to register in the Faculty of Social Sciences for a double major involving any of the Faculty of Social Sciences majors and any other majors offered in another Faculty at the Cave Hill Campus. To do this, the permission of the Deans of both Faculties must be sought and obtained.

6.3.6 A student may with the permission of the Dean change any major, special or minor for which that student is registered.

REGULATIONS FOR FULL-TIME PROGRAMME

7. A full-time student:

(a) shall complete the degree programme in not more than eleven (11) semesters and five (5) summer school sessions;

(b) will unless Academic Board approves otherwise on the recommendation of Faculty Board be required to register for ten (10) semester courses in any one year and five (5) semester courses in any one semester, provided that permission may be sought for not more than one additional course for the year by any student who needs that one course for completion of the requirements for the degree or who has been awarded a grade of A as the examination mark for more than half of the courses for which that student has been examined when registered in the Faculty.

(c) will be required to withdraw from the Faculty unless he/she has gained at least:

Fifteen credits at the end of the
second semester,
thirty-three credits at the end of the
fourth semester
fifty-one credits at the end of the
sixth semester
sixty-nine credits at the end of the
eighth semester

N.B. Credits gained from courses done in another programme will not be counted towards the rate of progress.

REGULATIONS FOR PART-TIME PROGRAMME

8. (a) a part-time programme is offered for Level One of the BSc degree at all campuses. Level II and III are available in all programmes offered at the Cave Hill Campus. At the Mona Campus part-time is offered in BSc. Management Studies (major) BSc. Accounting (major) and the BSc. International Relations (major). Part-time registration is not permitted at Levels II and III at the St. Augustine Campus.

(b) the Faculty Board may require that the timing of registration in particular courses be such as to ensure that the course of study for the Level One programme extends over at least three (3) semesters inclusive of one (1) summer school session.

(c) a part-time student will be required to withdraw from the Faculty unless he/she has gained:

- six credits at the end of the
second semester
- eighteen credits at the end of the
fourth semester
- twenty-four credits at the end of the
sixth semester
- thirty-nine credits at the end of the
eight semester
- fifty-four credits at the end of the
tenth semester
- seventy-two credits at the end of
twelfth semester
- ninety credits at the end of the
fourteenth semester

(d) Once a Part-time student transfers into the Full-time programme, he/she is required to maintain the rate of progress mandated for with the Full-time programme.

N.B. Credits gained from courses done in another programme will not be counted towards the rate of progress.

REGISTRATION/EXAMINATIONS

9. (a) Students will be examined during each semester and the summer session in the courses for which they are registered
- (b) a course may be examined by one or more of the following methods:
- written examination papers
 - oral (under the conditions in Regulation 10 below)
 - practical examinations
 - coursework (which may include written in-course tests, practical work, dissertations, essays, projects, studies and other forms of coursework exercise as approved by the Faculty Board, or the Campus Committee on Examinations as appropriate).

COURSEWORK

In the case of examination by coursework a student gaining an overall mark higher than 40% but passing in only one component will be required to repeat at the next available sitting the component that was failed.

A student who is absent from a coursework examination may apply to the Dean of the Faculty for exemption from this examination no later than one (1) week following the date of this examination. He/she must at the same time submit to the Campus Registrar justification for such absence (such as, in case of illness, a medical certificate complying with any applicable Examination Regulations). The Dean shall consider any such request for exemption in consultation with the relevant Head of Department and course lecturer. If the exemption is granted, the candidate's assessment will be based entirely on the final examination.

A student may request to submit coursework assignments, essays, etc. after the stipulated deadline date on the basis of appropriate justification (such as, in case of illness, a medical certificate complying with any applicable Examination Regulations). This request must be made within 48 hours after the stipulated deadline date and must be addressed to the Dean, who in consultation with the relevant Head of Department and course lecturer may allow the extension. The Dean, acting on advice of the relevant Head of Department and course lecturer, may consider requests for exemption from submission of the coursework assignment, essays, etc. If the exemption is granted, the candidate's assessment will be based entirely on the final examination.

A student failing a course may subject to the rate of progress requirements of these Regulations be allowed to substitute another approved course in a subsequent semester or repeat the failed course.

All optional courses (electives) listed in the various degree programmes in the Faculty Handbook will not necessarily be available in any one year.

Deadlines for changes of registration including withdrawal from or addition of courses will be as prescribed in University Regulations. Registration for a course constitutes registration for the examination in that course.

A student who does not take an examination in a course for which he/she is registered is deemed to have failed that examination unless permission to be absent has been granted.

A student who, on grounds of illness or in other special circumstances as referred to in Examination Regulation 25 fails to take an examination in a course for which he/she is registered, may be given special consideration by the Board of Examiners to take examination at the next available opportunity, without penalty.

Students are asked to pay special attention to Examination Regulation 23 which states:

"Any candidate who has been absent from the University for a prolonged period during the year for any reason other than illness or whose attendance at prescribed lecturers, classes, practical classes, tutorial or clinical instructions has been unsatisfactory or who has failed to submit essays or other exercises set by his teachers may be debarred by the relevant Academic Board, on the recommendation of the relevant Faculty Board, from taking any University examinations."

ORAL EXAMINATIONS FOR FINAL YEAR STUDENTS

10. (a) The Board of Examiners may recommend to the Department concerned that a student who has failed the last one or two courses(s) required to complete the degree be offered an Oral Examination in that one or those two courses provided that he/she has obtained in each instance a mark of at least 35% for the course(s).

If an Oral Examination is granted the student may choose to decline the offer.

(b) The Oral Examination, which will be of maximum length of one hour, will be held as soon as possible after the previous examination. The student must contact the department concerned immediately so that arrangements may be made for the Oral Examination.

The Oral Examination will concern the course as a whole, and not be restricted to the questions set in the examination which the student did. The First Examiner and at least one other Examiners must be present at an Oral Examination.

If the examination is passed, the student cannot be awarded a grade higher than 40 - C and this grade will replace that previously gained for the entire evaluation in that course.

If he/she fails the Oral, the student will not have any right of appeal or review.

A student will be allowed only one Oral Examination for any one Course.

LEAVE OF ABSENCE

11. (i) A candidate who for good reason wishes to be absent from an academic programme for a semester or more must apply for formal leave of absence to the Campus Faculty Board, through the appropriate Dean, stating the reason for the application.
- (ii) The length of such leave of absence, if granted, will be subject to approval by the Academic Board of the Campus concerned, but will not exceed one academic year in the first instance terminating at the end of the academic year for which the application is approved.
- (iii) Leave of absence will not be granted for more than two consecutive academic years.
- (iv) Leave of absence may be granted for one semester or for an academic year.
- (v) Applications for leave of absence for a semester shall normally be submitted by the end of the third week of the relevant semester.
- (vi) Applications or leave of absence for the academic year shall normally be submitted the end of the third week of semester I.

AWARD OF DEGREES

12. Notification of Results

For those candidates who have completed the requirements of the BSc degree a pass list shall be published and arranged alphabetically in the following categories:

First Class Honours
 Second Class Honours
 Upper Division
 Lower Division
 Pass

AWARD OF HONOURS

13. (i) The class of degree to be awarded shall be determined on the basis of performance in the twenty courses taken for credit at the Levels II and III only.

(ii) The minimum standard required for each class of Honours shall be the following:

First Class Honours

Either thirteen (13) 3-credit courses with the grade or A or twelve(12) 3- credit courses with a grade of A with good supporting B+ grades.

Upper Second Class Honours

Either thirteen (13) 3-credit courses with a grade of at least B+ or twelve (12) 3-credit courses with a grade of B+ or above with good supporting B grades.

Lower Second Class Honours

Either thirteen (13) 3-credit courses with a grade of at least B or twelve (12) 3-credit courses with a grade of B or above with good supporting C grades.

N.B The above will be pro-rated to take into account courses other than 3-credit courses.

- (iii)With regards to the determination of the class of degree, attention is drawn to the modified penalty principle, which stipulates that where a student has failed a Level II or III examination and subsequently resits that examination, or takes a substitute examination, a penalty will be applied to the examination result. The actual grade received in the subsequent examination will however appear on the grade slip.

(iv) A course designated at registration as not for credit (NFC) shall not count for purpose of assessing Honours.

(v)Core courses satisfying the requirements of specialization, majors and minors must be taken into account in the determination of the class of degree.

**MARKING SCHEME FOR EXAMINATIONS
IN THE FACULTY OF SOCIAL SCIENCES**

The authorised marking scheme is as follows:

A	70 and above
B+	60 - 69
B	50 - 59
C	40 - 49
F	0 - 39

GRADE POINT AVERAGE SYSTEM

13(a) These regulations shall apply to all students admitted to the University commencing academic year 2003-2004.

(i) The class of degree to be awarded shall be determined on the basis of a weighted Grade Point Average (GPA).

(ii) In the calculation of the weighted GPA. A weight of zero shall be attached to all Level I courses.

(iii) Levels II and III courses shall have equal weight in the determination of the weighted GPA.

(iv) Core courses satisfying the requirements of specials, majors and minors must be taken into account in the determination of the weighted GPA.

(v) A course designated at registration as not for credit (NFC) shall not count in the determination of the weighted GPA.

(vi) The class of degree shall be awarded as follows:

First Class Honours - Weighted GPA of 3.6 and above

Second Class Honours - Upper Division - Weighted GPA 3.00 - 3.59

Second Class Honours - Lower Division - Weighted GPA 2.00 - 2.99

Pass - Weighted GPA 1.00 - 1.99

13(b) **Marking Scheme for Examination in the Faculty of Social Sciences**

(i) In the determination of GPA, the grades with corresponding quality points shall be as defined in the University Regulations governing the GPA.

(ii) The authorized marking scheme is as follows:

GRADE	MARKS	GPA
A+	86 and above	4.3
A	70 - 85	4.0
A-	67 - 69	3.7
B+	63 - 66	3.3

D+	43 - 46	1.3
D	40 - 42	1.0
F	Less than 40	0.0

CO-CURRICULAR CREDITS

14. (i) Students will be eligible for no more than 3 credits for involvement in co-curricular activities. The activities may be Campus specific.

(ii) Co-curricular credits will be awarded on the following basis:

- students must be involved in the activity for at least one (1) semester;
- explicit learning outcomes must be identified for each activity;
- there must be clearly defined mode(s) of assessment for each activity.

(iii) The Office of Student Services and the School of Education on each campus will administer the award of credits.

(iv) The grading of co-curricular credits will be pass/fail.

(v) All co-curricular activities/programmes must be approved in advance by the Faculty and Academic Board.

(vi) Subject to Faculty Regulations, co-curricular credits will form part of the 90 credits for a degree. However, in special circumstances, if credits are earned in excess of those required for the degree, these and the associated activity will be included on the student's transcript.

AEGROTAT DEGREE

15. A candidate taking examinations in respect of a final degree, diploma or Certificate programme and who had been absent through illness from one or more papers, may apply for the award of an aegrotat degree, diploma or certificate on the following conditions.

(i) (a) Where the whole of the final examination for a degree, diploma or certificate is taken at the end of the final year of the course and he/she has completed more than half of the examination but has been absent from the remainder of that examination.

(b) Where the final examination is in two or more parts (the award of the degree, diploma or certificate depending on performance in each of these parts) and he/she has successfully completed the first one or two parts or more than half of the final part, but has been absent from the remainder of the examinations for the final part.

(c) Where the final examination is in two parts and the student has completed the first part (level II) with a B average or higher and his course work during the final year of the course has been of a consistently high standard, but he/she has been absent from the other part of the examinations.

(ii) The Examiners consider that in the work which the candidate has submitted at such of the final examination as he/she had attended, he/she reached a standard which, if also reached in the remainder of the examination, would have qualified him/her for the award of a degree, diploma or certificate.

16. All applications for an aegrotat degree, diploma or certificate must be referred by the Registrar to the Faculty Board of Examiners and the Board for Examinations for a recommendation to the Board of Undergraduate Studies (BUS). Applications from or on behalf of candidates must be accompanied by a medical certificate signed by (a) University Health Officer, or (b) the Dean of the Faculty of Medicine in consultation with the appropriate members on the Medical School, (c) or other medical personnel appointed for this purpose by the University, and shall reach the Registrar not later than thirty days from the last examination paper written by the candidate.
17. In assessing an application for an aegrotat degree, diploma or certificate, reports from Heads of Department on the candidates work should be taken into consideration. Oral examinations where possible, by internal examiners may be an aspect of examinations for the award of an aegrotat degree.
18. An aegrotat degree, diploma or certificate will be awarded without distinction or class.
19. Holders of an aegrotat degree, diploma or certificate will not be permitted to re-enter for the same examination but may proceed to a higher degree if accepted by the Board for Graduate Studies.

2. JOINT MAJOR

B.Sc. HOSPITALITY AND TOURISM MANAGEMENT

This Programme is offered jointly with the Barbados Community College (BCC). In the programme, students are required to complete the Two-Year Associate Degree in Applied Arts - Tourism and Travel, or the Associate Degree in Applied Arts - Hotel Catering and Institutional Operations, (or equivalent) with a 2.75 grade point average, before proceeding to complete years 3 and 4 in the Faculty.

The four-year programme consists of a core of Hospitality and Tourism courses, along with Business and Management courses, in two (2) areas of specialisation, viz. Hospitality Management and Tourism Management. The vocational courses, particularly in Hospitality, will be undertaken during the first two years of study at the purpose-built facilities of the Hospitality Division of BCC. In years 3 and 4 a range of Business and Management courses is offered mainly at the Cave Hill campus of the UWI. The four-year programme is designed to be both academically sound and specifically relevant to the Regional Hospitality and Tourism Industry. The training will provide opportunities for employment in hotels, transportation and tour operation companies, travel agency operations, national and regional tourism organizations and government departments. It will be of benefit to those already in the industry as well as those seeking to enter this diverse field.

Students will receive practical exposure to kitchen, restaurant and general hotel management operations at the Pommarine Training Hotel facility. They will also be given the opportunity to gain experience and a realistic appreciation of the working environment of the industry through an internship scheme. A six (6) week internship is undertaken at the end of Year 2, and a further twelve (12) week industry internship is undertaken at the end of Year 3 of the programme.

Language training is built into the degree programme as a requirement during the first two years.

UNIVERSITY FOUNDATION COURSES

FD10H - RHETORIC II: WRITING FOR SPECIAL PURPOSES

(This course is administered by the Faculty of Humanities)

This course is designed to equip students across the disciplines (and particularly Social Sciences, Law, and Science andTechnology) with skills in, business, technical and scientific writing.

- writing effective arguments, writing problem solution arguments, arguing for action and proposing solutions;
- writing to persuade: subjective/objective viewpoints - use of logic vesus emotive expression; methods of refutation
- writing business, technical and scientific documents
- describing and writing project proposals
- writing from research in the field: designing and using surveys, questionnaires, interview schedules and so forth
- understanding, analysing and using the language of business technical innovations in vocabulary etc.

Assessment: 100% coursework - continuous assessment consisting of selection of five or six written assignments on the major segments of the course.

FD11A - CARIBBEAN CIVILISATION

(This course is administered by the Faculty of Humanities)

Objectives:

To develop an awareness of the main process of cultural development in Caribbean societies, highlighting the factors, the problematics and the creative output that have fed the emergence of Caribbean identities.

To develop a perception of the Caribbean as wider than island nations or linguistic blocs.

To stimulate students interest in, and commitment to Caribbean civilization and to further their self-determination.

FD12A - SCIENCE, MEDICINE AND TECHNOLOGY IN SOCIETY
(This course is administered by the Faculty of Science and Technology)

The overall aim of the course is to develop the ability of the student to engage in an informed manner in public discourse on matters pertaining to the impact of science, medicine and technology on society.

FD13A - CARIBBEAN SOCIETY, GOVERNMENT AND LAW

(This course does not count for credit in the Programmes of the Faculty of Social Sciences except with the permission of the Dean)

This course is a multi-disciplinary course of the Faculty of Social Sciences which is designed mainly for non-Social Sciences students.

The course will introduce students to some of the major institutions in Caribbean society. It will expose them to both historical and contemporary aspects of Caribbean society, including Caribbean legal, political and economic systems. In addition, Caribbean culture and Caribbean social problems are discussed.

DEPARTMENT OF ECONOMICS

LEVEL ONE COURSES

EC 10A – ELEMENTS OF MICROECONOMICS

This course will introduce students to the analytical concepts and the basic principles of microeconomics analysis. It will cover:

Consumer Demand Theory
 The Theory of the Firm and Production
 Market Analysis

EC 10B – ELEMENTS OF MACROECONOMICS

This course will introduce students to:

National Income Accounting
 Macroeconomic Model Building and Analysis
 The Theory of Small Open Economy
 Money and Banking
 The International Economy

EC 14A – INTRODUCTORY MATHEMATICS

Basic algebraic techniques: Sets; Matrices; Matrix solutions to systems of linear equations; Relations; Functions; Graphs; Coordinate Geometry; Limits; Differentiation; Integration; Maxima and minima curve tracing; Linear programming and the calculus of two variables. The application of the foregoing to the Social Sciences.

This course is not for students with 'A' level Mathematics.

EC 14B – MATHEMATICS FOR ECONOMISTS I

Prerequisite: A-level Mathematics or EC14A

This course would build on the material covered in the introductory course. Topics to be studied would include: Finite Mathematics, including sets, relation, function. Classical Algebra including partial functions, remainder theorem, theory of equations; linear algebra including vector, matrices, linear system of equations, rules, eigen vectors, quadratic forms, advanced calculus, especially all types of optimisations problems; differential and difference equations.

EC 16B – INTRODUCTORY STATISTICS

The collection, compilation and tabulation of statistics, and their representation by charts, diagrams, averages, measures of dispersion and association, and index numbers. Elementary aspects of distribution theory, estimation theory; and hypothesis testing. The use of mechanical aids to calculation and tabulation. The analysis of variance technique. Elementary decision making theory.

No prerequisite.

LEVEL II COURSES

EC 20A – INTERMEDIATE MICROECONOMICS I

*Prerequisites: EC10A Elements of Microeconomics
EC10B Elements of Macroeconomics
EC14A Introductory Mathematics
EC14B Mathematics for Economists I*

The Methodology of Microeconomics: The Scientific Method. Scientific Validity. The Methodological Controversy.

Consumer Theory and Analysis: The Cardinal Theory. The Ordinal Theory. Revealed Preference. The Law of Demand, Engel's Law, Elasticity. External Effects on Consumption. The Price Index. The "Characteristic" Approach. Risk Analysis. Empirical Demand Functions.

Production Theory and Analysis: The Production Function. Profit Maximization. Homogeneity. The Multi-Product Firm. Cost Functions. X-efficiency. Linear Programming. Market Equilibrium: Supply and Demand in the Market. Existence, Uniqueness and Stability of Market Equilibrium. Walrasian and Marshallian Conditions for Static Stability. Dynamic Stability - The Cobweb. Model and Relationship to Agricultural Production.

EC 20B – INTERMEDIATE MICROECONOMICS II

*Prerequisites: EC10A Elements of Microeconomics
EC10B Elements of Macroeconomics
EC14A Introductory Mathematics
EC14B Mathematics for Economics I*

The Product Market: Profit Maximization Models - Perfect Competition, Monopoly, Monopolistic Competition, Oligopoly. Alternative Models - Sales Maximization, Growth Maximization, Administrative or Cost-Plus Pricing. Game Theory.

The Labour Market and Distribution: The demand for labour under different market structures. Monopsony. Rent and Quasi rent. Distribution of the product among productive inputs. Product exhaustion Theorems (Euler, Clark-Wicksteed). General Equilibrium and Welfare Theory: Pareto Optimality. The Marginal Conditions for Optimal Resource Allocation. The Social Welfare Function and the Second Order Condition for Welfare Maximization. Arrow Possibility Theorem. Theory of the Second Best.

Introductory Project Analysis: Discounted Cash Flow Analysis. Social vs Private Cost-Benefit Analysis. Investment Criteria - Net Present Value. Internal Rate of Return.

EC 21A – INTERMEDIATE MACROECONOMICS I

*Prerequisites: EC10A Elements of Microeconomics
EC10B Elements of Macroeconomics
EC14A Introductory Mathematics*

1. Scoped of Macroeconomic Analysis
2. Alternative Macroeconomic Paradigms
3. Theoretical elaboration of select Macroeconomic Paradigms
4. Formulation and Analysis of Macroeconomic Models
5. Macroeconomic Stabilisation Policy

EC 21B – INTERMEDIATE MACROECONOMICS II

*Prerequisites: EC10A Elements of Microeconomics
EC10B Elements of Macroeconomics
EC14A Introductory Mathematics*

1. The Consumption Function
2. The Investment Function
3. The Demand for Money
4. Labour Supply and Demand
5. Expectations Formation and Policy Effectiveness
6. The Government Budget Constraint and the Consistency of Macroeconomic Models
7. Capital and the Growth of an economy

EC 22C – ECONOMIC ANALYSIS FOR PUBLIC POLICY

*Prerequisites: EC10A Elements of Microeconomics
EC10B Elements of Macroeconomics
EC14A Introductory Mathematics
EC16B Introductory Statistics*

This is an intermediate economics course designed to provide non-specialist economics students with the principles involved in the analysis of public policies such as government intervention in the market, regulation, subsidisation, privatisation etc. The course examines both the microeconomic and macroeconomic principles governing the formulation of public policies.

The outline syllabus is as follows:

The Elements of Public Policy:

Microeconomic Context of Public Policy:

General Equilibrium Analysis and the Concept of Market Efficiency. Equity Considerations. Market Failure and Externalities. Property Rights. Public Choice. Regulation and Rent-Seeking.

Macroeconomic Context of Public Policy:

Macroeconomic Policy Formulation. Political Business Cycles. Policy Optimisation and Reaction Functions. Economics of Voting.

EC 24D – MATHEMATICS FOR ECONOMISTS II

Prerequisite: EC14B Mathematics for Economics I

Mathematical analysis; elementary properties of sets of points; limiting processes and convergence; the derivative and the integral; partial differentiation; constrained and unconstrained extremum problems; simple systems of differential and difference equations.

EC 25F – THE CARIBBEAN ECONOMY

*Prerequisites: EC10A Elements of Microeconomics
EC10B Elements of Macroeconomics*

The development of Caribbean Economies. Introduction to Development Theory. Contemporary Characteristics of Caribbean Economies.

EC 23L – STATISTICAL METHODS I

Prerequisite: EC16B Introductory Statistics

Probability Theory. Distribution Theory. Inferential Statistics. Goodness of Fit. Analysis of Variance.

EC 23J – ECONOMIC STATISTICS

Prerequisite: EC16B Introductory Statistics

1. The objective of the course is to produce students who, given the appropriate raw materials, could:
 - (i) produce data themselves
 - (ii) write a report using the data
 - (iii) write a critical commentary on a report which used the data

2. The course is as follows:
 - (i) Introduction
 - (ii) Unemployment, including problems of definition, measurement, inference from survey data
 - (iii) Inflation, including construction of index numbers, introduction to time series
 - (iv) Living standards, including measurement of real national income, terms of trade
 - (v) Balance of Payments, including simple forecasting techniques, accounting with stocks and flows
 - (vi) Overview, economic activity in the Eastern Caribbean over the last two decades

EC 23E – SOCIAL AND ECONOMIC ACCOUNTING

Prerequisite: EC16B Introductory Statistics

The outline syllabus is as follows:

- i) The Social Accounting Matrix
- ii) Expenditure, Output and Income at Current Prices
- iii) International Transactions and the Balance of Payments Accounts
- iv) Inter-Industry Transactions and Input-Output Analysis
- v) Expenditure, Output and Income at Constant Prices
- vi) Real National Income and the Terms of Trade
- vii) International Comparisons of Living Standards

EC 26C – INTERNATIONAL BUSINESS ENVIRONMENT

*Prerequisites: EC10A Elements of Microeconomics
EC10B Elements of Macroeconomics*

Elementary theory of international trade in goods and services; the structure of world and regional trade and the main factors influencing the flow of goods and services; the relationship between trade, growth and development, commercial policy (tariff and non-tariff barriers to trade, countertrade); regional economic cooperation; the role and functions of international trading agreements and institutions (GATT, LOMÉ, CBI, CARIBCAN, UNCTAD); the international monetary system (IMF, The World Bank, the Euro-currency market); the theory and problems of balance of payments.

LEVEL III COURSES

EC 30E – MANAGERIAL ECONOMICS

*Prerequisites: Intermediate Microeconomics I & II
Intermediate Macroeconomics I & II*

The Business Environment. Value Creation and Profit. Optimization Techniques. Consumer analysis. Decision Making Under Risk and Uncertainty. Regression Analysis and Empirical Estimation of Demand Functions. The Production Process. Economic versus Accounting Concepts of Cost and Profits. Pricing Analysis and Decisions. Advertising and Promotional Decisions. capital Budgeting and Investment Decisions.

EC 30F – INDUSTRIAL ECONOMICS

*Prerequisites: Intermediate Microeconomics I & II
Intermediate Macroeconomics I & II*

The Industrial Organization Framework. Market Structure and Performance. Market Concentration. Pricing Theory and Strategy. Game Theory. Innovation and Market Structure. The Managerial Firm. Firm Size and Diversification. The Multinational Firm and Transfer Pricing. International Organization. Vertical Integration. Technology choice. Industrial Policy. The Structure and Performance of Industry in the Caribbean. Case Studies of Selected Industries.

EC 30M – MONETARY ECONOMICS

*Prerequisites: Intermediate Microeconomics I & II
Intermediate Macroeconomics I & II*

Meaning and Function of Money
Demand for Money
Supply of Money
Interest Rates
Monetary Policy and Rational Expectations
Inflation
Money and Balance of Payments in the Open Economy
Currency Substitution

EC 31E – MONETARY THEORY AND POLICY

*Prerequisites: Intermediate Macroeconomics I & II (EC21A & EC21B)
Intermediate Microeconomics I & II (EC20A & EC20B)*

This course seeks to provide students with the fundamentals of Monetary Theory both in a developed and developing Economy Context. Role of Money in the Economy (Theoretical Schools): Money Supply Determination; demand for Money; Interest Rate Determination. Money, Inflation and Output; Money and The Balance of Payments.

Assessment: Final Examination - 100%

EC 31F – FINANCE AND DEVELOPMENT

*Prerequisites: Intermediate Microeconomics I & II
Intermediate Macroeconomics I & II*

Theory of Financial Intermediation. Caribbean Financial Environment Portfolio Behaviour of Financial Institutions, i.e. Central Banks, Development Banks, Insurance Companies, Other Non-Banks, Stock Exchange.

EC 31G – ECONOMICS OF FINANCIAL INSTITUTIONS

*Prerequisites: Monetary Theory and Policy (EC31E),
Intermediate Microeconomics I & II (EC20A & EC20B)*

The nature and economic significance of the Financial System. Theory of Financial Intermediation. Caribbean Financial Environment. Flow of Funds Analysis. Management of Financial Intermediaries. Interest Rates and Security Prices. Borrowing and Lending in Money and Capital Markets. Efficiency Market Theory. Regulation of Financial Institutions.

EC 32C – TRANSPORT ECONOMICS

*Prerequisites: Intermediate Microeconomics I & II
Intermediate Macroeconomics I & II*

The course has been structured to cover the following areas:
The theory of transport pricing; The economics of transport costs; Transport and developing countries; Transport planning; Ocean transportation; The economics of aviation and airport, and economic considerations in land transport.

EC32F – ECONOMIC INTEGRATION

Aspects of Economic Integration
Approaches to Economic Integration
Integrative Mechanisms and Obstacles to the Integration Process
Gains from Economic Integration
Integration Dynamics
Select Problems on Planning within an Integration Region
Case Studies of Select Integration Experiences.

EC30N – INTERNATIONAL TRADE THEORY AND POLICY

*Prerequisites: Intermediate Microeconomics I & II
Intermediate Macroeconomics I & II*

Elementary Theory of International Trade including alternative theories of trade. The Structure of World Trade and the Main Factors Influencing Trade: including trade in services.
The Relationship Between Trade, Growth and Development.
International Trade Policy.

Regional Economic Integration: including South-South Cooperation.
 International Investments: The Multinational Firm.
 Institutions and Agreements which Influence International Trade: GATT, LOMÉ,
 etc.

EC 30P – INTERNATIONAL FINANCE

*Prerequisites: Intermediate Microeconomics I & II
 Intermediate Macroeconomics I & II*

The Balance of Payments.
 The Foreign Exchange Market: including the Euro-Currency Market and Analysis of
 the Efficient Market Hypothesis.
 International Adjustment and Stabilization.
 The International Monetary System: History Problems and Proposals for Reform.
 International Capital Markets and Movement of Capital.
 The International Debt Problem.

EC 33C – HUMAN RESOURCES POLICY AND PLANNING

*Prerequisites: Intermediate Microeconomics I & II
 Intermediate Macroeconomics I & II*

Human Capital Theory – investment in training and education.
 Labour and Economic Development – models of development and employment
 generation, internal and external migration.
 Theories of Employment and Employment Policy.
 Poverty and income Distribution.
 Manpower Planning Theory and Policy in Developing Countries.

EC 33E – PUBLIC SECTOR ECONOMICS

*Prerequisites: Intermediate Microeconomics I & II
 Intermediate Macroeconomics I & II*

Role of Government
 Theory of Public Goods
 Public Enterprise
 Budgeting Public Expenditure
 Cost-Benefit Analysis
 Income Distribution
 Stabilization Policy

EC 33F – ECONOMICS OF TAXATION

*Prerequisites: Intermediate Microeconomics I & II
Intermediate Macroeconomics I & II*

Efficiency Analysis
Tax Incidence
Taxation and Labour Supply
Taxation and Investment
Tax Effort and Elasticity Analysis
Income and Corporate Taxation
Indirect Taxes
Tariff Analysis

EC 33H – ECONOMIC PLANNING AND PROJECT APPRAISAL

*Prerequisites: Intermediate Microeconomics I & II
Intermediate Macroeconomics I & II*

The ideology of planning. Levels of planning. Planning Strategy. Planning models. Input-output analysis. Accounting prices. Decision formulae. Tools of project appraisal.

EC 33J – ECONOMIC DEVELOPMENT

*Prerequisites: Intermediate Microeconomics I & II
Intermediate Macroeconomics I & II*

A critique of methodological approaches. Static and dynamic analysis. Stage theories of development. Structuralist models. The international economy. Models of small dependent economies. Structural adjustment and development. Strategies of development.

EC 34D – RESOURCE AND ENVIRONMENTAL ECONOMICS

*Prerequisites: Intermediate Microeconomics I & II
Intermediate Macroeconomics I & II*

Microeconomic and Macroeconomic issues relating to the pricing and taxation of renewable and renewal natural resources. Depletion Theory and Policy. Economic issues relating to the exploitation of natural resources. The Valuation of Environmental Resources. Problems with natural resource exploitation in the Caribbean. Impact of Industrial/Tourism Development on Natural Resources.

EC 34F – BUSINESS AND ECONOMIC FORECASTING

*Prerequisites: Introductory Mathematics
Introductory Statistics*

The aim is to acquaint students with the full range of forecasting techniques, describing their essential characteristics and showing how they can be applied in practice.

Basic concepts of forecasting: Need and uses of forecasting, type of forecasting, introduction to some of the terminology.

Trend-line fitting and forecasting. Introducing trends, estimating a curve, forecasting using trend curves.

Time series methods. White noise, moving averages and autoregressive models, exponential smoothing and smoothing methods in general. Decomposition methods, ARMA methods, Box-Jenkins methods.

Regression methods and Econometric models. Simple regression, multiple regression, use of Econometric models in forecasting. Qualitative and subjective forecasting.

Evaluation forecasts. Mean square error and other criteria.

Forecasting and planning in organizations.

EC 34J – OPERATIONS RESEARCH I

*Prerequisites: Introductory Mathematics
Mathematics for Economists I
Introductory Statistics*

Non-Linear Programming - Constrained and unconstrained models.

Dynamic Optimization - Calculus of variations and optimal control.

Dynamic Programming

Linear Programming

Special Cases in Linear Programming

Integer Programming and Combinatorial Models.

EC 34M – OPERATIONS RESEARCH II

*Prerequisites: Introductory Mathematics
Mathematics for Economists I
Introductory Statistics*

Theory of Games
 Markov Decision processes
 Inventory Models
 Waiting Line Models
 Probabilistic Dynamic Programming Models
 Simulation
 Project Scheduling

EC 35J – LABOUR ECONOMICS

*Prerequisites: Intermediate Microeconomics I & II
 Intermediate Macroeconomics I & II*

Nature of Labour Economics.
 The Structure of Labour Markets.
 The Supply of Labour.
 The Demand for Labour.
 Labour Market Interaction - wage and employment determination under different market structures and institutional arrangements.
 The Economics of Trade Union Behaviour and Collective Bargaining.
 The Structure of Labour Compensation.

EC 35F – CARIBBEAN ECONOMIC ANALYSIS

*Prerequisites: Intermediate Microeconomics I & II
 Intermediate Macroeconomics I & II*

Objective: The course attempts to provide the analytical equipment required for studying aspects of the transmission processes in the small open dependent economy. It familiarizes the student with the institutional framework of Caribbean economies and develops a feel for the contemporary policy issues.

Structure: Modelling the small open economy (basic relations)
 Income determination
 Balance of payments and development
 Wages, prices, and employment
 Money and financial behaviour
 Trade and production patterns
 A research project

EC 35G – ECONOMICS OF EDUCATION

*Prerequisites: Intermediate Microeconomics I & II
Intermediate Macroeconomics I & II*

Topics: The Nature of Human Capital Investment. The Economic Returns to Education and Training. The Contribution of Education and Economic Growth and Development. The Principles and Techniques of Educational Planning. Financing Education - Principles of Costing and Expenditure Analysis. Productivity, Efficiency and Equity of Education.

EC 35H – THEORY OF SMALL OPEN ECONOMY

*Prerequisites: Intermediate Microeconomics I & II
Intermediate Macroeconomics I & II*

This course will address theoretical issues pertaining to the genetic characteristics behavioural peculiarities and structure of small open economy. It will examine the interrelationships among macroeconomic variables in small open economy, under alternative institutional settings, paying particular attention to Caribbean economic environment. It will also examine the influence on transmission mechanisms of labour and product market disequilibria, and foreign exchange insufficiency, using the special case of an equilibrium system as a basis for comparison. Methodological issues pertaining to model construction and analysis will be discussed. Analytical issues pertaining to stabilization policy in Caribbean economies will also be addressed.

EC 36C – ECONOMETRICS I

*Prerequisites: Mathematics for Economists I
Statistical Methods*

Syllabus: General Linear Model Generalized Least Squares. Breakdown of Assumption on GLM. Simultaneous Equations.

EC 36D – ECONOMETRICS II

*Prerequisites: Mathematics for Economists I
Statistical Methods
Econometrics I*

Syllabus: Lagged variable, dummy variables, and their use in Econometrics. Single equation methods in demand analysis. Consumption

theory etc. Uses of large scale macroeconomic models. Model simulation. Forecasting.

EC 37C – ECONOMICS OF AGRICULTURAL PRODUCTION

*Prerequisites: Intermediate Microeconomics I & II
Intermediate Macroeconomics I & II*

The Role of Agricultural Production Economics: An overview.
 Technical Properties of Production: A positive analysis.
 Economic Properties of Production: A normative analysis.
 The Theory of Cost and Supply: Imperfect Competition - Agricultural supply functions.
 The Theory of Derived Demand: Food demand functions.
 Firm-Household Interrelationships: theoretical issues.
 Uncertainty and Risk.

EC 37B – AGRICULTURAL DEVELOPMENT AND POLICY

*Prerequisites: Intermediate Microeconomics I & II
Intermediate Macroeconomics I & II*

Agricultural and the Economy: Importance of agriculture and dynamic).
 Special problems of agriculture. Agriculture and public policy.
 Theories of Agriculture in Economic Development.
 Institutional Aspects of Agricultural Development: Marketing Tenure and Credit.
 Strategies of Development.
 Systems of Agricultural Organization: The Plantation Case. The Peasant Case.
 Mixed Patterns.
 Techniques of Project Analysis
 Case Studies of Selected Agricultural Problems in the Caribbean.

**DEPARTMENT OF GOVERNMENT, SOCIOLOGY
AND SOCIAL WORK**

COURSE SYLLABUSES

LEVEL I

**PS12A – INTRODUCTION TO PSYCHOLOGY
(formerly ED10D)**

Objectives: To enable students to

- (i) understand some of the major conceptual and theoretical bases underlying psychology as a discipline.
- (ii) understand, use and evaluate techniques for the scientific study of human behavior.
- (iii) develop skills of self-awareness and self-analysis and for the psychological analysis of the society in which they live.

Contents:

1. Nature of Psychology
2. Psychological Development
3. Perception
4. Learning
5. Memory
6. Basic Drives and Motives
7. Mental Abilities and their measurement
8. Personality and Individuality
9. Conflict and Stress
10. Social Behavior

Assessment Procedures: One coursework assignment (40%) and one two-hour written examination (60%).

GT10A – INTRODUCTION TO POLITICAL ANALYSIS

In this course the student will receive an introduction to classical political philosophy. Theories of the state, modern political science methodologies, comparative government, Caribbean political thought, international politics and colonialism and some basic tools in helping you to clarify your political beliefs, in understanding our political environment and in enabling you to analyze events with a greater degree of sophistication, consistency and clarity.

GT10B – INTRODUCTION TO CARIBBEAN POLITICS

1. Colonialism and Imperialism
2. The 1930's Labour Revolts and the Moyne Commission
3. Constitutional Decolonisation and the Westminster model
4. British Liberal Democracy and the Westminster system
5. West Indian political parties: Electoral politics
6. The trade union movement in the West Indies and Pressure groups
7. The politics of Alternative Development. The 1970's and 1980's
8. Regional Integration: Economic and Political aspects
9. Public Administration – The West Indian Civil Service

SY10A – THE LOGIC OF SOCIAL INQUIRY

This proposed faculty-wide Part One core course is intended to lead into departmental offerings in research methods. As such it addressed those general philosophical questions which form a necessary grounding to the understanding of those techniques and procedures which follow. It will not be dealing with those methodological issues featured in faculty introductory courses.

Topics to be treated include the following:–

1. Epistemological issues and theories of knowledge. Their impact on perspectives ranging from positivism to Ethnomethodology.
2. The notion of understanding under Weberian and other perspectives.
3. Explanation in the social sciences. Types of explanation from genetic to functionalist. How explanation varies from description.
4. Causality and association. Their similarities and differences.
5. Theory, hypothesis and fact. Their interplay. Casual modelling.
6. Social sciences as science or art or both.
7. Values and ideology in the research process (including discussion of feminism).
8. Induction and deduction. Grounded Theory.
9. The distinction between a social problem and what is socially problematic.

SW10A - HUMAN BEHAVIOR IN THE SOCIAL ENVIRONMENT

This course seeks to build a knowledge base about human behavior and growth which is necessary for Social Work practice . An ecological and systems framework, together with a developmental approach to the major social science theories, are used to provide an understanding of the interaction between a person and the social systems in which individuals live (families, groups, organizations, institutions and communities). The course addresses the interrelatedness of biological, social cultural, environmental, and psychological factors in human behavior. Inequality, discrimination, and differential access to opportunities are also examined. The content on race, gender, age, class, and sexual orientation addresses the impact which these conditions have on individual functioning at

each developmental stage of the lifespan. Issues will be discussed within the Caribbean context.

SY11A – CONCEPTS, THEORIES AND METHODS OF SOCIOLOGY

1. The Sociological approach
2. The development of Sociology in the Caribbean
3. The founding fathers of sociology
4. Modern sociological theory
5. Theories of social change and development
6. Sociological methodology

SW10B – INTRODUCTION TO SOCIAL WORK

This course will provide an introduction to the history, mission, and philosophy of social work and its development as a profession in the Caribbean. It will introduce the student to social work values, ethics, theories, knowledge base functions and skills, and examine the relevance of social work to the social, economic, and political change in a society. In addition, the contribution of social work in meeting needs of individuals, groups, and communities through delivery of social programs will be explored.

The student will be introduced to the history and current patterns of social welfare program development, and the range of services that comprise social work and social welfare service delivery in Barbados and the Region. Students will be able to observe the operations of various social service agencies through organised field visits.

This course will also be valuable for any student who wishes to gain knowledge about the purpose of social work and its development as a profession.

SW11A - SOCIAL WORK THEORY AND PRACTICE WITH INDIVIDUALS AND FAMILIES

The course introduces social work students to direct practice with individuals and families as client systems. It is particularly concerned with extending the student's ability to make a complete psycho-social assessment upon which a feasible plan of intervention can be based, and by which the outcome of case intervention can be evaluated. A pluralistic approach will be taken to the understanding of the individual within the context of the family, societal alliances, and the broader societal setting. The course will also examine the West Indian family as a societal system.

This course will be conducted in seminar style and will provide students with various modalities for learning: lectures, group work, guest lectures, role-play and student presentations. Students will participate in experiential learning exercises during tutorial sessions.

SY11B – CARIBBEAN SOCIETY AND SOCIAL INSTITUTIONS

1. Population, migration, population control
2. Family, education, religion
3. Bureaucracy
4. Social stratification and mobility
5. Models of Caribbean society

SY40B – INTRODUCTION TO SOCIAL PSYCHOLOGY

This course is designed to combine sociological and psychological perspectives. It will study the determinants of human behavior and survey past and current theoretical interaction perspectives in such major content areas as primary and secondary socialisation and its consequences in relationships; self and personality development attitudes; prejudice, racism and sexism; conformity; deviance; leadership; small group processes; interpersonal attraction, altruism; aggression and violence.

Theories of George Herbert Mead; W.I. Thomas; Erving Goffman; Peter Berger; Thomas Luckmann and Charles Cooley will be considered. Student will also be expected to participate as members of individual groups for the primary purpose of applying theoretical constructs and previous studies to the social international realities of their groups.

LEVEL II/III COURSES

PS22B - THEORY AND PRACTICE OF COUNSELLING I

Prerequisites: *SY11A Concepts, Theories and Methods of Sociology*, **AND**
PS12A Introduction to Psychology **OR**
SY40B Introduction to Social Psychology

This course provides a broad introductory overview of the counseling process with emphasis on both the theoretical foundation and the demonstration and practice of basis communication, counseling and problem-solving skills in the counseling relationship. This course is recommended for those students planning on entering the social science fields where interpersonal contact with people necessitates dealing with personal, social, vocational, empowerment, and educational concerns. Through the use of lecture, discussion, experiential exercises, group work, practice experiences and course work, students will participate in their own development in the counseling process.

PS 25 A - THEORY AND PRACTICE OF COUNSELLING II

PREREQUISITE: PS22B- Theory and Practice of Counselling I

This course provides a broad introductory overview of the counselling process in specialty areas that include testing, assessment, diagnosis, evaluation, research, consultation and group counseling. Mental health, rehabilitation, and substance abuse counseling with people from diverse populations will be addressed. Field practicum experiences in key community institutions are an integral component of this course. This course is recommended for those students planning on entering social science fields, such as psychology and social work, that deal with people with a variety of challenges. Through the use of lecture, discussion, videotapes, experiential exercises, group work, practice and field practicum experiences, and course work, students will participate in their own development in the counselling process. Successful completion of the course will be determined by a final examination, clinical reports, and a student self-assessment.

SW20A - SOCIAL WORK THEORY AND PRACTICE WITH GROUPS

Prerequisites: SW10B *Introduction to Social Work*; AND SW11A *Social Work Theory and Practice with Individuals and Families*

The purpose of this course is to provide Social Work students with the theory and practice of social group work. The course will address the initiation, facilitation and leadership of both task groups (social, recreation, education, skill, problem-solving and decision-making, self-help, socialization) and treatment groups from an ecosystems perspective. The focus of the course is to develop group leaders who understand group dynamics and effective leadership skills. The historical and theoretical foundations and the development of skills in group social work will be discussed and practiced. The course will emphasize issues that have application to a wide range of social work clients and situations in the Caribbean region.

SW20B - SOCIAL WORK THEORY AND PRACTICE WITH COMMUNITIES AND ORGANIZATIONS

Prerequisites: SY20A *Social Work Theory and Practice with Groups*

The course introduces students to evolving theoretical approaches in generalist social work practice with communities and organizations as macro systems. It provides an understanding of communities and organizations as clients, the concept of planned change at the community level, as well as strategies and methods utilized in community and organization practice. The course also addresses stages of organizational development, strategies and tactics in intervention in macro practice, and the management of organiza-

tional change. Processes in formal/bureaucratic and other organizations in Barbados and the Region are discussed.

SY20A – CLASSICAL SOCIAL THEORY

Prerequisites: SY11A Concepts, Theories and Methods of Sociology, AND SY11B Caribbean Society and Social Institutions

1. The emergence of sociology as a discipline, and the dialectical development of perspectives. The nature of sociological explanation.
2. Organicist and evolutionary theories: Comte, Spencer, Durkheim, Tönnies, Redfield, Sorokin.
3. Pre-conflict and conflict theories: Pareto, Socio Darwinism, Marx.
4. Formalism: Simmel
5. Social Action Theory: Weber

SY20B – MODERN SOCIAL THEORY

Prerequisites: SY11A Concepts, Theories and Methods of Sociology, AND SY11B Caribbean Society and Social Institutions

1. Symbolic Interactionism – early approaches: Mead, Cooley, Thomas.
2. Symbolic Interactionism – later approaches: Rosem Blumer, Denzin, McCall and Simmons.
3. Dramaturgical perspectives: Goffman
4. Phenomenology: Vierkandt, Scheler, Gurwitsch, Schutz, Berger.
5. Ethnomethodology: Garfinkel, Douglas, Zimmerman, Atkinson.
6. Critical theory – Habermas, Horkheimer, Benjamin, Adorno, Fromm.

SY22A – QUALITATIVE RESEARCH METHODS

*Prerequisite: SY11A Concepts, Theories and Methods of Sociology, **OR** SY11B Caribbean Society and Social Institutions*

1. The formulation of a research problem – reviewing the literature and other source material. The interplay of theory and method.
2. Documentary analysis – historical and case study material.
3. Unobtrusive measures – erosion and accretion analysis.
4. Participant and non-participant observation.
Grounded theory and fieldwork.
5. Interviewing as focused communication.
Inhibitors and facilitators.
6. The case study approach.
7. Content analysis of written and non-written material.
8. Ethical issues in qualitative research.

SY22B – QUANTITATIVE RESEARCH METHODS

Prerequisites: SY10A The Logic of Social Inquiry; SY22A Qualitative Research Methods; AND SY11A Concept, Theories and Methods of Sociology OR SY11B Caribbean Society and Social Institutions

1. Variables and their Operationalisation.
2. Indicators and scales
3. Questionnaire design
4. Sampling
5. Coding
6. Data analysis
7. Ethical issues in quantitative research
8. Writing the research report.

SY24A – DEVELOPMENTAL PSYCHOLOGY

Course Rationale and Objective:

The student should have already had a basic understanding of the general principles of psychology and an appreciation of the variations of the different schools of psychology.

At the end of this course the student should understand the physical, social and psychological development of an individual from birth to the factors that shape behavior from birth to old age. SY300 – SUPERVISED RESEARCH AND SW300 - SUPERVISED RESEARCH

GENERAL

- (1) The Supervised Research Project is equivalent to a Faculty course and must therefore reach that standard in terms of content and research effort.
- (2) It is restricted to those majoring in Sociology or Social Work.

PROCEDURE

- (1) Students must choose a topic for study which is primarily sociological in focus and which should broadly fall within a sphere of research specialisation of one of the Sociology lectures. They must then seek the advice and approval of the lecturer who is willing to act as supervisor for each study. On occasions when the chosen topic spans more than one subject area or discipline, joint supervision with another university lecturer may be recommended.
- (2) Students should submit a proposal to and consent regularly with their supervisors. It is students' responsibility to inform supervisors of progress and general difficulties and to seek specific advice on bibliographical material and research methods (preparation of questionnaires, etc.).

PRESENTATION

- (1) The study should normally be between 5,000 and 8,000 words in length, excluding bibliography.
- (2) It should contain some originality in material, argument and conclusion and evidence of extensive reading and comprehension of the subject area. The research should also be explanatory rather than descriptive in nature.
- (3) Each study must have a title page, with the student's name, supervisor(s) name(s) and title of the paper.
- (4) Studies should be typed.
- (5) Bibliographies must be included.
- (6) Footnotes to elaborate briefly on points should be kept to a minimum.
- (7) Citations and References should follow Departmental Guidelines available from the Department Office.

DEADLINES

- (1) For submission of Proposal: 5TH MONDAY OF SEMESTER I
- (2) For submission of final project: on May 2

SW35B - Field Instruction II

Prerequisites: SW35A Field Instruction I
SW36A Field Instruction Integrative Seminar I

Field Instruction II provides students with further opportunities for development of social work practice through performance in social service agencies. The central focus of this field practice is on the application of social work skills within the macro client system in addition to the micro and mezzo client systems. Field Instruction II is the educational component where knowledge, values, and skills learned in the classroom are tested, reinforced and integrated in a disciplined manner. As students undertake learning tasks within the reality of agency life, a vital link is established whereby constructive use of theory, acquired through course work, can be applied. Values and attitudes are examined and skills are developed and refined.

Students are placed in social work and related agencies for eight (8) hours each day, four (4) days per week, for thirteen (13) weeks, totaling 416 hours. Field instructors/ agency supervisors and students are guided in practice by the social work programme's field instruction coordinator. Use of a field instruction manual assures standardisation, continuity, and accountability for learning tasks, and their completion and evaluation, within the second semester field experience. Field Instruction II is held concurrently with Field Instruction Integrative Seminar II - SW36B, a seminar designed to enhance and strengthen the field experience.

SW36B Field Instruction Integrative Seminar II

SW35A Field Instruction I
SW36A Field Instruction Integrative Seminar I

Field Instruction Integrative Seminar II is held concurrently with SW 36A: Field Instruction II and is an adjunct to the field instruction experience. This three (3) credit hour seminar prepares students for work in a social service setting and provides further opportunities for students to integrate social work knowledge and theory with practice experiences from community agencies. Students engage in active discussion of the application of theory and practice to professional values, standards, and ethics based on aspects of the field instruction experience with client systems.

The focus of Seminar II is on building student competence and skills with client systems at the macro level. Further development and practice of interventions, skills and techniques are encouraged through individual and group participation in the classroom. The importance of professional “use of self” in understanding personal attitudes, biases and stereotypes will be emphasised, along with a strong professional work ethic.

SW42A – CHILDREN AND FAMILY SERVICES

Course Rationale:

The family is generally recognised for its primary role in nurturing and socialising its members. However, there is increasing evidence without the help and intervention of social service practitioners. This course is designed to provide students in year two or the Social Work Programme with an understanding of the different ways in which society, through its institutions responds to protect the child, when the family is unable to perform its primary role.

Course Objectives - At the end of the course students will:

1. Understand the family as a system, and its role in the socialisation of the child.
2. Undertake a study of the different types of family structures - and will develop an ability to determine when a family is considered at risk.
3. Become familiar with the roles of public and private institutions in protecting the child (with particular reference to institutions in the West Indian society).
4. Develop the skills necessary to work with the child and his family.
5. Understand the concepts of foster-care, residential care adoption and correctional services in responding to the needs of the family.

Methodology

A combined use of the relevant literature, class presentations, discussions, assignments, simulated exercises etc. Active student participation is expected and will be encouraged.

12. A book requested by another reader will be recalled only after it has been on loan for 10 days.

Non-Circulating Items

13. Certain publications may on no account be removed from the Library. These include all reference books, current issues of periodicals and other works of special value. All non-circulating items are clearly marked.

Reserved Books

14. Reserved books may only be borrowed overnight or on weekends. Only two (2) such items may be borrowed at any one time, the loan to begin after 5:00 p.m. on weekdays, 11:00 a.m. on Saturdays, and 3:00 p.m. in the summer vacation, and must be returned by 10:00 a.m. or 5:00 p.m. as indicated by the date due stamp.

Reading Room Loans

15. Only two (2) items may be borrowed for use in the Reading Room at any one time.

Periodicals

16. Periodicals will normally be restricted to Reading Room use, but Graduate Students and members of the Academic and Senior Administrative Staff may borrow bound volumes only – to a maximum of two (2) such items – for a period of 14 days. These loans are not normally renewable.

FINES

17. (a) The Librarian is empowered to levy a fine upon all readers who fail to return Library material within the prescribed period.
- (b) The fine for late return of library material borrowed from the general collection by academic staff will be 50 cents for each day the loan is overdue.
- (c) The fine for late return of library material borrowed from the general collection by postgraduate students will be 50 cents for each day the loan is overdue.
- (d) The fine for the late return of library material from the general collection by other borrowers will be 25 cents for each day the loan is overdue.
- (e) In determining the number of days by which a loan is overdue in relation to clauses (b), (c) and (d) above, only days in which the Library was closed owing to unforeseen circumstances will be excluded.

- (f) The fine for late return of an item from the Overnight Collection will be charged at 10 cents per hour.

Maximum Fine

18. The maximum fine for the late return of Library material shall not exceed Bds.\$50.00 in the case of academic staff borrowers, Bds\$50.00 in the case of postgraduate student borrowers, and Bds\$30.00 in the case of other borrowers.
19. Loss of or damage to any library material on loan to a reader must be reported by him/her immediately. The reader must pay the cost of replacement (or the estimated market price of the book if irreplaceable) of lost or seriously damaged books or other items in addition to any fine which he/she may have incurred before the loss or damage was reported.
20. The names of all those who are not in good standing with the Library – that is, those who, after due notice, have failed to return overdue items or who fail to pay fines or costs of items lost or damaged – will be submitted to the Principal for further action.

THEFT AND MUTILATION

21. The wilful mutilation or defacement of library material, the attempt at, or illegal removal of library material, the attempt to obtain library materials or to gain access to library facilities by false pretenses or forgery, will be considered a major offence against the University, and any person who commits such an offence may be reported to the appropriate University authority for disciplinary action which may include a maximum penalty fine of Bds.\$300.00, suspension or expulsion.

CONDUCT

22. The Reading Room are for the purpose of study and not for discussions or social gatherings. Any conduct inconsistent with this purpose or detrimental to its pursuit by others shall constitute a breach of the Rules.
23. The Librarian shall at all times have authority to maintain good order in the Library and may exclude from it or suspend from its use any reader who breaks these Rules. He/she may report to the Principal any person responsible for serious or persistent breach of these Rules; such conduct by any student shall be considered a breach of University discipline.
24. Readers must not mark, deface or damage any book or other library material or furnishings in any way.
25. All members of staff are empowered to require readers to comply with these Rules.

26. Silence shall be observed in the Reading Rooms.
27. All bags, briefcases, handbags, etc., must be deposited in the racks provided at the Library entrance. The University accepts no responsibility for loss or damage of any article so left.
28. Eating or drinking is strictly forbidden in the Library.
29. Smoking is strictly forbidden except in those parts of the Library where it is expressly permitted.
30. Except as provided for in Rule 20 above, any breach of these Rules or of the Regulations by a reader may render him/her liable to a fine not exceeding Bds.\$20.00 at the discretion of the Librarian.
