The Faculty Handbook is an extremely useful reference booklet for all students of the Faculty, but particularly undergraduates. It is the source of regulations and guidelines immediately relevant to an efficacious pursuit of your studies.

The handbook provides a description of degree programmes available, the structure of degrees offered in the departments, and the generic description of all approved courses in the Social Sciences at the Cave Hill Campus.

You should pay close attention to this information and supplement it with the particulars available in the handbooks issued by departments. With these two handbooks you should be well armed to reduce errors in course selection, the accumulation of required credits, and optimum choice of courses available to you.

Good Luck in your studies and Best Wishes.

2. JOINT MAJOR

B.Sc. HOSPITALITY AND TOURISM MANAGEMENT

This Programme is offered jointly with the Barbados Community College (BCC). In the programme, students are required to complete the Two-Year Associate Degree in Applied Arts - Tourism and Travel, or the Associate Degree in Applied Arts - Hotel Catering and Institutional Operations, (or equivalent) with a 2.75 grade point average, before proceeding to complete years 3 and 4 in the Faculty.

The four-year programme consists of a core of Hospitality and Tourism courses, along with Business and Management courses, in two (2) areas of specialisation, viz. Hospitality Management and Tourism Management. The vocational courses, particularly in Hospitality, will be undertaken during the first two years of study at the purpose-built facilities of the Hospitality Division of BCC. In years 3 and 4 a range of Business and Management courses is offered mainly at the Cave Hill campus of the UWI. The four-year programme is designed to be both academically sound and specifically relevant to the Regional Hospitality and Tourism Industry. The training will provide opportunities for employment in hotels, transportation and tour operation companies, travel agency operations, national and regional tourism organizations and government departments. It will be of benefit to those already in the industry as well as those seeking to enter this diverse field.

Students will receive practical exposure to kitchen, restaurant and general hotel management operations at the Pomarine Training Hotel facility. They will also be given the opportunity to gain experience and a realistic appreciation of the working environment of the industry through an internship scheme. A six (6) week internship is undertaken at the end of Year 2, and a further twelve (12) week industry internship is undertaken at the end of Year 3 of the programme.

Language training is built into the degree programme as a requirement during the first two years.

As students undertake learning tasks within the reality of agency life, a vital link is established whereby constructive use of theory, acquired through course work, can be applied. Values and attitudes are examined and skills are developed and refined.

Students are placed in social work and related agencies for eight (8) hours each day, four (4) days per week, for thirteen (13) weeks, totaling 416 hours. Field instructors/agency supervisors and students are guided in practice by the social work programme’s field instruction coordinator. Use of a field instruction manual assures standardisation, continuity, and accountability for learning tasks, and their completion and evaluation, within the second semester field experience. Field Instruction II is held concurrently with Field Instruction Integrative Seminar II - SOWK3008 (SW36B), a seminar designed to enhance and strengthen the field experience.
