# MSc. FINANCIAL MANAGEMENT

**Financial Management is a critical function in all organizations and is one of the most important programmes offered in Management and Business schools. Individuals working in the area of Financial Management, now require advanced training to bolster their work experience and strengthen their technical competencies. The core of the programme will ensure that all students leaving the programme have certain key competencies and skills in the area of Financial Management.**

## Objectives

The core objectives of the MSc. Financial Management programme are to:

- Develop the critical thinking and analytical skills of students entering the programme;
- Provide the Caribbean with a cadre of individuals with excellent core competencies in Financial Management;
- Enhance the skills of individuals working in Financial Management throughout the region;
- Challenge students to develop and conceptualise topics that take explicit account of the peculiarities of small island developing states;
- Challenge students to develop and conceptualise topics that expand the frontiers of the field of Financial Management,
- Ensure that students leaving the programme can provide both technical as well as practical advice to employers, AND
- Ensure that participants can communicate well, both orally and in writing.

## Entry Requirements

To qualify for entry to this programme, applicants should normally have at least a Second Class Honours degree or its equivalent.

Non-degreed candidates and candidates with a Pass degree who have other relevant qualifications and substantial experience will be considered for entry on a case by case basis.
