***CAVE HILL CAMPUS***

# *FACULTY OF SOCIAL SCIENCES*

***UNDERGRADUATE HANDBOOK***

***2014 – 2015***

The Faculty of Social Sciences Undergraduate Handbook is provided for the convenience of students. It sets out the Faculty's regulations governing the programmes offered; important guidelines; information on the courses offered at Cave Hill Campus and at the Centre for Hotel and Tourism Management, Nassau (Bahamas).

The current edition was finalized on July 31, 2014. A concerted effort was made to eliminate all errors but students must check with their department at the start of the semester and during the course of the academic year for updates as well as corrections of any errors or omissions that have come to light subsequent to the finalization of the Handbook. Students should always check with the latest Faculty Handbook when considering programme alternatives and for course offerings

# *DEAN'S REMARKS*

As it is once again time to warmly welcome a new cohort of students to the Faculty of Social Sciences, I am reminded of how quickly time passes and the need to always seize the day and make the most of now. Carpe diem is as appropriate an expression today as it was for the ancient Greeks and Romans. Congratulations to you, our new students, on choosing to pursue higher education, and on choosing to join the tradition of Caribbean excellence at the University of the West Indies. We also warmly welcome back our continuing students as you continue your personal and intellectual journey with us. Our goal in the faculty is to facilitate you as you engage in your studies and foster your development as citizens of competence, conscience, and compassion.

As part of an intellectual community which places the Caribbean at the centre of its activities you owe a debt of gratitude to those giants of our university and Caribbean civilization that have come before you. As you engage in your various activities, take time to digest the history that surrounds the campus. Inquire about Roy Marshall as you pass the lecture complex named in his honour, to wonder about William Quaw as you pass by the monument named in his memory, embrace the history that surrounds you. As the new generation, you owe the future a spirit of inquisitiveness that is essential as you seek to further advance the quality of life for yourself and those around you. The answers and solutions to the many challenges we currently face often derive from a spirit of questioning and discovery.

The Faculty aims to be efficient in the delivery of its services, and making maximum use of available technologies is an integral part of our efficiency thrust. As students you will find that the campus' website, www.cavehill.uwi.edu, and the Social Sciences website, www.cavehill.uwi.edu/fss, will provide much relevant information and utilising these resources will enhance your personal efficiency.

Our excellent and dedicated staff is here to serve you as you join or continue UWI's tradition of excellence.

Justin Robinson, Ph.D.
Dean, Faculty of Social Sciences

# GENERAL REGULATIONS FOR THE DEGREE OF BACHELOR OF SCIENCES IN THE FACULTY OF SOCIAL SCIENCES

## Definition of Terms

| | |
|---|---|
| ***Advising Hold*** | An Advising Hold may be placed on a student record to indicate that the student must get academic advising prior to registration |
| ***Anti-Requisites*** | Refers to courses where content overlap precludes courses being taken together for credit. Students are urged to view the listings in this handbook and consult their department for guidance |
| ***Core or compulsory courses*** | Courses that students must complete in order to be awarded a degree |
| ***Credit*** | Refers to a unit of study counting towards a degree or diploma. Undergraduate courses in the Faculty normally carry a weighting of three (3) credits. A number of courses, however, carry a weighting of six (6) credits. |
| ***Exemption with credit*** | Refers to cases where a student is granted exemption from UWI courses because the student has already passed courses in other programmes at UWI or passed courses of similar content at other recognized institutions. Students ***are not required*** to take replacement courses. |
| ***Free electives*** | Courses which are optional in the degree programme concerned and may be selected from any department or faculty. Please note that Level I courses ***cannot be used*** as electives in Level II/III of the programme. |
| ***Level I, Level II & Level III*** | Represents the different standard of courses that must be completed in the undergraduate degree programme. Each level is designated by the first numeral in the course code. Levels II and III courses are equally weighted for the assessment of class of degree |
| ***Pre-requisites*** | Courses which must be completed before registration for another course is permitted |

## QUALIFICATIONS FOR ADMISSION

1.1 Before registration and before beginning courses in the Faculty the candidate must have satisfied the University Matriculation requirements for entry to a degree programme (See University Matriculation requirements - UWI Calendar Vol II Part II).

Set out below, however, are the minimum requirements for full-time (3 years) and part-time (4 years) admission to the Bachelor of Sciences degree programmes in the Faculty. Admission to all degree programmes in the Faculty will be on a competitive basis. Therefore, the fulfilment of the mandatory minimum requirements does not guarantee admission.

### English Language Proficiency Test (ELPT)

1.2 All applicants to the University of the West Indies are required to sit the English Language Proficiency Test (ELPT) to determine their level of entry to FOUN1001 English for Academic Purposes or FOUN1008 Rhetoric II: Writing for Special Purposes.

1.3 Applicants for entry into Economics, Accounting, Management Studies; Psychology and Statistics (Mona) degree options (specialization and majors) are required to have a minimum of a Grade III pass in CXC (General) Mathematics or a qualification deemed by Faculty Board to be equivalent.

## Exemption with Credit

1.4 The following exemptions are entered for students in the Faculty of Social Sciences ***only***. Exemptions are subject to the discretion of the Faculty and qualifications may be deemed to be obsolete by the Faculty Board. Students who wish to apply for exemptions outside of the programmes and equivalent courses listed below may do so by submitting an exemption form to the Faculty Office. If the qualification was obtained from an external university the student would need to supply the relevant course outlines so that the courses may be assessed.

***(i) From CAPE***

Exemption with credit is granted for Grades 1 to 4 for CAPE Units 1 and 2 in following subject areas:

| ***CAPE Subject*** | ***UWI Level I course*** |
|---|---|
| CAPE Accounting Unit 1 | ACCT1002 Introduction to Financial Accounting |

***(iii) From Other Universities***

(a) A student entering from another university to read for a UWI degree will have to do a minimum of two years full-time study or 60 credits.

(b) Unless departments already have a record of the particular courses, course outlines are to be submitted for departments to make an assessment. Any course approved by departments will earn students exemption with credit from UWI equivalent courses up to the limit indicated by (a) above.

(c) Exemption without credit may be granted for the course(s) in excess of the limit indicated.

## 1.5 Students Doing Study Abroad

***(a) Exchange programme***

Students who seek to do part of their programme at another university – a maximum of two semesters which must not include the final semester of full time study – must have the courses they intend to do at the overseas university assessed for equivalence and approved by the relevant department at Cave Hill ***before*** proceeding abroad. The request to study abroad and the course(s) approved by the department must then be submitted through the Dean's Office to obtain Academic Board approval.

When students' results are received from the overseas university, they will receive credit for the courses as

substitutes as approved by the Academic Board. The grade recorded will be the grade received and assessed and approved by the Academic Board as the equivalent of that awarded by the examining university.

## *TRANSFERS*

Inter and Intra Faculty Transfers

2.1 Students in another Faculty who have completed Level I of a degree programme of the University of the West Indies are eligible for transfer to the Level II of a degree programme offered by a Faculty of Social Sciences. Such students must, at the time of transfer, have passed courses which satisfy the Level I requirements of the Faculty of Social Sciences as well as the pre-requisites of the relevant courses of the programme into which the transfer is sought. Transfers are offered to students who have acquired a strong Level I record. (B+ average and above)

2.2 Students registered in the Faculty of Social Sciences on another Campus who have completed Level I of a degree programme are eligible for transfer to Level II in the Faculty of Social Sciences Cave Hill Campus

2.3 Transfer may also be offered to any student registered in any other Faculty of the University of the West Indies and who has successfully completed the Level I prerequisites to Levels II & III courses in the area of intended major or special and has also completed the required Foundation Course(s).

2.4 Consideration for transfer will not be given to students in the year they were accepted to the Faculty. Students may, upon receipt of an offer from the Admission Office, choose to reject that initial offer and immediately request their desired Major.

2.5 Students approved for transfer must pursue the programme requirements outlined in the Handbook for the year approval was granted.

2.6 For transfer to the Level II of a degree programme offered by the Faculty of Social Sciences (Mona), students registered prior to 1998-99 may include among the courses passed Essentials in English (UC010, UC001) or Use of English (UC120).

## *COURSE OF STUDY*

3. Candidates for any of the degree programmes must pursue a course of study comprising at least 90 credits at least 30 credits at Level I and at least 60 credits at Levels II and III. The Faculty Board may require that the timing of registration in particular courses be such as to ensure that the course of study extends over either at least five (5) semesters and two (2) summer school sessions or six (6) semesters.

## *LEVEL I REQUIREMENTS*

4.1 Students MUST complete ALL the requirements for Level I and Level II/III of their degree programme as indicated here.

Level I consists of a minimum of 30 credits or ten 3-credit Level I courses, depending on the choice of degree i.e. a single major, a double major, one major and one or two minors or a special. The choice made will determine whether or not additional courses must be taken.

Requirements for Level I of the degree are as follows:

(a) Three (3) University foundation courses
(b) Pre-requisites for Level II courses and/or free electives
(c) Any other courses designated by the respective departments which are not included in the above.

## *UNIVERSITY FOUNDATION COURSES*

4.2 As of 1998-99 all students registered in the University of the West Indies will be required to complete a minimum of 9 credits of Foundation Courses including MGMT 1000 Introduction to Computers.

Foundation courses are University courses and they are designed to promote sensitivity to and awareness of distinctive characteristic features of Caribbean cosmologies, identities and cultures.

i. FOUN 1008 Rhetoric II: Writing for Special Purposes
ii. FOUN 1210 Science, Medicine and Technology in Society
iii. FOUN 1101 Caribbean Civilization
iv. FOUN 1301 Law, Governance, Economy and Society
v. FOUN1001 English for Academic Purposes
vi. Any other course approved for the purpose by the Board of Undergraduate Studies

(b) Students registered in the Faculty of Social Sciences will be required to include among such Foundation Courses FOUN 1008 Rhetoric II: Writing for Special Purposes or FOUN 1001 English for Academic Purposes.

(c) The elective Foundation course, FOUN 1301 Law, Governance, Economy and Society, will not count for credit in the programme of the Faculty of Social Sciences except with the permission of the Dean.

(d) Exemption in whole or in part from the requirements under [4.2(a- b)] may be granted from time to time by the Board for Undergraduate Studies.

## *REQUIREMENTS FOR ENTRY TO LEVELS II AND III*

5. Students are required to satisfy pre-requisites for Levels II and III courses.

A minimum of twenty-four credits at Level I including eight core courses is required to progress to Level II.

## *REQUIREMENTS FOR THE AWARD OF THE DEGREE*

6.1 In order to qualify for the award of a degree a student must:

- Have completed a minimum of 90 credits (normally equivalent to 30 semester courses)
- Have completed at least thirty credits from Level I semester courses (including the Foundation Course requirement), and at least sixty credits from Levels II and III semester courses
- Students registering for more than twenty Level II/III courses must indicate in writing which of the additional courses are "not for credit at the time of registration". Students will not be permitted to register for "not for credit" courses after satisfying the requirements for the award of the degree.
- Have satisfied the requirements for their specific degree programmes.

6.2 Degrees are offered in the following categories:

- Special
- Major
- Three minors (restricted to B.Sc. Social Sciences)

A student must be formally registered in one of these programme options:

- A special comprises a minimum of forty-five (45) credits in the subject area at Levels II and III.
- A major comprises a minimum of thirty (30) credits in the subject area at Levels II and III.
- A double major comprises a minimum of thirty (30) credits each in two (2) subject areas at Levels II and III.
- A minor comprises a minimum of fifteen (15) credits in the subject area at Levels II and III. A major/minor comprises a minimum of thirty (30) Levels II and III credits in the subject area of the major and fifteen (15) Levels II and III credits in the minor.

6.3.4 The degree majors with which the above minors may be combined will be approved by the Faculty Board and Board for Undergraduate Studies and listed as programme offerings in the Faculty Handbook.

6.3.5 Students may also request to combine a Social Science major with a minor offered by another Faculty. To do this, the permission of the Deans of both Faculties must be sought and obtained.

6.3.6 A student may with the permission of the Dean change any major, special or minor for which that student is registered.

## *REGULATIONS FOR FULL-TIME PROGRAMME*

7. A full-time student:

(a) Shall complete the degree programme in not more than eleven (11) semesters and five (5) summer school sessions;

(b) Will unless Academic Board approves otherwise on the recommendation of Faculty Board be required to register for ten (10) semester courses in any one year and five (5) semester courses in any one semester. Permission may be sought for not more than one additional course per semester by any student who needs that one course for completion of the requirements for the degree or who has been awarded a grade of A as the examination mark for more than half of the courses for which that student has been examined when registered in the Faculty.

(c) Will be required to withdraw from the Faculty unless he/she has gained at least:

- fifteen (15) credits at the end of the second semester
- thirty-three (33) credits at the end of the fourth semester
- fifty-one (51) credits at the end of the sixth semester
- sixty-nine (69) credits at the end of the eighth semester

***N.B. Credits gained from courses done in another programme will not be counted towards the rate of progress.***

## *REGULATIONS FOR PART-TIME PROGRAMME*

8.

(a) A part-time programme is offered for Level I of the B.Sc. degree at Cave Hill Campus. Level II and III are available in all programmes offered at the Cave Hill Campus.

(b) The Faculty Board may require that the timing of registration in particular courses be such as to ensure that the course of study for the Level I programme extends over at least three (3) semesters inclusive of one (1) summer school session.

(c) A part-time student will be required to withdraw from the Faculty unless he/she has gained:

- six (6) credits at the end of the second semester
- eighteen (18) credits at the end of the fourth semester
- twenty-four (24) credits at the end of the sixth semester
- thirty-nine (39) credits at the end of the eight semester
- fifty-four (54) credits at the end of the tenth semester
- seventy-two (72) credits at the end of twelfth semester
- ninety (90) credits at the end of the fourteenth semester

(d) Part-time students shall usually be expected to register for a maximum of eighteen (18) credits in any one year.

(e) A part-time student may be allowed to register for twenty-one (21) credits if he/she has maintained a minimum GPA of 3.3. Finalizing part-time students may also be allowed to register for 21 credits.

(f) Part-time in the Faculty is defined by a student's work load per semester and does not mean evening studies. While some Level I courses are offered in the evening, the majority of the courses at Levels II and III are taught during the day only. Thus, students registered part-time must be prepared to attend classes between 8 a.m. and 9 p.m.

(g) Once a Part-time student transfers into the Full-time programme, he/she is required to maintain the rate of progress mandated for the Full-time programme.

***N.B. Credits gained from courses done in another programme will not be counted towards the rate of progress***.

## *REGULATIONS FOR GPA STUDENTS*

9.

(a) Except where otherwise prescribed in Faculty Regulations, a student whose GPA for a given semester is less than or equal to 2.00 shall be deemed to be performing unsatisfactorily, and shall be placed on warning. A student on warning whose GPA for the succeeding semester is less than 2.00 will be required to withdraw.

(b) A student on warning shall be counselled by the Dean or a designated faculty advisor. Such a student may, except where otherwise prescribed in Faculty Regulations, be permitted by the Academic Board on the recommendation of Faculty Board to carry a reduced course load.

## *REGISTRATION/EXAMINATIONS*

10.

a. Students will be examined during each semester and the summer session in the courses for which they are registered.

b. A course may be examined by one or more of the following methods:

(i) written examination papers

(ii) oral (under the conditions in Regulation 11 below)
(iii) practical examinations
(iv) coursework (which may include written in-course tests, practical work, dissertations, essays, projects, studies and other forms of coursework exercises as approved by the Faculty Board, or the Campus Committee on Examinations as appropriate).

c. A student failing a course may subject to the rate of progress requirements of these Regulations be allowed to substitute another approved course in a subsequent semester or repeat the failed course.

d. All optional courses (electives) listed in the various degree programmes in the Faculty Handbook will not necessarily be available in any one year.

e. Deadlines for changes of registration including withdrawal from or addition of courses will be as prescribed in University Regulations.

f. Registration for a course constitutes registration for the examination in that course.

g. A student who does not take an examination in a course for which he/she is registered is deemed to have failed that examination unless permission to be absent has been granted.

h. A student who, on grounds of illness or in other special circumstances as referred to in Examination Regulations fails to take an examination in a course for which he/ she is registered, may be given special consideration by the Board of Examiners to take examination at the next available opportunity, without penalty.

i. Students are asked to pay special attention to Examination Regulation which states:

"Any candidate who has been absent from the University for a prolonged period during the year for any reason other than illness or whose attendance at prescribed lecturers, classes, practical classes, tutorial or clinical instructions has been unsatisfactory or who has failed to submit essays or other exercises set by his teachers may be debarred by the relevant Academic Board, on the recommendation of the relevant Faculty Board, from taking any University examinations."

## *ORAL EXAMINATIONS FOR FINAL YEAR STUDENTS*

11.

(a) The Board of Examiners may recommend to the Department concerned that a student who has failed the last one or two courses(s) required to complete the degree be offered an Oral Examination in that one or those two courses provided that he/she has obtained in each instance a mark of at least 35% for the course(s).

If an Oral Examination is granted the student may choose to decline the offer.

(b) The Oral Examination, which will be of maximum length of one hour, will be held as soon as possible after the previous examination and within the academic year in which the student is expected to graduate. The student must contact the department concerned immediately so that arrangements may be made for the Oral Examination.

(c) The Oral Examination will concern the course as a whole, and not be restricted to the questions set in the examination which the student did. The First Examiner and at least one other must be present at an Oral Examination.

(d) If the examination is passed, the student cannot be awarded a grade higher than 40 - D and this grade will replace that previously gained for the entire evaluation in that course.

(e) If he/she fails the Oral, the student will not have any right of appeal or review.

(f) A student will be allowed only one Oral Examination for any one Course.

## *EXAMINATIONS ONLY*

12.

(a) Final year students failing one or two (but no more than two) courses may apply to register for "Exams Only" in the course(s).

(b) The candidate's assessment will be based entirely on the examinations which will count for 100%.

## *COURSEWORK*

13.

(a) In the case of examination by coursework only a student gaining an overall mark higher than 40% but passing in only one component will be required to repeat at the next available sitting the component that was failed.

(b) A student who is absent from a coursework examination may apply to the Dean of the Faculty for exemption from this examination no later than one (1) week following the date of this examination. He/she must at the same time submit to the Campus Registrar justification for such absence (such as, in case of illness, a medical certificate complying with any applicable Examination Regulations). The Dean shall consider any such request for exemption in consultation with the relevant Head of Department and course lecturer. If the exemption is granted, the candidate's assessment will be based entirely on the final examination.

*(c)* A student may request to submit coursework assignments, essays, etc. after the stipulated deadline date on the basis of appropriate justification (such as, in case of illness, a medical certificate complying with any applicable Examination Regulations). This request must be made within 48 hours after the stipulated deadline date and must be addressed to the Dean, who in consultation with the relevant Head of Department and course lecturer may allow the extension. The Dean, acting on advice of the relevant Head of Department and course lecturers, may consider requests for extension of the coursework assignment, essays etc. If the extension is not granted the student will not be given any special consideration and will be graded based on both coursework and final examination.

*(d)* If a student misses an examination for medical reasons or other extenuating circumstance approved by the Board of Examiners, he/she will be obliged to register again for the full course. However the Faculty may allow the student's coursework/mid-term marks (if the coursework is within one academic year) to be applied and he/she will only have to attend classes and write the final examination.

## *LEAVE OF ABSENCE*

14.

(a) A candidate who for good reason wishes to be absent from an academic programme for a semester or more must apply for formal leave of absence to the Campus Faculty Board, through the appropriate Dean, stating the reason for the application.

(b) The length of such leave of absence, if granted, will be subject to approval by the Academic Board of the Campus concerned, but will not exceed one academic year in the first instance terminating at the end of the academic year for which the application is approved.

(c) Leave of absence will not be granted for more than two consecutive academic years.

(d) Leave of absence may be granted for one semester or for an academic year.

(e) Applications for leave of absence for a semester shall normally be submitted by the end of the third week of the relevant semester.

(f) Applications for leave of absence for the academic year shall normally be submitted the end of the third week of semester I.

***Note: Students who have been attending classes and then apply for Leave of Absence after the deadline date are liable for payment of full tuition fees for the semester/academic year whether they sit examinations or not.***

## *WITHDRAWAL*

15.

(a) A student whose GPA for a given semester is less than or equal to 1.00 shall be deemed to be performing unsatisfactorily, and shall be placed on warning. A student on warning whose GPA for the succeeding semester is less than 1.00 will be Required To Withdraw (RTW).

(b) A candidate who has been required to withdraw from the Faculty may apply to the Faculty for re-admission one (1) year after withdrawal. Each case will be considered on its own merit, but will only succeed if the Faculty is satisfied that the circumstances attending the reasons for the withdrawal have been altered substantially.

(c) Students thus admitted to a Faculty may in accordance with its regulations be granted exemption from Level I courses subject to there being no change in the content of the courses and provided that no more than five (5) years have elapsed since the date of withdrawal. Level II University courses, for the purposes of exemption may be treated in the same way as Level I Faculty courses.

(d) Students from one Faculty who had been required to withdraw from the University for failing to complete their degree programme within the stipulated period may be admitted to another Faculty after a minimum period of one (1) year had elapsed since their withdrawal. Such students may be granted exemption from Level I courses relevant to the new programme subject to regulations (b) and (c) above.

## *AWARD OF DEGREES*

16. Notification of Results

For those candidates who have completed therequirements of the BSc degree a pass list shall be published and arranged alphabetically in the following categories:

- First Class Honours
- Second Class Honours
  - Upper Division
  - Lower Division
- Pass

## *GRADE POINT AVERAGE SYSTEM*

17.

a. These regulations shall apply to all students admitted to the University commencing academic year 2003-2004.

(i) The class of degree to be awarded shall be determined on the basis of a weighted Grade Point Average (GPA).

(ii) In the calculation of the weighted GPA a weight of zero shall be attached to all Level I courses.

(iii) Levels II and III courses shall have equal weight in the determination of the weighted GPA.

(iv) Core courses satisfying the requirements of specials, majors and minors must be taken into account in the determination of the weighted GPA.

(v) A course designated at not-for-credit (NFC) shall not count in the determination of the weighted GPA.

(vi) Undergraduate degrees awarded by the University (except where otherwise specified) are as follows:

| *Class of Degree Band* | *GPA Range* |
|---|---|
| ***First Class*** | 3.60 – 4.30 |
| ***Upper Class*** | 3.00 – 3.59 |
| ***Lower Class*** | 2.50 – 2.99 |
| ***Pass*** | 2.00 – 2.49 |

The University's requirements of a minimum GPA for Bachelor's degrees has changed from 1.0 to 2.0. Undergraduate students who matriculate to the University in August 2014 and after must earn a minimum grade point average of 2.0 in their major/minor/certificate/diploma requirements. Continuing undergraduate students as of the 2014/2015 academic year must also earn a GPA of 2.0 in order to graduate. Note that individual department, college, school or programme requirements may exceed this minimum. All other existing requirements, both faculty and university, that are based on any calculated GPA will continue under the 2014/2015 policy.

Except where otherwise prescribed in Faculty Regulations, a student whose GPA for a given semester is less than 2.00 shall be deemed to be performing unsatisfactorily, and shall be placed on warning. A student on warning whose GPA for the succeeding semester is less than or equal to 1.99, will be required to withdraw. However, a student may be reinstated if his/her GPA improves beyond 1.99 in the second semester by credits obtained in Summer School.

Except for the students in the Faculty of Engineering, students who entered a programme prior to the academic year 2014/2015 and who have a GPA of less than 2.00 may be given leave by their Faculty to continue into the academic year 2014/2015.

## *MARKING SCHEME FOR EXAMINATION IN THE FACULTY OF SOCIAL SCIENCES*

(b) The 2014/2015 Grading Policy implements changes in the grade bands, percentage marks, and quality points (points used in calculating Grade Point Average) associated with each letter grade. The table below outlines the differences between the 2014/2015 Grading Policy and the previous grading policy.

| *2014/2015 Grading Policy* | | |
|---|---|---|
| ***Grade*** | ***Quality Points*** | ***Mark%*** |
| A+ | 4.3 | 90-100 |
| A | 4.0 | 80-89 |
| A- | 3.7 | 75-79 |
| B+ | 3.3 | 70-74 |
| B | 3.0 | 65-69 |
| B- | 2.7 | 60-64 |
| C+ | 2.3 | 55-59 |
| C | 2.0 | 50-54 |
| F1 | 1.7 | 45-49 |
| F2 | 1.3 | 40-44 |
| F3 | 0.0 | 0-39 |

## *CO-CURRICULAR CREDITS*

18.

(a) Students will be eligible for no more than 3 credits for involvement in co-curricular activities. The activities may be Campus specific.

(b) Co-curricular credits will be awarded on the following basis:

(i). Students must be involved in the activity for at least one (1) semester;
(ii). Explicit learning outcomes must be identified for each activity.
(iii) There must be clearly defined mode(s) of assessment for each activity.

(c) The Office of Student Services and the School of Education on each campus will administer the award of credits.

(d) The grading of co-curricular credits will be pass/fail.

(e) All co-curricular activities/programmes must be approved in advance by the Faculty and Academic Board.

(f) Subject to Faculty Regulations, co-curricular credits will form part of the 90 credits for a degree. However, in special circumstances, if credits are earned in excess of those required for the degree, these and the associated activity will be included on the student's transcript.

## *AEGROTAT DEGREE*

19. A candidate taking examinations in respect of a final degree, diploma or Certificate programme and who had been absent through illness from one or more papers, may apply for the award of an aegrotat degree, diploma or certificate on the following conditions.

(a) Where the whole of the final examination for a degree, diploma or certificate is taken at the end of the final year of the course and he/she has completed more than half of the examination but has been absent from the remainder of that examination.

(b) Where the final examination is in two or more parts (the award of the degree, diploma or certificate depending on performance in each of these parts) and he/she has successfully completed the first one or two parts or more than half of the final part, but has been absent from the remainder of the examinations for the final part.

(c) Where the final examination is in two parts and the student has completed the first part (level II) with a B average or higher and his course work during the final year of the course has been of a consistently high standard, but he/she has been absent from the other part of the examinations.

(d) The Examiners consider that in the work which the candidate has submitted at such of the final examination as he/she had attended, he/she reached a standard which, if also reached in the remainder of the examination, would have qualified him/her for the award of a degree, diploma or certificate.

20. All applications for an aegrotat degree, diploma or certificate must be referred by the Registrar to the Faculty Board of Examiners and the Board for Examinations for a recommendation to the Board of Undergraduate Studies (BUS). Applications from or on behalf of candidates must be accompanied by a medical certificate signed by (a) University Health Officer, or (b) the Dean of the Faculty of Medicine in consultation with the appropriate members on the Medical School, (c) or other medical personnel appointed for this purpose by the University, and shall reach the Registrar not later than thirty days from the last examination paper written by the candidate.

21. In assessing an application for an aegrotat degree, diploma or certificate, reports from Heads of Department on the candidates work should be taken into consideration. Oral examinations, where possible, by internal examiners may be an aspect of examinations for the award of an aegrotat degree.

22. An aegrotat degree, diploma or certificate will be awarded without distinction or class.

23. Holders of an aegrotat degree, diploma or certificate will not be permitted to re-enter for the same examination but may proceed to a higher degree if accepted by the Board for Graduate Studies and Research.

## *GRADE POINT AVERAGE REGULATIONS (Revised March 2006)*

1. The Board for Undergraduate Studies, in the delegated exercise of Senate's powers as the academic authority for the University under Statute 25, makes the following regulations to govern the Grade Point Average system in the University, effective 2003/2004 academic year for all candidates newly entering a programme. Persons who enter the system prior to 2003/2004 academic year to pursue first degrees will be considered under the GPA scheme effective 2006/2007. All students entering the Faculty of Law in the academic year 2005/2006 and the Faculty of Medical Sciences in the academic year 2006/2007 shall be governed by the GPA Regulations in the calculation of the award of their respective degrees. However, students entering the Faculty of Law prior to 2005/2006 and the Faculty of Medical Sciences prior to 2006/2007 will be treated under the old system of classification. A student who entered the University prior to 2003/2004 and changes his/her major subsequent to the introduction of GPA will be considered to be "newly entering a programme"

2. In accordance with Statute 47 and subject to these regulations all students shall normally spend a minimum of three academic years in the University of the West Indies before being eligible for the award of a First Degree.

3. (i)For purposes of these regulations, the following meanings shall apply, except where the context otherwise requires:

***(a) Credit Hours Earned:*** "Credit hours earned" means the credits for each course that count toward the degree requirement and for which a passing grade is obtained.

***(b) Quality Hours:*** "Quality hours" means the credits for each course that is included in the GPA calculation. Quality hours shall be assigned even when a grade of F is obtained in a course. Courses that are not used in the determination of the GPA shall be assigned zero quality hours.

***(c) Quality Points:*** "Quality points" means the numerical value assigned to the relevant letter grade earned.

(ii) For the purposes of these Regulations:

***(a) Level I, II and III Courses:*** Levels I, II and III courses are courses so designated by the Board for Undergraduate Studies.

***(b) Grade Points:*** Grade points are determined by multiplying the quality hours by the quality points for a course.

***(c) Grade Point Average (GPA):*** Grade Point Average is the average obtained by dividing the total grade points earned by the total quality hours for which the student has registered for any stated period of time, excluding courses taken on a pass/ fail basis, audited courses, courses t a k e n for preliminary credit and courses for which the designation I or IP is awarded under Regulation 6(iv).

***(d) Weighted Grade Point Average:*** Weighted Grade Point Average is the average determined by applying appropriate weights for Levels I, II, and III courses to the grade points and the quality hours used in determining grade point average as set out at Regulation 3(ii)(c) above.

***(e) Credit Hours:*** The credit values for courses, as well as for projects, laboratory sessions, foreign language classes or other contact hours, shall be determined by the respective Faculty Board and approved by the Board for Undergraduate Studies.

(iii) Pass/Fail Course Provision: Credit hours earned in courses taken on a Pass-Fail basis shall not be included in calculating grade point averages

4. (i). The class of degree shall be awarded on the basis of the Weighted GPA as set out in these regulations.

(ii) In determining the Weighted GPA, the weights to be used for each Level I, II and III course shall be as prescribed in Faculty Regulations.

(iii) Except for the purpose of determining the class of degree the term GPA in these regulations shall mean the GPA as defined at Regulation 3(ii)(c) above.

5. (i) First Degrees awarded by the University, with the exception of the BSc (Engineering), The Bachelor of Science (Petroleum Geoscience), the Bachelor of Science (Surveying and Land Information), LLB, MBBS, DDS, and DVM, shall be classified as follows:

- First Class Honours

(Weighted GPA 3.60 and Above)

- Upper Second Class Honours

(Weighted GPA 3.00 – 3.59)

- Lower Second Class Honours

(Weighted GPA 2.00 – 2.99)

- Pass (Weighted GPA 1.00 – 1.99)

(ii) Award of Honours in GPA System: Honours shall be awarded taking into account all Level II and Level III courses excluding the Foundation courses.

(ii) First Degrees awarded by the University for the Bachelor of Science (Engineering), the Bachelor of Science (Petroleum Geoscience) and the Bachelor of Science (Surveying and Land Information), shall be classified as follows:

- First Class Honours (Weighted GPA

- Lower Second Class Honours (Weighted GPA 2.00 – 2.99)

- Third Class Honours (Weighted GPA 1.50 – 1.99)

- Pass - (Weighted GPA 1.00 – 1.49)

(iii) First Degrees awarded by the University for the Bachelor of Laws (LLB) shall be classified as follows:

- First Class Honours
- Second Class Honours (Upper and Lower Division)
- Pass

(iv) The Degrees of MB BS, DDS and DVM shall be classified as follows:

- Honours with Distinction
- Honours
- Pass

6. (i) The letter grades for completed courses used in the calculation of GPA shall be the following:

A - four quality points
B - three quality points
C - two quality points
D - one quality point
F - no quality points

(ii) Plus and minus modifiers may be used with letter grades A through D.

(iii) In the determination of GPA, the defined grades with the corresponding quality points shall be:

| *2014/2015 Grading Policy* | | |
|---|---|---|
| ***Grade*** | ***Quality Points*** | ***Mark%*** |
| A+ | 4.3 | 90-100 |
| A | 4.0 | 80-89 |
| A- | 3.7 | 75-79 |
| B+ | 3.3 | 70-74 |
| B | 3.0 | 65-69 |
| B- | 2.7 | 60-64 |
| C+ | 2.3 | 55-59 |
| C | 2.0 | 50-54 |
| F1 | 1.7 | 45-49 |
| F2 | 1.3 | 40-44 |
| F3 | 0.0 | 0-39 |

(iv) The following designations may be assigned, but shall not be used in the calculation of Grade Point Average:

PC: Preliminary Credits - used for matriculation purposes or the satisfying of prerequisites only
EX: Exemption
EI: Examination Irregularity – Candidate disqualified from examination on account of breach of the Regulations
EQ: Examination Query

(v) The following designations may be assigned and shall count towards the GPA:

FA: When a student is absent from an examination without a valid reason

FC: Failed Coursework – indicates that a candidate has failed to satisfy the Examiner in the coursework component of the course

FE: Failed Examination – when a candidate has successfully completed the coursework requirement but has failed to satisfy the Examiners in the examination component of the course

AM: Absent Medical

IM: Incomplete Medical

V: Audited - when the course has been taken in accordance with Regulation 14

NV: When a student has been permitted to audit a course but has not done so satisfactorily

P: Pass - a pass obtained in a course taken on a Pass/Fail basis

F: Fail

ANP: Absent No Penalty

I: Incomplete - indicated that the student has made progress in a course but at the end of the semester has not finished the work required to receive a letter grade. An I designation is not counted in credit hours earned, or quality hours until a letter grade is reported. If neither a letter grade nor notification of an extension of time is received by the Registry from the Office of Dean, the I designation is replaced by an F letter grade at the end of the first six weeks into the next semester. An extension of time may be granted but shall not normally extend beyond the end of the semester in which the extension is granted. Any remaining I symbol at the end of the period of extension will be deemed an F.

NR: Not Reported - Grade not yet available.

IP: In Progress - when a dissertation, thesis, project, student teaching, practicum, internship, proficiency requirement, or other course intended to last more than one semester is not completed during the semester in which the student is registered. The IP designation must be replaced with an appropriate grade on completion of the course.

7. The scheme to be used for conversion of numerical marks to letter grades shall be as prescribed in Faculty regulations as follows:

| *2014/2015 Grading Policy* | | |
|---|---|---|
| ***Grade*** | ***Quality Points*** | ***Mark%*** |
| A+ | 4.3 | 90-100 |
| A | 4.0 | 80-89 |
| A- | 3.7 | 75-79 |
| B+ | 3.3 | 70-74 |
| B | 3.0 | 65-69 |
| B- | 2.7 | 60-64 |
| C+ | 2.3 | 55-59 |
| C | 2.0 | 50-54 |
| F1 | 1.7 | 45-49 |
| F2 | 1.3 | 40-44 |
| F3 | 0.0 | 0-39 |

8. The courses to be used for the purpose of determining the Weighted GPA for the class of degree to be awarded shall be as prescribed in Faculty Regulations.

9. Where a course has been repeated, the penalty to be applied for failure and the grade to be used in the computation of the student's GPA if the course is subsequently passed shall be as prescribed in Faculty Regulations.

10. For the purpose of determining the Weighted GPA, failed courses shall be treated as prescribed in Faculty Regulations.

11. (i) Where credit for a course taken at another institution is requested, it is the student's responsibility to provide all the information needed by the University to enable it to assess the course.

(ii) Credit hours earned from another institution at the time of admission to the University of the West Indies will not be used in the computation of a grade point average.

12. The following shall apply to credits earned by a UWI undergraduate from another approved institution:

(i) A UWI student who wishes to take academic courses elsewhere and apply those credits toward the UWI degree must obtain approval in advance from the relevant Academic Board on the recommendation of the Board of the Faculty in which he/she is registered.

(ii) A student must have obtained a minimum UWI GPA of 3.00 to be approved to take courses as an exchange/transfer student.

(iii) Only the grade equivalent as determined by the Board for Undergraduate Studies of the results achieved and not the marks or grades so earned at another institution shall be used in the computation of the student's GPA.

13. (i) Except where otherwise prescribed in Faculty Regulations, a student whose GPA for a given semester is less than or equal to 1.00 shall be deemed to be performing unsatisfactorily, and shall be placed on warning. A student on warning whose GPA for the succeeding semester is less than 1.00 will be required to withdraw. However, a student may be reinstated if his/her GPA improves beyond 1.00 by credits obtained in Summer School. Then the credits would be rolled in to the GPA of the preceding Semester of the academic year.

(ii) A student on warning shall be counselled by the Dean or a designated faculty advisor. Such a student may, except where otherwise prescribed in Faculty Regulations, be permitted by the Academic Board on the recommendation of Faculty Board to carry a reduced course load.

14. (i) A registered student may be permitted to audit a course on the approval of the Dean and the Head of Department.

(ii) Auditing I means recorded attendance at the lectures, tutorials and laboratory sessions for a given course without the requirement of sitting the final exam.

(iii) Satisfactory attendance certified by the Head of Department shall be awarded the designation V.

In absence of such certification, the designation NV shall be recorded.

(iv) No academic credit may be granted for Auditing I a course.

15. (i) A student who voluntarily withdraws from the University and who applies for re-admission within five (5) years shall be granted exemption and credit for courses previously passed, subject to the time limit for the maintenance of credits stipulated in the relevant Faculty Regulations and subject to the stipulation that the courses previously passed are not determined by the Board of the relevant Faculty to be obsolete.

(ii) Where exemption and credit are granted in accordance with (i), the grades obtained at previous attempts at such courses shall be used in the determination of the student's GPA.

16. A student who was required to withdraw for reasons of failure to progress as prescribed in Faculty Regulations may be readmitted on the following conditions:

(i) A minimum of one (1) year must have passed since the date of withdrawal;

(ii) All grades previously obtained shall continue to apply for the purpose of determining the student's GPA;

(iii) Work done during the period between the student being required to withdraw and being granted readmission may be eligible for credit under Regulation 11.

17. Where there is a conflict between Faculty Regulations and these regulations, these Regulations shall apply.

## *HOW TO CALCULATE YOUR WEIGHTED GPA*

STEP ONE: A 'grade point' is assigned for every course in which you receive a final grade. For example, if you receive an A as a final grade, you will be assigned a grade point of 4.0.

STEP TWO: The grade point assigned for each course completed is multiplied by the 'credit hours' of the course to determine your 'quality points'. For example, if you receive a grade point of 3.7 [equivalent of letter grade A-] for a 3-credit course the quality points would be calculated as follows: 3.7
X 3 = 11.1 quality points.

STEP THREE: Your 'Weighted GPA' is the average obtained by dividing the total quality points earned in your programme to date by the total credit hours taken, excluding courses taken on a pass/fail basis, audited courses, courses taken for preliminary credit, incomplete courses and any other courses which do not count towards the class of degree according to Faculty regulations.

For example: 54 quality points earned divided by 15 credit hours [equivalent to 5 3-credit courses) = a Weighted GPA of 3.6.

# *UNIVERSITY REGULATIONS ON PLAGIARISM (First Degrees, Diplomas and Certificates)*

***Application of these Regulations***

1 These Regulations apply to the presentation of work by a student for evaluation, whether or not for credit, but do not apply to invigilated written examinations.

***Definition of plagiarism***

2 In these Regulations, "plagiarism" means the unacknowledged and unjustified use of the words, ideas or creations of another, including unjustified unacknowledged quotation and unjustified unattributed borrowing;

"Level 1 plagiarism" means plagiarism which does not meet the definition of Level 2 plagiarism;

"Level 2 plagiarism" means plagiarism undertaken with the intention of passing off as original work by the plagiariser work done by another person or persons.

3 What may otherwise meet the definition of plagiarism may be justified for the purposes of Regulation 2 where the particular unacknowledged use of the words, ideas and creations of another is by the standards of the relevant academic discipline a function of part or all of the object of the work for evaluation whether or not for credit, for example:

a. The unacknowledged use is required for conformity with presentation standards;

b. The task set or undertaken is one of translation of the work of another into a different language or format;

c. The task set or undertaken requires producing a result by teamwork for joint credit regardless of the level of individual contribution;

d. The task set or undertaken requires extensive adaptation of models within a time period of such brevity as to exclude extensive attribution;

e. The task set or undertaken requires the use of an artificial language, such as is the case with computer programming, where the use of unoriginal verbal formulae is essential.

4 It is not a justification under Regulations 2 and 3 for the unacknowledged use of the words, ideas and creations of another that the user enjoys the right of use of those words, ideas and creations as a matter of intellectual property.

***Other definitions***

5 In these Regulations, "Chairman" means the Chairman of the relevant Campus Committee on Examinations;

"Examination Regulations" means the Examination and other forms of Assessment Regulations for First Degrees Associate Degrees Diplomas and Certificates of the University;

"set of facts" means a fact or combination of facts.

***Evidence of plagiarism***

6. In order to constitute evidence of plagiarism under these Regulations, there shall be identified as a minimum the passage or passages in the student's work which are considered to have been plagiarised and the passage or passages from which the passages in the student's work are considered to have been taken.

***Student Statement on Plagiarism***

7. When a student submits for examination work under Regulation 1, the student shall sign a statement, in such form as the Campus Registrar may prescribe, that as far as possible the work submitted is free of plagiarism including unattributed quotation or paraphrase of the work of another except where justified under Regulation 3.

8. Quotation or paraphrase is attributed for the purpose of Regulation 7 if the writer has indicated using conventions appropriate to the discipline that the work is not the writer's own.

9. The University is not prohibited from proceeding with a charge of plagiarism where there is no statement as prescribed under Regulation 7.

***Electronic vetting for plagiarism***

10. The results of any electronic vetting although capable, where the requirements of Regulation 7 are satisfied, of constituting evidence under these Regulations, are not thereby conclusive of any question as to whether or not plagiarism exists.

***Level 1 plagiarism***

11. In work submitted for examination where the Examiner is satisfied that Level 1 plagiarism has been committed, he/she shall penalize the student by reducing the mark which would have otherwise been awarded taking into account any relevant Faculty regulations.

***Level 2 plagiarism***

12. Where an examiner has evidence of Level 2 plagiarism in the material being examined, that examiner shall report it to the Head of Department or the Dean and may at any time provide the Registrar with a copy of that report. In cases where the examiner and the Dean are one and the same, the report shall be referred to the Head of the Department and also to the Campus Registrar.

13. Where any other person who in the course of duty sees material being examined which he or she believes is evidence of Level 2 plagiarism that other person may report it to the Head of Department or the Dean and may at any time report it to the Campus Registrar who shall take such action as may be appropriate.

14. Where a Dean or Head of Department receives a report either under Regulation 12 or 13, the Dean or Head of Department, as the case may be, shall
    a. where in concurrence with the report's identification of evidence of Level 2 plagiarism, report the matter to the Campus Registrar; or
    b. where not concurring in the identification of evidence of plagiarism, reply to the examiner declining to proceed further on the report; or
    c. where concluding that there is evidence of Level 1 plagiarism, reply to the examiner indicating that conclusion and the Examiner shall proceed as under Regulation 11.

15. Where a report is made to the Campus Registrar under Regulation 14a or 16, the Campus Registrar shall lay a charge and refer the matter to the Campus Committee on Examinations.

16. Where the Campus Registrar receives a report alleging Level 2 plagiarism from the Examiner or any other person except the Dean or Head of Department, the Campus Registrar shall refer the matter to a senior academic to determine whether there is sufficient evidence to ground a charge of plagiarism and where such evidence is found, the Campus Registrar shall proceed as under Regulation 15.

17. Where the matter has been referred to the Campus Committee on Examinations pursuant to Regulation 15, the proceedings under these Regulations prevail, over any other disciplinary proceedings within the University initiated against the student based on the same facts and, without prejudice to Regulation 21, any other such disciplinary proceedings shall be stayed, subject to being reopened.

18. If the Campus Committee on Examinations is satisfied, after holding a hearing, that the student has committed Level

2 plagiarism, it shall in making a determination on the severity of the penalty take into consideration:

a. the circumstances of the particular case;
b. the seniority of the student; and
c. whether this is the first or a repeated incidence of Level 2 plagiarism

19. Where the Campus Committee is of the view that the appropriate penalty for an offence of Level 2 plagiarism is for the student to be:
    (i) awarded a fail mark;
    (ii) excluded from some or all further examinations of the University for such period as it may determine;
    (iii) be dismissed from the University, it shall make such recommendation to the Academic Board.

***Clearance on a charge of Level 2 plagiarism***

20. A determination of the Campus Committee on Examinations that Level 2 plagiarism has not been found will be reported to the Campus Registrar who shall refer it to the Examiner and notify the student. Where the Committee has not identified Level 2 but has identified Level 1, it shall be reported to the Campus Registrar who shall refer it to the examiner.

***Level 2 plagiarism: Appeal to the Senate***

21. A student may appeal to the Senate from any decision against him or her on a charge of plagiarism made by Academic Board.

***Delegation by Dean or Head of Department***

22. The Dean or Head of Department, as the case may be, may generally or in a particular instance delegate that officer's functions under these Regulations.

***Conflict of interest disqualification***

23. Any person who has at any time been an examiner of work or been involved in procedures for laying charges in relation to which an issue of plagiarism is being considered under these Regulations shall withdraw from performing any functions under these Regulations other than those of supervisor and examiner.

## *BSc HOSPITALITY AND TOURISM MANAGEMENT*

This Programme is offered jointly with the Barbados Community College (BCC), Antigua and Barbuda Hospitality Training Institute (Antigua), T.A. Marryshow Community College (Grenada), Sir Arthur Lewis Community College (St. Lucia), and Clarence Fitzroy Bryant College (St. Kitts). In the programme, students are required to complete the Two-Year Associate Degree in Applied Arts - Tourism and Travel, or the Associate Degree in Applied Arts - Hotel Catering and Institutional Operations, (or equivalent) with a 2.75 grade point average, before proceeding to complete years 3 and 4 in the Faculty.

The four-year programme consists of a core of Hospitality and Tourism courses, along with Business and Management courses, in two (2) areas of specialisation, viz. Hospitality Management and Tourism Management. The vocational courses, particularly in Hospitality, will be undertaken during the first two years of study at the purpose-built facilities of the Hospitality Division of BCC. In years 3 and 4 a range of Business and Management courses is offered mainly at the Cave Hill campus of the UWI. The four-year programme is designed to be both academically sound and specifically relevant to the Regional Hospitality and Tourism Industry. The training will provide opportunities for employment in hotels, transportation and tour operation companies, travel agency operations, national and regional tourism organizations and government departments. It will be of benefit to those already in the industry as well as those seeking to enter this diverse field.

Students will receive practical exposure to kitchen, restaurant and general hotel management operations at the Pommarine Training Hotel facility. They will also be given the opportunity to gain experience and a realistic appreciation of the working environment of the industry through an internship scheme. A six (6) week internship is undertaken at the end of Year 2, and a further twelve (12) week industry internship is undertaken at the end of Year 3 of the programme. Language training is built into the degree programme as a requirement during the first two years.

***ECON 1002 Introduction to Macroeconomics***

The Methodology of Microeconomics: The Scientific Method, Scientific Validity, The Methodological Controversy. Consumer Theory and Analysis: The Cardinal Theory, The Ordinal Theory, Revealed Preference, The Law of Demand, Engel's Law, Elasticity. External Effects on Consumption; The Price Index; The "Characteristic" Approach. Risk Analysis. Empirical Demand Functions;
Production Theory and Analysis: The Production Function, Profit Maximization, Homogeneity, The Multi-Product Firm. Cost Functions. X-efficiency, Linear Programming, Market Equilibrium: Supply and Demand in the Market. Existence, Uniqueness and Stability of Market Equilibrium; Walrasian and Marshallian Conditions for Static Stability; Dynamic Stability – The Cobweb, Model and Relationship to Agricultural Production,

### *ECON 2001 – INTERMEDIATE MICROECONOMICS II*

***Prerequisites:***
***ECON 1001 Introduction to Microeconomics***
***ECON 1002 Introduction to Macroeconomics***

The Product Market: Profit Maximization Models – Perfect Competition, Monopoly, Monopolistic Competition, Oligopoly. Alternative Models - Sales Maximization, Growth Maximization, Administrative or Cost-Plus Pricing, Game Theory,
The Labour Market and Distribution: The demand for labour under different market structures. Monopoly. Rent and Quasi rent. Distribution of the product among productive inputs. Product exhaustion Theorems (Euler, Clark-Wicksteed). General Equilibrium and Welfare Theory: Pareto Optimality. The Marginal Conditions for Optimal Resource Allocation. The Social Welfare Function and the Second Order Condition for Welfare Maximization. Arrow Possibility Theorem. Theory of the Second Best.
Introductory Project Analysis: Discounted Cash Flow Analysts. Social vs. Private Cost-Benefit Analysis. Investment Criteria - Net Present Value. Internal Rate of Return.

### *ECON 2002 – INTERMEDIATE MACROECONOMICS I*

***Prerequisites:***
***ECON 1001 Introduction to Microeconomics***
***ECON 1002 Introduction to Macroeconomics***

1. Scope of Macroeconomic Analysis
2. Alternative Macroeconomic Paradigms
3. Theoretical elaboration of select Macroeconomic Paradigms
4. Formulation and Analysis of Macroeconomic Models
5. Macroeconomic Stabilisation Policy

### *ECON 2003 – INTERMEDIATE MACROECONOMICS II*

***Prerequisites:***
***ECON 1001 Introduction to Microeconomics***
***ECON 1002 Introduction to Macroeconomics***

1. The Consumption Function
2. The Investment Function
3. The Demand for Money
4. Labour Supply and Demand
5. Expectations Formation and Policy Effectiveness
6. The Government Budget Constraint and the Consistency of Macroeconomic Models
7. Capital and the Growth of an economy

### *ECON 2004 – PUBLIC POLICY ANALYSIS*

***(This course is not to be taken by Economics Majors)***

***Prerequisites:***
***ECON 1001 Introduction to Microeconomics***

This is an intermediate economics course designed to provide non-specialist economics students with the principles involved in the analysis of public policies such as government intervention in the market, regulation, subsidisation, privatisation etc. The course examines both the microeconomic and macroeconomic principles governing the formulation of public policies.
Syllabus:

- The Elements of Public Policy:
- Microeconomic Context of Public Policy:
- General Equilibrium Analysis and the Concept of Market Efficiency. Equity Considerations. Market Failure and Externalities. Property Rights. Public Choice. Regulation and Rent-Seeking.
- Macroeconomic Context of Public Policy:
- Macroeconomic Policy Formulation. Political Business Cycles. Policy Optimisation and Reaction Functions. Economics of Voting.

### *ECON 2005 – SOCIAL AND ECONOMIC ACCOUNTING*

***Prerequisite:***
***ECON 1005 Introduction to Statistics***

The outline syllabus is as follows:

(i) The Social Accounting Matrix
(ii) Expenditure, Output and Income at Current Prices
(iii) International Transactions and the Balance of Payments Accounts
(iv) Inter-Industry Transactions and Input-Output Analysis
(v) Expenditure, Output and Income at Constant Prices
(vi) Real National Income and the Terms of Trade
(vii) International Comparisons of Living Standards

### *ECON 2016 – MATHS METHODS FOR SOCIAL SCIENCES II*

***Prerequisite:***
***ECON 1004 Maths for Social Sciences II***

Mathematical analysis; elementary properties of sets of points; limiting processes and convergence; the derivative and the integral; partial differentiation; constrained and unconstrained extremum problems; simple systems of differential and difference equations.

### *ECON 2020 – CARIBBEAN ECONOMY*

***Prerequisites:***
***ECON 1001 Introduction to Microeconomics***
***ECON 1002 Introduction to Macroeconomics***

The development of Caribbean Economies. Introduction to Development Theory. Contemporary Characteristics of Caribbean Economies.

### *ECON 2022 – INTERNATIONAL BUSINESS ENVIRONMENT*

***Prerequisites:***
***ECON 1001 Introduction to Microeconomics***
***ECON 1002 Introduction to Macroeconomics***

Elementary theory of international trade in goods and services; the structure of world and regional trade and the main factors influencing the flow of goods and services; the relationship between trade, growth and development, commercial policy (tariff and non-tariff barriers to trade, countertrade); regional economic cooperation; the role and functions of international trading agreements and institutions (GATT, LOMÉ, CBI, CARIBCAN, UNCTAD); the international monetary system (IMF, The World Bank, the Euro-currency market); the theory and problems of balance of payments.

### *ECON 2025 – STATISTICAL METHODS*

***Prerequisite:***
***ECON 1005 Introduction to Statistics***

1. The objective of the course is to produce students who, given the appropriate raw materials, could:

(i) Produce data themselves
(ii) Write a report using the data
(iii) Write a critical commentary on a report which used the data

2. The course is as follows:

(i) Introduction
(ii) Unemployment, including problems of definition,
(iii) Inflation, including construction of index numbers, introduction to time series
(iv) Living standards including measurement of real national income, terms of trade
(v) Balance of Payments, including simple forecasting techniques, accounting with stocks and flows
(vi) Overview, economic activity in the Eastern Caribbean over the last two decades

### *ECON2026 – STATISTICAL METHODS II*

***Prerequisite:***
***ECON 1005 Introduction to Statistics***

Probability Theory. Distribution Theory. Inferential Statistics. Goodness of Fit. Analysis of Variance

### *FINA 2001 – REGULATORY ENVIRONMENT OF BANKING AND FINANCE*

The objective of this course is to give students a thorough knowledge of the major laws and regulations governing the delivery of financial services in the Caribbean. Particular emphasis will be placed on decided cases where applicable. Specific topics to be covered include:

- Banker/Customer Relationships
- Bills of Exchange, including cheques
- Security (Property and its use as Security)
- Central Bank (regulations) as a Regulatory Agency
- The Balse Core Principles
- Anti-Money Laundering and Anti-Terrorism Legislation.

### *FINA 2002 – QUANTITATIVE METHODS FOR BANKING AND FINANCE*

Good decision making requires sound information and this course aims to familiarize students with data handling and analytical skills relevant to managerial decision making. Specific topics to be covered include:

- Banker/Customer
- Financial Mathematics
- Descriptive and Inferential Statistical Methods
- Probabilities and Hypothesis Testing
- Anova Analysis
- Correlation/Regression Analysis
- Forecasting Techniques
- Time Series Analysis
- Linear Programming
- Simulation
- Optimisation Techniques

### *FINA 2003 – INFORMATION TECHNOLOGY FOR BANKING AND FINANCE*

The aim of this course is to provide students with a thorough understanding of the role of IT in the delivery of financial services and the major software packages employed in the financial services industry. Specific topics to be covered include:

- Computer Systems in the Organization
- Information Processing
- Data Security
- Systems Development
- Hardware and Operating Systems
- I.T. Applications in Banking and Finance

### *FINA 2004 – PORTFOLIO MANAGEMENT*

This course covers the elements of investments, the construction of optimal investment portfolio using common stocks, bonds, etc. that suit the objectives of different types of investors. Methods of measuring portfolio performance, the risk of return trade off and the efficient diversification of risk. Industry analyses, fixed income securities and theories, asset valuation, of interest rates and an introduction to derivative securities. The course also looks at issues surrounding the investment of large pools of institutional funds such as pension funds, mutual funds, endowments, and capital holdings of insurance companies. As such the module is intended to provide useful material for treasury operations asset liability management in financial institutions and fund manager in pension funds and other collective products. Specific topics to be covered include:

- Portfolio Principles and Objectives
- Portfolio Construction
- Portfolio Management
- Portfolio Protection

### *FINA 2005 – RISK ANALYSIS AND MANAGEMENT*

The objective of this course is to provide students with a thorough understanding of the major risks confronting financial institutions, and the techniques used to manage these risk. Specific topics to be covered include:

- Introduction to Types of Risk
- Basic Concepts and Models of Operational Risks
- The Specialness of Financial Intermediaries
- Depository vs. Non-depository Institutions
- Identifying the Risk for Insurance and Financial Firms
- Liquidity and GAP Analysis for Financial Institutions
- Credit risk analysis and valuation for financial Institutions
- Loan Portfolio Management
- The FOREX Exposure of Financial Institutions
- Interest Rate Mismatching and Hedging
- Performance Evaluation and Control for Financial Institutions
- Compliance Programs and Internal Audits to Reduce Risks & Exposure

## *LEVEL III COURSES*

### *ECON 3000 – MANAGERIAL ECONOMICS*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

The Business Environment. Value Creation and Profit. Optimization Techniques. Consumer analysis. Decision Making Under Risk and Uncertainty. Regression Analysis and Empirical Estimation of Demand Functions. The Production Process. Economic versus Accounting Concepts of Cost and Profits. Pricing Analysis and Decisions. Advertising and Promotional Decisions. capital Budgeting and Investment Decisions.

### *ECON 3001 – INDUSTRIAL ECONOMICS I*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

The Industrial Organization Framework. Market Structure and Performance. Market Concentration. Pricing Theory and Strategy. Game Theory. Innovation and Market Structure. The Managerial Firm. Firm Size and Diversification. The Multinational Firm and Transfer Pricing. International Organization. Vertical Integration. Technology choice. Industrial Policy. The Structure and Performance of Industry in the Caribbean. Case Studies of Selected Industries.

### *ECON 3003 – MONETARY THEORY AND POLICY*

***Prerequisites:***
***ECON 2002 Intermediate Macroeconomics I***
***ECON 2003 Intermediate Macroeconomics II***

- Meaning and Function of Money
- Demand for Money Supply of Money
- Interest Rates
- Monetary Policy and Rational Expectations
- Inflation
- Money and Balance of Payments in the Open Economy
- Currency Substitution

### *ECON 3005 – MONETARY ECONOMICS*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

This course seeks to provide students with the fundamentals of Monetary Theory both in a developed and developing Economy Context. Role of Money in the Economy (Theoretical Schools): Money Supply Determination; demand for Money; Interest Rate Determination. Money, Inflation and Output; Money and The Balance of Payments.

### *ECON 3006 – INTERNATIONAL TRADE*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

Elementary Theory of International Trade including alternative theories of trade. The Structure of World Trade and the Main Factors Influencing Trade: including trade in services. The Relationship Between Trade, Growth and Development. International Trade. Regional Economic Integration: including South-South Cooperation. International Investments: The Multinational Firm. Institutions and Agreements which Influence International Trade: GATT, LOMÉ, etc.

### *ECON 3007 – INTERNATIONAL FINANCE*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

- The Balance of Payments.
- The Foreign Exchange Market: including the Euro-Currency
- Market and Analysis of the Efficient Market Hypothesis.
- International Adjustment and Stabilization.
- The International Monetary System: History Problems and Proposals for Reform.
- International Capital Markets and Movement of Capital.
- The International Debt Problem

### *ECON 3008 – HISTORY OF ECONOMIC THOUGHT*

This course will seek to expose students to the history of economic thought. Students will learn about the intellectual thought patterns and assumptions of various periods in history, and how those patterns influenced, and were influenced by economic thought. Numerous previous theories, some forerunners of modern theories, and other dead-end theories that have since been abandoned, will be studied – including Mercantilism, the Physiocrats, Marxism, Marginalists, Neoclassical, Keynesian, Chicago, Institutionals, Welfare Economics, Public Choice, the New Institutionalists, and Austrians. By the end of the semester students will know where the theories they are learning in other classes came from, and something about the many other approaches that have been tried throughout history.

### *ECON 3010 – FINANCE AND DEVELOPMENT*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

Theory of Financial Intermediation. Caribbean Financial Environment Portfolio Behaviour of Financial Institutions, i.e. Central Banks, Development Banks, Insurance Companies, Other Non-Banks, Stock Exchange.

### *ECON 3011 – ECONOMICS OF FINANCIAL INSTITUTIONS*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

The nature and economic significance of the Financial System. Theory of Financial Intermediation. Caribbean Financial Environment. Flow of Funds Analysis. Management of Financial Intermediaries. Interest Rates and Security Prices. Borrowing and Lending in Money and Capital Markets. Efficiency Market Theory. Regulation of Financial Institutions.

### E*CON 3016 – PUBLIC FINANCE I*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

- Role of Government
- Theory of Public Goods
- Public Enterprise
- Budgeting Public Expenditure
- Cost-Benefit Analysis
- Income Distribution
- Stabilization Policy

### *ECON 3017 – PUBLIC FINANCE II*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

- Efficiency Analysis
- Tax Incidence
- Taxation and Labour Supply
- Taxation and Investment
- Tax Effort and Elasticity Analysis
- Income and Corporate Taxation
- Indirect Taxes
- Tariff Analysis

### *ECON 3019 – TRANSPORT ECONOMICS*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

The course has been structured to cover the following areas: The theory of transport pricing; The economics of transport costs; Transport and developing countries; Transport planning; Ocean transportation; The economics of aviation and airport, and economic considerations in land transport.

Contents

### *ECON 3020 – ECONOMIC INTEGRATION*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

- Aspects of Economic Integration
- Approaches to Economic Integration
- Integrative Mechanisms & Obstacles to the Integration Process
- Gains from Economic Integration
- Integration Dynamics
- Select Problems on Planning within an Integration Region
- Cast Studies of Select Integration Experiences.

### *ECON 3024 – THE ECONOMICS OF EDUCATION AND MANPOWER PLANNING*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***
***ECON 2003 Intermediate Macroeconomics II***

Topics:

- The Nature of Human Capital Investment.
- The Economic Returns to Education and Training.
- The Contribution of Education and Economic Growth and Development.
- The Principles and Techniques of Educational Planning.
- Financing Education – Principles of Costing and Expenditure Analysis.
- Productivity, Efficiency and Equity of Education.

### *ECON 3026 – HUMAN RESOURCES POLICY AND PLANNING*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

- Human Capital Theory – investment in training and education.
- Labour and Economic Development – models of development and employment generation, internal and external migration.
- Theories of Employment and Employment Policy.
- Poverty and income Distribution.
- Manpower Planning Theory and Policy in Developing Countries.

### *ECON 3027 – ECONOMIC PLANNING*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

The ideology of planning. Levels of planning. Planning Strategy. Planning models. Input-output analysis. Accounting prices. Decision formulae. Tools of project appraisal.

### *ECON 3029 – LABOUR ECONOMICS*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

- Nature of Labour Economics.
- The Structure of Labour Markets.
- The Supply of Labour.
- The Demand for Labour.
- Labour Market Interaction – wage and employment determination under different market structures and institutional arrangements.
- The Economics of Trade Union Behaviour and Collective Bargaining.
- The Structure of Labour Compensation.

### *ECON 3034 – ENVIRONMENTAL ECONOMICS*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

Microeconomic and Macroeconomic issues relating to the pricing and taxation of renewable and renewal natural resources. Depletion Theory and Policy. Economic issues relating to the exploitation of natural resources. The Valuation of Environmental Resources. Problems with natural resource exploitation in the Caribbean. Impact of Industrial/Tourism Development on Natural Resources.

### *ECON 3035 – ECONOMIC FORECASTING*

***Prerequisites:***
***ECON 1004 Maths for Social Sciences II***
***ECON2026 Statistical Methods II***

The aim is to acquaint students with the full range of forecasting techniques, describing their essential characteristics and showing how they can be applied in practice. Basic concepts of forecasting: Need and uses of forecasting, type of forecasting, introduction to some of the terminology.
Trend-line fitting and forecasting. Introducing trends, estimating a curve, forecasting using trend curves. Time series methods. White noise, moving averages and autoregressive models, exponential smoothing and smoothing methods in general. Decomposition methods, ARMA methods, Box-Jenkins methods. Regression methods and Econometric models. Simple regression, multiple regression, use of Econometric models in forecasting. Qualitative and subjective forecasting. Evaluation forecasts. Mean square error and other criteria. Forecasting and planning in organizations.

### *ECON 3037 – OPERATIONS RESEARCH I*

***Prerequisites:***
***ECON 1003 Maths for Social Sciences I***
***ECON 1005 Introduction to Statistics***

- Non-Linear Programming – Constrained and unconstrained models.
- Dynamic Optimization – Calculus of variations and optimal control.
- Dynamic Programming
- Linear Programming
- Special Cases in Linear Programming
- Integer Programming and Combinatorial Models

### *ECON 3038 – OPERATIONS RESEARCH II*

***Prerequisites:***
***ECON 1003 Maths for Social Sciences I***
***ECON 1005 Introduction to Statistics***

- Theory of Games
- Markov Decision processes
- Inventory Models
- Waiting Line Models
- Probalistic Dynamic Programming Models
- Simulation
- Project Scheduling

### *ECON 3043 – ECONOMICS OF TOURISM*

Tourism is now recognized as an economic activity of global significance. This complex and multi-faceted industry plays an important role in the economies of many developed and less developed countries. Although the impact of the tourism industry on economic life is generally positive, the economic costs are not insignificant. Additionally, the economic benefits of tourism may be offset by adverse environmental and social consequences. The major objective of this course is to give the macroeconomic picture of tourism's role within national economies using the fundamental concepts learned in introductory economics courses. Since socio-cultural and environmental impacts also form an essential part of the evaluation of the long-term advantages and disadvantages of tourism development, these issues will also be covered.

***Learning Objectives***
By the end of this course you should:
- Be aware of factors that influence leisure and recreation
- Possess relevant travel terminology with a solid understanding of the various sectors of the tourism industry
- Be able to distinguish between tourism as an industry and tourism as a system
- Be able to assess external factors and trends affecting the travel industry and the impact of tourism
- Examine the nature of tourism demand and tourism supply
- Understand the role of tourism in the economic development of a country
- Explain how tourism development can influence the socio-cultural and natural environment of a country

### *ECON 3045 – CARIBBEAN ECONOMIC ANALYSIS*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics*** I
Objective:
The course attempts to provide the analytical equipment required for studying aspects of the transmission processes in the small open dependent economy. It familiarizes the student with the institutional framework of Caribbean economies and develops a feel for the contemporary policy issues.

Structure:
Modelling the small open economy (basic relations) Income determination
Balance of payments and development
Wages, prices, and employment Money and financial behaviour Trade and production patterns
A research project

### *ECON 3046 – THE THEORY OF A SMALL OPEN ECONOMY*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

This course will address theoretical issues pertaining to the genetic characteristics behavioural peculiarities and structure of small open economy. It will examine the interrelationships among macroeconomic variables in small open economy, under alternative institutional settings, paying particular attention to Caribbean economic environment. It will also examine the influence on transmission mechanisms of labour and product market disequilibria, and foreign exchange insufficiency, using the special case of an equilibrium system as a basis for comparison. Methodological issues pertaining to model construction and analysis will be discussed. Analytical issues pertaining to stabilization policy in Caribbean economies will also be addressed.

### *ECON 3049 – ECONOMETRICS I*

***Prerequisites:***
***ECON 1004 Maths for Social Sciences II***
***ECON2026 Statistical Methods II***

Syllabus:
General Linear Model Generalized Least Squares. Breakdown of Assumption on GLM. Simultaneous Equations.

### *ECON 3050 – ECONOMETRICS II*

***Prerequisites:***
***ECON 3049 Econometrics I***

Lagged variable, dummy variables, and their use in Econometrics. Single equation methods in demand analysis. Consumption theory etc. Uses of large scale macro-econometric models. Model simulation. Forecasting.

### *ECON 3051 – DEVELOPMENT ECONOMICS*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

A critique of methodological approaches. Static and dynamic analysis. Stage theories of development. Structuralist models. The international economy. Models of small dependent economies. Structural adjustment and development. Strategies of development.

### *ECON 3053 – AGRICULTURAL DEVELOPMENT AND POLICY*

***Prerequisites:***
***ECON 2001 Intermediate Microeconomics II***
***ECON 2002 Intermediate Macroeconomics I***

- Agricultural and the Economy: Importance of agriculture and dynamic.
- Special problems of agriculture. Agriculture and public policy.
- Theories of Agriculture in Economic Development.
- Institutional Aspects of Agricultural Development: Marketing Tenure and Credit.
  Strategies of Development.
- Systems of Agricultural Organization: The Plantation Case. The Peasant Case. Mixed Patterns.
- Techniques of Project Analysis
- Case Studies of Selected Agricultural Problems in the Caribbean.

### *ECON 3054 – AGRICULTURAL ECONOMICS*

***Prerequisites:***
***ECON 2000 Intermediate Microeconomics I***
***ECON 2002 Intermediate Macroeconomics I***

- The Role of Agricultural Production Economics: An overview.
- Technical Properties of Production: A positive analysis.
- Economic Properties of Production: A nominative analysis.
- The Theory of Cost and Supply: Imperfect Competition – Agricultural supply functions.
- The Theory of Derived Demand: Food demand functions.
- Firm-Household Interrelationships: theoretical issues.
- Uncertainty and Risk

### *ECON 3070 – ECONOMICS OF TECHNOLOGICAL CHANGE*

***Prerequisites:***
***ECON 1001 – Introduction to Microeconomics***
***OR ECON 1002 – Introduction to Macroeconomics***

This course explores the impact of technological change on the process of economic growth and development. The aim is to sensitize students to the central role innovation and technological progress play. The course exposes students to relationships among factors leading economic growth from industrialization to 21st Century developments. The course achieves this by considering both theoretical and empirical analyses of innovation as they relate to issues of Development Economicsn history, international trade and the organization of production. These forces are perhaps never fully understandable using the usual tools of Micro and Macro economic analysis alone.

### *FINA 3001 – CARIBBEAN BUSINESS ENVIRONMENT*

This course aims to provide students with a thorough understanding of the institutional framework of Caribbean economics and the contemporary issues shaping public policy in the Caribbean. Particular emphasis is placed on how the institutional framework and public policy initiatives impact on organizational decision making, and the response of organizations to public policy to interest group pressures.

- Specific topics to be covered include:
- The Development of Caribbean Economies
- The Small Open Economy Model
- Trade and Production Patterns
- Balance of Payments Issues
- Globalization
- The Role and Impact of Trade Unions
- Environmental Impact of Business Decisions
- Corporate Governance

### *FINA 3005 – BANK FINANCIAL MANAGEMENT*

The objective of this course is to examine how modern finance techniques can be applied to the Financial Management IIof commercial banks. The wider strategic context of bank Financial Management IIis emphasized throughout the course. Banks are viewed as financial service firms operating in the wider financial services industry. Three unifying themes emphasized are: managing risk and return tradeoffs: the need to maximize banking value: and the integration of 'market thinking' into financial management. Specific topics to be covered include:

- Banks and the Financial Services Industry
- Regulatory Restrictions and Financial Management
- Performance Analysis and Strategic Planning
- Asset Management – Liquidity, Investment and Loan Management
- Liability and Deposit Management
- Capital Structure and Dividend Decisions
- Financial Management IIImplications of Electronic Banking, International Banking, and other Developments.

***FINA 3008 – ADVANCED PORTFOLIO MANAGEMENT***

This course takes a more detailed look at the issues covered in Portfolio Management 1. Particular emphasis is placed on the role of derivatives and financial engineering in portfolio management. An integral part of this course is an interactive computer based investment simulation allowing students to apply their knowledge to building "real" portfolios. Specific topics to cover include:

- Portfolio strategies involving derivatives
- Portfolio risk management using derivatives
- Contemporary issues in portfolio management

***FINA 3010 – SUPERVISED RESEARCH PROJECT GENERAL***

1. The Supervised Research Project is equivalent to two (2) Faculty courses and must therefore reach that standard in terms of content and research effort.
2. It is restricted to those majoring in Banking and Finance

*PROCEDURE*

***(Students must register for the course in Semester I AND Semester II of the final year of their programme)***

1. Students must choose a topic for study which is primarily financial in focus and which should broadly fall within a sphere of research specialization of one of the Banking and Finance lectures. They must seek the advice and approval of the lecturer who is willing to act as supervisor of each study. On occasions when the chosen topic spans more than one subject area or discipline, joint supervision with another university lecturer may be recommended.
2. Students should submit a proposal to and consult regularly with their supervisors. It is the students' responsibility to inform supervisors of progress and general difficulties and to seek specific advice on bibliographical material and research methods (preparation of questionnaires, etc)

*PRESENTATION*

I. The study should normally be between 5000 to 8000 words in length, excluding bibliography.
II. It should contain some originality in material, argument and conclusion and evidence of extensive reading and comprehension of the subject area. The research should also be explanatory rather than descriptive in nature.
III. Each study must have a little title page, with the student's name, supervisor(s) name(s) and title of the paper.

## *DEPARTMENT OF GOVERNMENT, SOCIOLOGY AND SOCIAL WORK*

### *LEVEL I*

### *GOVT 1000 – INTRODUCTION TO POLITICAL INSTITUTIONS AND ANALYSIS*

In this course the student will receive an introduction to classical political philosophy. Theories of the state, modern political science methodologies, comparative government, Caribbean political thought, international politics and colonialism and some basic tools in helping you to clarify your political beliefs, in understanding our political environment and in enabling you to analyze events with a greater degree of sophistication, consistency and clarity.

### *GOVT1011 – INTRODUCTION TO CARIBBEAN POLITICS*

This course intends to build upon the theoretical concepts introduced to students in GOVT 1000, with a more direct and specific empirical focus on Caribbean political issues. The course will introduce students to a few of the basic concepts in the historical evolution of Caribbean political economy and society, and will seek to familiarise students with contemporary socio-economic and political development issues of relevance to the Caribbean. It is also intended to expose students to the relevant issues involved in understanding the nature of Caribbean political economy, Caribbean Political systems and the wider politics of the Caribbean.
It is hoped that upon completion of this course students should be able to identify, describe, understand and analyse and explain the historical and contemporary forces shaping Caribbean politics. Students should also have a basic knowledge of the workings of Caribbean political systems.

### *GOVT 2000 – WOMEN AND POLITICS*

This course will examine the relationship between women and politics globally. It will analyse Conventional political theory and women, conventional and feminist theory on gender, the history of the women's movement, international political economy and women, the United Nations and women, (with reference to UN agencies for women and resolutions) human rights and women, violence against women, constitutional and legal rights of women, the gender gap in politics and women's involvement in the political system. In addition, attention will be paid to specific public policy initiatives as they affect or are likely to affect women.

1. Theoretical underpinnings of the study of women and politics.
2. Classical social movements and the women's movement.
3. The history of the women's movement.
4. The constitutional and legal position of women in the Caribbean.
5. The gender gap in politics: women in the political system: outsiders or insiders: a comparative perspective.
6. Gender and political economy.
7. Structural adjustment and women.

### *GOVT 2010 – THE POLITICS OF DEVELOPING NATIONS*

This course will seek to examine the Politics of Developing Nations from the perspective of theories of political development, patterns of political rule and political economies of chosen state systems. It will seek to capture this perspective as well, by means of case studies shown from Latin America, Africa and South Asia.

1. Theories of Political Development
2. Patterns of Political Rule
3. Political Economy
4. Case Studies

a. Theories of Political Development
b. Patterns of Political Rule
c. Political Economy
d. Country Case Studies

i. India
ii. Nigeria

Contents

### *GOVT 2014 – WESTERN POLITICAL THOUGHT*

This course will follow the development of European political thought from the Ancient Greek philosophical schools to the origins of modern political thought in the 19th century. Issues concerning the origins of political thought per se will however be investigated as well, taking note e.g. of the contribution of Ancient Egypt to Greek philosophy. The pre-cursors to modern political thought and evolution of political values and ideologies will be identified. Theories of the state and their social-historical milieu will be investigated and the contribution of political philosophy to the development of political institutions addressed. The philosophy and historical sources of contemporary civil and political rights and their philosophical assumptions will be reviewed and assessed.
This course is designed to provide tools of philosophical analysis for the political scientist.

### *GOVT 2015 – MODERN POLITICAL THOUGHT*

This course will investigate dominant schools of political thought in the 20th century and political theory relevant to assisting interpretation of the politics of development. Modern liberal democratic thought and 20th century Marxist thought; Nazism and Neo-conservatism; Anti-colonial thought and Nationalism; and West Indian political thought will be reviewed and assessed.
This course will also provide exposure to critical methodologies used in contemporary political science.

### *GOVT 2016 – CARIBBEAN POLITICAL PHILOSOPHY*

With a Caribbean-centred approach, the course aims to give the student an introductory understanding of Caribbean Political Philosophy and the wider intellectual context in which this branch of the Caribbean intellectual tradition has grown and currently operates. the course will analyse the nature of Caribbean Political Philosophy within the socio-historical, cultural and ideological contexts of how it emerged – slavery, colonialisation and creolisation. Specific attention will be paid to the three branches of Caribbean Political Philosophy: namely Historicism, Poeticism and Africanism. From the Historicist school the course will examine the works and ideas of C.L.R. James, Jose Marti and Frantz Fanon. From the Poeticists, the works and ideas of Wilson Harris, Sylvia Wynter, Kamau Brathwaite and Aime Cesaire will be looked at; and from the Africanists, Marcus Garvey; and the Philosophies of Rastafari will be discussed.

### *GOVT 2021 – SOCIALIST POLITICAL ECONOMY*

It will address the politics of socialist states, and non-capitalist political development options. The course will therefore speak to the relationship between efforts at socio-economic transformation and the politics of state origin, consolidation and development in non-capitalist politics. The role and character of state institutions in these processes will be state institutions in these processes will be addressed and special attention will be paid to the function of ideology in non-capitalist, anti-systemic politics. The inter-relationship and interaction of anti-systemic politics with international develop systemic state structures will be explored. Special attention will be paid to the experiences of the U.S.S.R. and China as examples of socialist state experiments.
This course is designed to develop skills in comparative political analysis of state systems.

### *GOVT 2024 – CONTEMPORARY WESTERN POLITICAL DEMOCRACIES*

This course will address comparatively the dominant models of liberal democratic state systems. Issues of the origin, consolidation and development of the state will be a major focus. Explicit attention will be paid to the models of government in the U.S.A., Britain and France and the practice of politics in their systems. The function of liberal democratic philosophy is shaping the institutional development and political culture of these states will be assessed and the impact of these state systems on global political culture will be noted. The persistence and sustainability of these systems in the context of global political developments will be examined. The course is designed to enhance skills in comparative analysis.

### *GOVT 3000 – AFRICAN PHILOSOPHY IN ANTIQUITY*

It will engage students in rigorous exercises in comparative analysis of ideas of fundamental concepts and first principles – on self-knowledge, on cosmogony and cosmology. It will address epistemology in the context of dialectic of civilisation. It will expose students to philosophy generally as cognitive agency. It will provide original and extensive sources to the student to engage in critical analysis and assessment of philosophic schools of thought across a wide spectrum. It will give students in depth appreciation of the debate on Africa's contribution to world civilisation. It will provide important insights into the roots of racism.

Contents

### *GOVT 3014 – THEORIES AND CONCEPTS OF INTERNATIONAL POLITICS*

1. Theories of International Politics
2. Concepts of International Politics (power, sovereignty, intervention and non-intervention, collective security, national interest, decision-making, geo-politics, personality/ leadership, human rights, international terrorism, leverage, functionalism and integration, etc.).

### *GOVT 3015 – INTERNATIONAL POLITICS AND POLITICAL ECONOMY*

This course is intended to give students different perspectives on international issues of the day. It will focus on the interplay between international politics and international political economy as it relates to issues such as those of globalisation and imperialism, 'development' and 'underdevelopment', the role of international organisations, the changing international
political order, the theory and practice of foreign policy, war and peace, religion, environmental issues and the role of women in the international political economy. These issues will be examined in the context of the theories and approaches to international relations.

### *GOVT 3017 – CARIBBEAN GOVERNANCE I*

The course is designed to give students an in-depth examination of the government and politics of the Caribbean. While the examination will give emphasis to the nation states of the Commonwealth Caribbean, it will also include non English- speaking state systems, such as Suriname, Haiti, and the French West Indies. The course will therefore expose students to a number of theoretical approaches and concepts that have been utilised to interpret the historical heritage and contemporary practices, political practices, societal relations, political economy and culture in the region. The course also takes an applied approach. It is expected that this would develop the students' critical thinking skills through the comparative approach.
The concepts that will be developed include colonialism and neo-colonialism, imperialism, peripherality, pluralism, development trap, alienation, statism monopolism, non-capitalist political economy, alternate development, etc. These theories and concepts will be liberally illustrated with reference to the Caribbean experience

### *GOVT 3018 – CARIBBEAN GOVERNANCE II*

The course will provide students with the tools with which to interpret state formation and development in the Commonwealth Caribbean. It will address issues of institutional political forms in the region, from the 16th Century to the 21st Century, emphasising the critical issues shaping the development of the Westminster model in the region. It will expose students to the theoretical debate on political institutions and to the Continuing discourse on the appropriateness of the dominant political form in the region.
Among other critical issues, the course will also look at the role of the early nationalist movement in shaping the modern state formation in the region. It will therefore consider the roles of individuals and early political organisations and movements. Emphasis will also be given to the role of elections, electoral press, political parties, and the bureaucracy in the formation of public policy. The course will end with a review of the approach to regionalism and foreign policy in the region.

The nature of the course will favour a multidisciplinary approach drawing as necessary from politics and law, focusing specifically on international political economy and international trade law.

### *GOVT 3025 – TRADE AND THE ENVIRONMENT*

The course provides an understanding of the relationships between international trade (with particular focus on the World Trade Organization) and the protection of the environment. The nature of the course will favour a multidisciplinary approach drawing as necessary from politics and law, focusing specifically on international political economy and international trade law.

The course aims to provide students with the tools to discern the critical relationships between international trade and protection of the environment. Given the complexity and the interrelationship between human activity and the environment, there is a need to understand areas of potential conflict between trade as the political and economic activity of people and the physical environment within which this occurs. Trade cannot occur without the environment, and this makes it

necessary to examine this relationship. Overall the course represents an illustration of the conflict of values and means of resolution, as between trade and the environmental, within system of international trade and international politics.

### *GOVT 3049 – CARIBBEAN INTERNATIONAL POLITICS*

1. International theories and weak states
2. Caribbean foreign policy relations
3. The administration of Caribbean foreign policy
4. Caribbean crisis and disputes
5. The Caribbean in international organizations
6. The Caribbean in the Global Political Economy

### *GOVT 2057 & 3058 E-GOVERNANCE FOR SMALL ISLAND DEVELOPING STATES I & II.*

***Pre-requisites:***
***To take e-governance II, students would need e-governance I. However, students may wish to take e-governance I only.***

Information and communication technologies are changing the economy, society and culture in increasingly pervasive and complex ways. Developing efficient, reflective, sustainable governance mechanisms and corresponding tools to master and steer their underlying dynamics in both the public and private organisations has become a necessity.
This course aims to (i) enable participants to gain an understanding of the concept of e-government and its role in service delivery and civic engagement; (ii) offer an interdisciplinary perspective, allowing students to understand the organisational and policy challenges of e-Government by drawing on the application of key conceptual frameworks from politics and sociology (for example key issues and emerging topics, including the broader socio- economic environment); management and public policy (for example the application of knowledge at both an organisational (firm) and policy level); (iii) present and support arguments as well as synthesise and critically analyse academic literature on e-government management; (iv) analyse critically the strategies and policies of organisations engaged in e-Government policy and management; (v) apply a range of analytical techniques for policy planning and evaluation; (vi) frame, design, execute and write up a substantial piece or research grounded in social science research methods as applied to e-Governance issues. The two courses build students' knowledge in the management of public sector information technology.

### *INRL 1000 – INTRODUCTION TO INTERNATIONAL RELATIONS*

This course aims to provide students with an understanding of the origins and progression of the International Relations (IR) as a discipline and to introduce them to key issues and concepts needed for studying international relations. Consequently, this course will expose students to the differences between IR (the discipline) and IR (the events/subjects under study). The course will present 'mainstream' (Realist and Liberal) approaches to understanding world politics, which originate predominately from industrialized countries, whilst also introducing students to developing country perspectives and concern.

### *PSYC 1003 – INTRODUCTION TO PSYCHOLOGY*

This course is designed to introduce students to the theory and practice of the science of psychology. Throughout the course students will explore the hereditary and environmental origins of behaviour. Students will gain a broad based knowledge of the many fields of psychology, increase their self-awareness and develop skills that will lead to a more critical analysis of human behaviour in our society. Topics for discussion with include the biological basis of behaviour, consciousness, thinking and language, motivation and emotion, stress and health.

### *PSYC 1004 – INTRODUCTION TO SOCIAL PSYCHOLOGY*

This course is designed to introduce students to the psychological discipline that uses scientific methods to understand and explain how the thoughts, feelings and behaviour of individuals are influenced by the actual, imagined presence of others. Students will gain general knowledge of this interesting and exciting profession. Major content areas include prejudice and discrimination, prosocial behaviour, aggression, interpersonal attraction and close relationships. Issues will be discussed within the Caribbean context.

### *PSYC 2001 – COUNSELLING I*

***Prerequisites:***
***PSYC 1003 Introduction to Psychology OR***
***PSYC 1004 Introduction to Social Psychology OR***
***PSYC 1007 Fundamentals of Psychology***

This course provides a broad introductory overview of the counselling process with emphasis on both the theoretical foundation and the demonstration and practice of basis communication, counselling and problem-solving skills in the counselling relationship. This course is recommended for those students planning on entering the social science fields where interpersonal contact with people necessitates dealing with personal, social, vocational, empowerment, and educational concerns. Through the use of lecture, discussion, experiential exercises, group work, practice experiences and coursework, students will participate in their own development in the counselling process.

### *PSYC 2002 – ABNORMAL PSYCHOLOGY*

***Prerequisites:***
***PSYC 1003 Introduction to Psychology OR***
***PSYC1004 Introduction to Social Psychology OR***
***PSYC 1007 Fundamentals of Psychology***

The student should have gained a basic understanding of the general principles of psychology and an appreciation of the variations of the different schools of psychology in the introductory courses and PSYC2012 Developmental Psychology. In addition, from PSYC2012 Developmental Psychology, the student should understand the physical, social and psychological development of an individual from birth to death. With an appreciation of the limits of normal behavioural, the student is prepared for a course in psychology.

### *PSYC 2007- PSYCHOMETRICS*

***Prerequisites:***
***PSYC 1003 Introduction to Psychology OR***
***PSYC1004 Introduction to Social Psychology OR***
***PSYC 1007 Fundamentals of Psychology***

It is of integral importance that students from an early stage understand and appreciate the need for rigorous testing in the field of Psychology. This course will provide an in-depth look into the field of psychometrics (a.k.a. psychological measurement) which addresses psychological testing and assessment. An exploration of psychological testing will include an examination of the history, theory, and construction of tests as well as a survey of principal individual and group tests of intelligence, personality, interest, and ability currently used in clinical, practitioner and research settings. Special attention will be placed on the development of student evaluation skills to enable them to determine the psychometric soundness of tests. The reliability, validity, the application and the suitability of psychological tests for the specific cultural environment and ethics of psychological testing will be addressed.

### *PSYC 2012 – DEVELOPMENTAL PSYCHOLOGY*

***Prerequisites:***
***PSYC 1003 Introduction to Psychology OR***
***PSYC 1004 Introduction to Social Psychology OR***
***PSYC 1007 Fundamentals of Psychology***

The student should have completed the General Principles of Psychology in an introductory course and have an appreciation of the different Schools of Psychology
This course is concerned with human development and factors that shape behaviour from birth to old age. Emphasis is placed on the similarities and differences between male and female and the part that society plays in shaping behaviour.
At the end of this course the student should understand the physical, physiological, social and psychological development of an individual from birth onwards.

### *PSYC 2015 – CULTURE AND PSYCHOLOGY*

Situating the study of human behaviour in the context of culture has gained tremendous momentum in the past several decades. This course is designed to explore this movement historically and conceptually. The course will cover cross-cultural research however the focus is not on cross-cultural appreciation nor on the development of a taxonomy of cultural differences. Methodological issues as they pertain to the conduct of research across cultures will be emphasized as will emergent theories important to the study of culture and psychology. The course will include an exploration of how recent advances in understanding the relationship between socio-cultural contexts and human behaviour have offered new insights into long held views of human functioning. The course will also examine how ignoring and misunderstanding the role of culture in human behaviour has lead psychology to participate in the perpetuation of racist ideologies in western societies. In this way the course is intended to help psychology students become critical consumers and producers of psychological research. This course will address culture from a developmental and social psychological perspective, with emphasis on the study of culture in the Caribbean context. The class is highly interactive by design and relies on discussion to facilitate critical thinking about the issues under consideration. Meetings will be divided between lectures, guided discussions and activities.

### *PSYC 2025 – COMMUNICATION PSYCHOLOGY*

***Prerequisites:***
***PSYC 1003 Introduction to Psychology OR***
***PSYC 1004 Introduction to Social Psychology OR***

It will cover professional foundations of counselling including ethics, provide an overview of the counselling process, outline key psychological theories and techniques as they are practiced in a variety of situations, describe the theoretical foundation of the professions, provide a basic overview of the practice of basic communication, interviewing, therapeutic and problem solving skills. The course is recommended for those students planning on entering social science fields where interacting with and helping others in a therapeutic context is required.

### *PSYC 3013 – CONTEMPORARY ISSUES IN SOCIAL PSYCHOLOGY*

***Prerequisites:***
***PSYC 1004 Introduction to Social Psychology or***
***PSYC 1007 Fundamentals of Psychology or***
***PSYC 1003 Introduction to Psychology***

This course builds upon the foundation laid by the introductory social psychology course and focuses on how Social Psychologists address contemporary social issues. Drawing on contemporary theory, and pure and applied research, students will engage in a critical analysis of the crucial person and environment variables that influence behaviour in our Caribbean society. Topics for discussion will include prejudice and discrimination, interpersonal attraction, close relationships, social influence, prosocial behaviour, aggression, and social psychology applied to health.

### *PSYC 3014 – INDUSTRIAL AND ORGANIZATIONAL PSYCHOLOGY*

This course explores the applications of psychological theories and concepts to problems encountered in work environments with special reference to the Caribbean. It will address the research methods and consulting techniques used to study and modify behaviour in organizations. Topics for discussion will include research methods in Industrial and Organisational Psychology, employee recruitment and selection, evaluating employee performance, employee training and development, motivation, job satisfaction, communication, organizational culture and human factors.

### *PSYC 3021- RESEARCH THESIS IN APPLIED PSYCHOLOGY (MAJORS)*

*****N.B. For Psychology Majors only*****

This course is designed to develop an understanding, instil an appreciation, and provide hands on experience in designing and conducting an original piece of research in psychology. Students will gain experience in applying theories and skills attained throughout their undergraduate programme to conduct research. This two-semester research thesis will involve empirical and/or theoretical work using scientific methodology to address problems that emerge out of the condition of the Caribbean experience.

### *PSYC 3024 – APPLIED PSYCHOLOGY RESEARCH METHODS*

***Prerequisites:***
***PSYC 1004 Introduction to Social Psychology OR***
***PSYC1007 Fundamentals of Psychology OR***
***PSYC1003 Introduction to Psychology***

This course is designed to provide psychology students with the knowledge, skills and abilities necessary to conduct successful research studies and to improve the research skills of third year psychology students in the following courses: (PSYC3021 Research Thesis in Applied Psychology (2 semesters) and PSYC3050 Research Project in Applied Psychology (for Minors) (1 semester). The emphasis will be on imparting both conceptual understanding and skills students can apply when designing their third year research studies: developing their research proposals, collecting research

data, analysing research data and presenting research findings. This course will consist of lectures, tutorials and computer laboratory sessions, with each aspect geared at specific skill development.

### *PSYC 3050 – RESEARCH PROJECT IN APPLIED PSYCHOLOGY (MINORS)*

***N.B. For Psychology Minors only***

This course is designed to develop an understanding, instil an appreciation, and provide hands on experience in designing and conducting an original piece of research in psychology. Students will gain experience in applying theories and skills attained throughout their undergraduate programme to conduct research. This one-semester research project will involve empirical and/or theoretical work using scientific methodology to address problems that emerge out of the Caribbean experience.

### *SOCI 1000 – INTRODUCTION TO SOCIOLOGY II*

The main objective of this course is to introduce students to the basic concepts, theories and methods of Sociology. It seeks to provide basic knowledge of the sociological approach to the study of social and economic problems and development, while ensuring that students have a clear understanding of the forms of explanation and methodological procedures used in Sociology for practical "scientific" analysis. It lays the foundation for more advanced sociology courses.
Topics for discussion include: development of sociology, introductory classical and modern theoretical perspectives, research methods in sociology, groups and social interaction, deviance, social inequality, social institutions, development of sociology in the Caribbean, social change and social development.

### *SOCI 1001 INTRODUCTION TO SOCIAL RESEARCH*

This course is designed to introduce students to the various approaches to social and behavioral research ranging from qualitative techniques to quantitative methods and probability sample surveys. In that regard, all phases of the research process are examined during this survey of research methods. Issues examined are: philosophical foundations of research, formulation of research problems and specification of key elements of research (concepts, variables and hypotheses), review of the literature, research designs, data collection, analysis and ethics.

### *SOCI 1002 – INTRODUCTION TO SOCIOLOGY I*

1. Population, migration, population control
2. Family, education, religion
3. Bureaucracy
4. Social stratification and mobility
5. Model of Caribbean society

### *SOCI 1004 – THE LOGIC OF SOCIAL INQUIRY*

This proposed faculty-wide Level I course is intended to lead into departmental offerings in research methods. As such it addressed those general philosophical questions which form a necessary grounding to the understanding of those techniques and procedures which follow.
Topics include:

1. Epistemological issues and theories of knowledge. Their impact on perspectives ranging from positivism to ethno methodology.
2. The notion of understanding under Weberian and other perspectives.
3. Explanation in the social sciences. Types of explanations from genetic to functionalist. How explanation varies from description.
4. Causality and association. Their similarities and differences.
5. Theory, hypothesis and fact. Their interplay. Casual modelling.
6. Social sciences as science or art or both.
7. Values and ideology in the research process (including discussion of feminism).
8. Induction and deduction. Grounded Theory.
9. The distinction between a social problem and what is socially problematic.

### *SOCI 1005 INTRODUCTION TO STATISTICS FOR THE BEHAVIOURAL SCIENCES*

This course is designed to introduce students to basic univariate, bivariate and multivariate statistics. It involves computation and interpretation of each statistic computed. The course covers topics such as: measuring central tendency and dispersion; probability distributions; statistical inference; and correlation-regression analysis. Social and behavioral examples will be employed to enhance understanding and develop the statistical thinking skills of students.

### *SOCI 2000 – CLASSICAL SOCIAL THEORY*

***Prerequisites:***
***SOCI 1000 Introduction to Sociology II***

Classical social theory typically spans the period 1830-1930. It traditionally looks at the work and lives of theorists considered to be the 'Founding Fathers' of Sociology. ### *SOCI 2001 – MODERN SOCIAL THEORY*

***Prerequisite:***
***SOCI 1000 Concept, Theories and Methods of Sociology***

The course introduces students to the work of select contemporary theorists and the context in which their theories were developed. It allows for the examination and critique of select modern sociological theories, assessing their strengths and weaknesses and their application where possible to the understanding of Caribbean societies. It is intended to complement the knowledge gained from the study of classical social theory, thus providing students the opportunity to strengthen their perspectives on the advancement and relevance of sociological theory.
Topics for discussion include: Development of Modern Social Theory, Structural Functionalism, Symbolic Interactionism, Dramaturgic Sociology, Ethno-methodology Phenomenology, Critical theory, Feminist Theory, Post Modernism.

### *SOCI 2006 – QUALITATIVE RESEARCH METHODS*

***Prerequisite:***
***SOCI 1004 Logic of Social Inquiry OR***
***SOCI 1001 Introduction to Social Research OR***
***PSYC1013 Introduction to Research Methods***

1. The course addresses the following
2. The formulation of a research problem - reviewing the literature and other source material.
3. The interplay of theory and method
4. Documentary analysis - historical and case study material
5. Unobtrusive measures - erosion and accretion analysis
6. Participant and non-participant observation

### *SOCI 2007 – SURVEY DESIGN AND ANALYSIS*

***Prerequisite:***
***SOCI 2006 Qualitative Research Methods***

This course introduces students to survey research methodology. It will also expose students to the concepts of problem formation, sampling, instrumentation, ethics, and modes of data collection, processing and analysis.
The course will enable students to gain practical experience in the following areas: Conceptualisation & Operationalisation; Questionnaire Design; Survey Data Collection; The use of SPSS to enter and analyse data; and presenting findings in the context of social research.

### *SOCI 2013 – CARIBBEAN SOCIAL DEVELOPMENT*

***Prerequisites:***
***SOCI 1000 Introduction to Sociology II OR***
***SOCI 1002 Introduction to Sociology I***

This course builds on the content of the prerequisites and introduces the student to the practical world of Caribbean social development. The course provides a critical overview of the perspectives, definitions and indicators of social development as they have evolved from colonialism through the post-colonial Caribbean. The course will expose students to the basic techniques of project identification, design, monitoring and evaluation in the areas of social analysis and environmental impact studies. Actual projects in the wider Caribbean will be utilised. Students will also be exposed to the realities of poverty and development in the Caribbean and become familiar with the various social indicators measuring various aspects of poverty reduction and social development. Examination of community participation, the role of NGO's and questions of empowerment in social development programmes and projects will also be explored.

### *SOCI 2014 – CARIBBEAN KINSHIP*

This course critically examines concepts and theoretical perspectives and biases in Caribbean Kinship studies. It examines variations in Caribbean Kinship ideologies and practices from the historical and contemporary perspectives and analyses, a range of kinship issues, problems and policies.

### *SOCI 2022 – SOCIAL GERONTOLOGY*

***Prerequisites:***
***SOCI 1000 Introduction to Sociology II OR***
***SOCI 1002 Introduction to Sociology I***

This course is intended to expose students to major perspectives in Social Gerontology, and to explore how, and in what ways these may be applied to problems and policies of ageing in the Caribbean.

***SOCI 3017 Criminal Justice***

This course examines the historical changes in the patterns and meanings of violence globally. Special attention is paid to individual, collective and state violence in the Caribbean context. The main theories explaining the causes of violence and current research on attitudes to violence and the use of force to bring about social and political change are reviewed. Strategies of conflict management and prevention and their relationship to development and the transformation of political culture and state institutions that seek to monopolize the legitimate use of violence are discussed.

### *SOCI3000 – SUPERVISED RESEARCH*

*GENERAL*

1. The Supervised Research Project is equivalent to a Faculty course and must therefore reach that standard in terms of content and research effort. It is a one-year six (6) credit course.
2. It is restricted to those majoring in Sociology and who have attained a B+ grade and over in SOCI 2006 Qualitative Research Methods and SOCI 2007 Survey Design and Analysis.

*PROCEDURE*

3. Students must choose a topic for study which is primarily sociological in focus and which should broadly fall within a sphere of research specialisation of one of the Sociology lectures. They must then seek the advice and approval of

the lecturer who is willing to act as supervisor for each study. On occasions when the chosen topic spans more than one subject area or discipline, joint supervision with another university lecturer may be recommended.

4. Students should submit a proposal to and consult regularly with their supervisors. It is students' responsibility to inform his/her supervisor of progress and general difficulties faced, and to seek specific advice on bibliographical material and research methods (preparation of questionnaires, etc.).

*PRESENTATION*

The study should normally be between 5,000 and 8,000 words in length, excluding bibliography.

5. It should contain some originality in material, argument and conclusion and evidence of extensive reading and comprehension of the subject area. The research should also be explanatory rather than descriptive in nature.
6. Each study must have a title page, with the student's
7. Studies should be typed (12 pitch font).
8. Bibliographies must be included.
9. Footnotes to elaborate briefly on points should be kept to a minimum.
10. Citations and References should follow Departmental Guidelines available from the Department Office.

*DEADLINES*

11. Submission of Proposal: 5th Monday of Semester I
12. Submission of final project: 1st Monday in April, of the year

### *SOCI 3004 – TOURISM AND DEVELOPMENT*

This course aims to provide students with a broad sweep of some of the major theoretical and practical dimensions of the world's largest industry, particularly in the pan-Caribbean context, but examples globally will also be analysed. The course will look at the history of the emergence of the leisure industry and modern tourism in the world and in the Caribbean. Examination of the Tourism and Development and its theoretical and methodological underpinnings will be explored. The social, economic and cultural impacts of tourism will be stressed utilising the comparative perspective. Transactional analysis and examination of both tourists and locals will be analysed. Given the critical link between tourism and the environment various issues will be researched and the roles of community tourism, eco- tourism and the necessity of developing sustainable tourism will be a critical focus of the course.

### *SOCI 3007 – RURAL DEVELOPMENT*

***Prerequisites:***
***SOCI 1002 Introduction to Sociology I***

This course is designed to introduce students to the field of Rural Development and its essential role and the various issues which are critical to the survival of millions of people globally and in the Caribbean. The course will explore the key issues and challenges facing rural populations, governments, practitioners and other stakeholders. The course will examine problems at both the micro and global level, particularly with respect to commodity production, international organisations such as the WTO, globalisation, as well as the critical link between agrarian reform and the environment. The course will examine the field from both an historical and comparative perspective exposing students to not only the history and problems of agrarian reform in the Caribbean but in other parts of the world. The linkages between agrarian reform, rebellion and revolution will be examined.

### *SOCI 3009 – INDUSTRIAL SOCIOLOGY I*

***Prerequisites:***
***SOCI 1000 Introduction to Sociology II, OR***
***SOCI 1002 Introduction to Sociology I***

This course on Industrial Sociology focuses primarily on the broad societal context within which the firm operates as countries of the Caribbean seek to adopt and establish industrial processes and practices in their productive activities especially in this era of revolutionary developments in information and telecommunications technology. It will seek to provide students with a clear understanding of the nature of work in the industrial setting and some understanding of the sociological principles that govern industrial society and the industrial workplace. It will therefore focus on the interrelationship of society and industry.

### *SOCI 3012 – SOCIAL PLANNING*

***Prerequisites:***
***SOCI 1000 Introduction to Sociology II OR***

***SOCI 3017 Criminal Justice***

Penology is the study of punishment of persons who have broken the law. This course involves issues related to these offenders, as well as what happens after their punishment. The course involves a series of lectures which examine both historical and contemporary issues within penology. The aim is to provide a detailed knowledge of the use of punishment in modern society. In addition, prison life, the impact of incarceration, and what happens after release are all discussed. Historical and current penal policy is explored. Policy related to areas of imprisonment, punishment in the community, early release and re-entry of prisoners will be analysed.

### *SOCI 3032 – CRIMINOLOGY I*

***Prerequisites:***
***SOCI 1000 Introduction to Sociology II OR***
***SOCI 1002 Introduction to Sociology I***

This course will focus on conceptual and theoretical aspects of Criminology I. In substantive terms it will cover topics such as: What is Criminology I? What is crime? The measurement of crime, crime in the Caribbean, the criminal offender, criminal victimisation, theories of crime with specific reference to biological, psychological, social positivist, inter-actionist, structuralist and combination theories, and will conclude with a focus on the inter-relationships of criminological theories and criminal justice policies.
In addressing the above issues, special focus will be placed on the relationship between main stream Criminology I perspectives and the empirical realities of crime in the Caribbean.

### *SOCI 3033 – DRUGS AND SOCIETY*

***Prerequisites:***
***SOCI 1000 Introduction to Sociology II or***
***SOCI 1002 Introduction to Sociology I***

This course explores drugs as a social problem from a systems perspective, examining how drug abuse permeates every segment of society including the individual, family, community, national, and international levels. Current theories and research relating to drug use will be reviewed and the prevention, intervention and treatment of drug abuse will be explored. The pharmacology or the effects of commonly used drugs on the body and brain will be examined.
The course will also study how drugs present the single most critical challenge to personal and regional security within the Caribbean. Therefore, the relationship between drug abuse and crime will be examined. Social-cultural factors contributing to the use and the abuse of drugs in the Caribbean region will emphasized. There will be discussion of the development and administration of regional and international social policies concerning drug related issues. Agencies and institutions that administer drug policy will be identified. Political, legal, economic, psychological, biological, behavioural and spiritual aspects will be studied, in addition to the main focus of the course, which is the sociological context of drug use. This multi- disciplinary approach will give the student an understanding of the complexity of drug use and abuse in society.

### *SOCI 3035 – CARIBBEAN SOCIAL PROBLEMS*

***Prerequisites:***
***SOCI 1000 Introduction to Sociology II or***
***SOCI 1002 Introduction to Sociology I***

This course will expose students to a sociological analysis of several issues in Caribbean society. In addition to conceptual issues and definitions meaning, and measurement in each area, the course will be concerned with an examination of the extent, nature, causes and consequences of each topic covered.

Topics to be covered include: The study of Social Problems; Consensus Theory; Conflict Theory and Action Theory, Underdevelopment: Conceptual Issues; Under- development in the Caribbean; Development Strategies; Social Inequality: Income Distribution Poverty; The Distribution of Land and Wealth; Housing Conditions; Health Nutrition; Race Racism; Sex Sexism; Population Growth Size; Social Problems of Age Aging; Selected Population Problems; Labour Market Problems; Unemployment Underemployment; Access Welfare in Education; Gangs Social Formations; Family Function; Family Conflict: Divorce, Separation; The Status Condition of Children; Crime Delinquency; Drug Abuse; Mental Health; Politics; Media.

### *SOCI 3036 – CRIMINOLOGY II: POLICE AND SOCIETY*

***Prerequisites:***
***SOCI 3017 Criminal Justice***

The course attempts a hands-on approach to aspects of Criminology I against the background of sociological and psychological theories of crime. This course will examine and critique two of the essential institutions in society intended to treat or deal with crime: law enforcement and corrections. As part of the content of the course, students will also develop complimentary research knowledge on deportees, a trenchant mater in the Caribbean that has numerous security, law enforcement and political considerations.

### *SOCI 3037 – SOCIAL DIMENSIONS OF INEQUALITY AND MARGINALISATION*

***Prerequisites:***
***SOCI 1000 Introduction to Sociology II or***
***SOCI 1002 Introduction to Sociology I***

Social inequality is a complex and multidimensional problem as is evident in both classical and contemporary theories of social stratification. The aim of the course is to explore the primary causes, forms and consequences of social inequality and marginalisation in the Caribbean. The course will allow for the application of stratification theories to past and emerging contentious social issues like male marginalisation, female vulnerability, poverty, crime, human rights, homosexuality and discrimination, ethnic bias, HIV/AIDS, etc. The use of qualitative and quantitative data in examining inequalities and marginalisation will be done with a view to enhancing research skills.
Topics for discussion include: systems of stratification - open vs. closed systems of stratification (caste, estate & class systems), classical & modern explanations of social inequality, sex, gender & sexual inequality, religious, racial & ethnic inequalities, social mobility & human rights, unequal treatment of marginalised & vulnerable sub-populations, policy implications of inequality, methods used to reduce inequality.

### *SOWK 1000 – HUMAN BEHAVIOR*

This course seeks to build a knowledge base about human behaviour and growth which is necessary for Social Work practice. An ecological and systems framework (Systems Impact Model), together with a developmental approach to the major sociological and psychological theories, are used to provide an understanding of the interaction between a person and the social systems in which individuals live (families, groups, organizations, institutions and communities).
The course addresses the interrelatedness of biological, social cultural, environmental, and psychological factors in human behaviour. Inequality, discrimination, and differential access to opportunities experienced by vulnerable groups, such as the elderly, the disabled, gays and lesbians are also examined. The content on race, gender, age, class, and sexual orientation addresses the impact which these conditions have on individual functioning at each developmental stage of the lifespan. Issues will be discussed within the Caribbean context. Human Behaviour will also be scrutinized from a participation and integration perspective.

### *SOWK 1001 – INTRODUCTION TO SOCIAL WORK*

This course will provide an introduction to the history, mission, and philosophy of social work and its development as a profession in the Caribbean. It will introduce the student to social work values, ethics, theories, knowledge base functions and skills, and examine the relevance of social work to the social, economic, and political changes in a society. In addition, the contribution of social, work in meeting needs of individuals, groups, and communities through delivery of social programs will be explored.
The student will be introduced to the history and current patterns of social welfare program development, and the range of services that comprise social work and social welfare service delivery in Barbados and the Region. Students will be able to observe the operations of various social service agencies through organised field visits. The course will also be valuable for

any student who wishes to gain knowledge about the purpose of social work and its development as a profession in the Caribbean.

### *SOWK 1002 – INDIVIDUALS AND FAMILIES*

***Prerequisites:***
***SOWK 1000 – Human Behaviour and***
***SOWK 1001 – Introduction to Social Work***

The course introduces social work students to direct practice with individuals and families as client systems. It is particularly concerned with extending the students' understanding of the social work process as well as their ability to make a complete psychosocial assessment upon which a feasible plan of intervention can be based and by which the outcome of case intervention can be evaluated. The focus will be on understanding the individual within the context of the family, societal alliances, and the broader societal setting. The West Indian family as a societal system will be discussed.
Course content will include methods of intervention that can be used to enable individuals to develop and function effectively in the family and society. Issues relating to the worker-client relationship and to values and ethical questions affecting interpersonal relationships will be examined. Students will also be introduced to the major theoretical frameworks relevant to casework intervention with individuals and families. The organizational context and the social service network within which social casework is practiced in Barbados and the Region will be discussed.

### *SOWK 2000 – SOCIAL WORK THEORY AND PRACTICE WITH GROUPS*

***Prerequisites:***
***SOWK 1002 – Individuals and Families***

The purpose of this course is to provide Social Work students with the theory and practice of social group work. The course will address the initiation, facilitation and leadership of both task groups (social, recreation, education, skill, problem-solving and decision-making, self-help, socialization) and treatment groups from an ecosystems perspective. The focus of the course is to develop group leaders who understand group dynamics and effective leadership skills. The historical and theoretical foundations and the development of skills in group social work will be discussed and practiced. The course will emphasize issues that have application to a wide range of social work clients and situations in the Caribbean region.

### *SOWK 2007 - DISABILITY STUDIES*

***Prerequisites:***
***SOWK 1001 – Introduction to Social Work***
***SOWK 1000 – Human Behaviour***

The purpose of this course is to provide an introduction to Disability Studies for students who wish to examine disability using theoretical frames and to understand policy development in the area.
It identifies the ways in which differently able persons are marginalized and restricted, and experience discrimination within an unadaptive society. Through descriptions of the current status of persons with disabilities in the Caribbean context, it examines the interaction of persons with disabilities within the existing, political, social, cultural and legal systems. The historical struggles for rights and services by persons with disabilities are highlighted. Policy needs for future development are outlined.
The course is designed for students to gain new and deeper understanding of the prolonged oppression of the disability community and to empower them to consider creative ways to initiate social change.

### *SOWK 2010 – INTERPERSONAL RELATIONS AND SKILLS LABORATORY*

This course addresses the knowledge, intra and outer-personal skills, attitudes, values and behaviours social work students need in order to establish effective relationships and interventions in their field practicum and in their professional careers. The course design is an interactive approach which encourages social work students' "use of self" in their practice with persons in multiple systems. Building the foundation of students' self-development and self-reflective practice is a key component of the course.
Designed on a laboratory model, the course offers a supportive environment for identifying, developing and practising key social work values and skills, an approach recognised as effective in the preparation of students for placement in social work agencies. Learning objectives will be individualised for each student, based on their identified strengths and limitations and on core social work competencies and skills. Student collaboration and involvement in the planning of their

professional skill development will be required in addition to meeting the course objectives. Direct observation by the lecturer as well as verbal and written feedback will be part of the student evaluation.
The rationale for the course is the need for high levels of self-awareness, empathy, tolerance, effective interpersonal communication, and ethical principles to deal with the increasingly complex and challenging professional and social environments. The course will attempt to more effectively prepare social work students by strengthening their academic and emotional attributes to face these challenges.

***SOWK 3000 – SUPERVISED RESEARCH (Social Work)***

*GENERAL*

1. The Supervised Research Project is equivalent to a Faculty course and must therefore reach that standard in terms of content and research effort.
2. It is restricted to those majoring in Social Work (SOWK 3000)

*PROCEDURE*

3. Students must choose a topic for study which is primarily social work in focus and which should broadly fall within a sphere of research specialisation of one of the social work lectures. They must then seek the advice and approval of the lecturer who is willing to act as supervisor for the study. On occasions when the chosen topic spans more than one subject area or discipline, joint supervision with another joint supervision with another university lecturer may be recommended.
4. Students should submit a proposal to and consult regularly with their supervisors. It is students' responsibility to inform his/her supervisor of progress and general difficulties faced, and to seek specific advice on bibliographical material and research methods (preparation of questionnaires, etc.).

*PRESENTATION*

The study should normally be between 5,000 and 8,000 words in length, excluding bibliography.

5. It should contain some originality in material, argument and conclusion and evidence of extensive reading and comprehension of the subject area. The research should also be explanatory rather than descriptive in nature.
6. Each study must have a title page, with the student's
7. Studies should be typed (12 pitch font).
8. Bibliographies must be included.
9. Footnotes to elaborate briefly on points should be kept to a minimum.
10. Citations and References should follow Departmental Guidelines available from the Department Office.

*DEADLINES*

11. Submission of Proposal: 5th Mondays, Semester I
12. Submission of final project: 1st Monday in April, of the year.

***SOWK 3004 – FIELD INSTRUCTION 1***
***Prerequisite:***
***Must have completed Levels 1 and 2***

Field Instruction I provides students with opportunities for development of social work practice through direct work in social service agencies. The central focus of this field practice is on the application of social work skills within micro and mezzo client systems. Field Instruction I is the educational component where knowledge, values, and skills learned in the classroom are tested, reinforced and integrated in a disciplined manner. As students undertake learning tasks within the reality of agency life, a vital link is established whereby constructive use of theory, acquired through course work, can be applied. Values and attitudes are examined and skills are developed and refined.
Students are placed in social work and related agencies for eight (8) hours each day, four (4) days per week, for thirteen (13) weeks, totalling 416 hours. Field instructors/agency supervisors and students are guided in practice by the social work programme's field instruction coordinator. The use of a field instruction manual assures standardisation, continuity, and accountability for learning tasks, and their completion and evaluation, within the first semester field experience. Field Instruction I is held concurrently with Field Instruction Integrative Seminar I: SOWK 3006, a seminar designed to enhance and strengthen the field experience.

### *SOWK 3005 – FIELD INSTRUCTION II*

***Prerequisite***
***SOWK 3004 Field Instruction I***

Field Instruction II provides students with opportunities for development of social work practice through direct work in social service agencies. The central focus of this field practice is on the application of social work skills within macro client systems in addition to the micro and mezzo client systems. ### S*OWK 3006 – FIELD INSTRUCTION INTEGRATIVE SEMINAR I*

***Prerequisites – Completion of Level 1 and 2***

Field Work Seminar I is held concurrently with SOWK 3004 - Field Instruction I and is an adjunct to the field instruction experience. This three (3) credit hour seminar prepares students for work in a social service setting and provides opportunities for students to integrate social work knowledge and theory with practice experiences from community agencies. Students engage in active discussion of the application of theory and practice to professional values, standards, and ethics based on aspects of the field instruction experience with clients systems.
The focus of Seminar I is on building student competence and skills with client systems at the micro and macro levels. Further development and practice of interventions, kills and techniques are encouraged through individual and group participation in the classroom. The importance of professional "use of self" in understanding personal attitudes, biases and stereotypes will be emphasized, along with a strong professional work ethic.

***Prerequisites:***
***SOWK 2000 Social Work Theory and Practice with Groups***

The course introduces students to evolving theoretical approaches in generalist social work practice with communities and organizations as macro systems. It provides an understanding of communities and organizations as clients, and the concept of planned change at the organizational and community levels. Emphasis will be placed on the processes in organizations, particularly formal/bureaucratic and social service organizations in Barbados and the Region; the management of organizational and community change; leadership; and; and the strategies, methods and tactics used in assessment, planning and intervention in macro practice. The importance of advocacy, lobbying, and the building of

alliances, networks, and coalitions within local organizations and communities will also be discussed. Students will be involved in group projects in local communities as a way of integrating theory and practice

### *SOWK 3031 – BIO-PSYCHOSOCIAL CHALLENGES OF HIV/AIDS IN THE CARIBBEAN*

The aim of the course is to provide students with a knowledge base of the bio-psychosocial impact of HIV/AIDS on the individual and the inter-relatedness of these issues to the family, work environment and communities. Issues related to gender, human sexuality, behaviour change, ethical and legal considerations, the care and management of people living with HIV/AIDS and the delivery of services to this population will be examined. The impact of primary, secondary and tertiary prevention and intervention efforts to reduce the spread of the disease, and barriers limiting these interventions will also be explored.

### *SOWK 3032 SUBSTANCE ABUSE MANAGEMENT IN CARIBBEAN SOCIETY*

***Prerequisites:***
***SOWK 1002 - Individuals and Families OR***
***PSYC 2001 - Counselling I***

This course provides a foundation for understanding substance abuse management and treatment in Barbados and the region. Students will examine the etiology of substance abuse, treatment approaches and policies and programmes pertaining to the prevention and treatment of substance abuse. The course will be delivered in a seminar format and will include guest lecturers involved in the delivery of substance abuse services from a variety of settings. The use of readings, lectures, videos, case studies, field visits, and practice exercises will contribute to a variety of learning experiences. Special attention will be given to substance abuse in relation to HIV/AIDS and other health concerns, clients with dual diagnosis, adolescents, and ethical considerations. The effects of substance abuse on families, communities and social systems will be examined utilizing a systems approach.

### *SOWK 3034 – CHILDREN & FAMILY SERVICES*

This course will provide students with an understanding of the family as a system and its primary role in nurturing and socializing its members. From the perspective of the UN Convention on the Rights of the Child, the course will also examine family and institutional patterns in the care, control, and protection of children in Barbados and the Caribbean.
Forms of child maltreatment, types of substitute and supplemental care and social services available to children and their families in the Caribbean (with special reference to Barbados) will be examined.

### *SOWK 4005 – CRISIS INTERVENTION*

***Prerequisites:***
