M.Ed. in Inclusive Practices for Special Needs

[EDRS 6910: MEd Research Project](#)

Students will conduct their research projects in an area identified as a priority research area in their specialisation stream. Students may conduct their research in their home territory provided that adequate supervision arrangements can be made. The Research Project **should not exceed 15,000** words (not including References and Appendices).

Two copies of the completed Research Project must be submitted to the School of Education by **July 31st** of your final semester. The final version of the Research Project should be completed at least one full week before the deadline to allow for last minute delays in printing, and other potential problems.

A sample of recent EDRS 6910 ***Inclusive Practices for Special Needs*** research project titles includes:

- *Motivations for Involvement: A Preliminary Investigation of Parents of Children with Special Needs in Barbados*
- *An Examination of the Perspectives of Primary School Teachers in Belize Regarding Inclusive Education*
