

THE DROPSOR

FOR CURRENT UNDERGRADUATES

We're Back!

We welcome you back to Campus! We are delighted to see your smiling faces and renewed energies as we resume in full face-to-face mode following the two-year disruption of the COVID-19 pandemic. To our new students, we extend a special welcome to the UWI family - we are honoured to have you start your academic journey with us! As we look forward to an exciting year ahead, we urge all of you to remain culturally intrigued, creatively inspired and artistically engaged! Have a successful semester!

Here are some essential reminders to help ensure a smooth start to the semester.

Registration Wrap up

As we approach the end of the registration add/drop period, it is important that you review your courses for accuracy. ALL courses that you expect to be assessed in, MUST appear on your registration - any others should be removed. Please note that after the add/drop deadline, you will be unable to make further changes to your registration. If you encounter challenges with registering, please do not hesitate to contact the Faculty Office for assistance.

Are you planning to graduate this academic year?

Final year students, we strongly encourage you to double-check all your courses in conjunction with the Faculty Undergraduate Handbook to verify that you are on track to fulfilling your degree requirements as outlined. Verify that exemptions granted are indicated on your record to avoid any delay in finalising your graduation. Remember, if you are missing any course(s) as outlined in your programme requirements, this will prevent you from graduating.

Faculty Handbook

The 2022/2023 Undergraduate Handbook is available online in the CHOL Document Library and the Faculty Student Resources pages. The Handbook is your guide to successfully completing your degree. Be sure to bookmark or download a copy and use as your main reference for any matters concerning your degree regulations and requirements.
